## Commercial recycling

Last Modified January 02, 2020

[Share this page](#)

### Sort and Save

We are committed to diverting as much waste from landfill as possible and we know that waste from the commercial sector could contribute significantly to this diversion.

Paper and cardboard recycling collections are available to all of our **existing trade waste customers**.

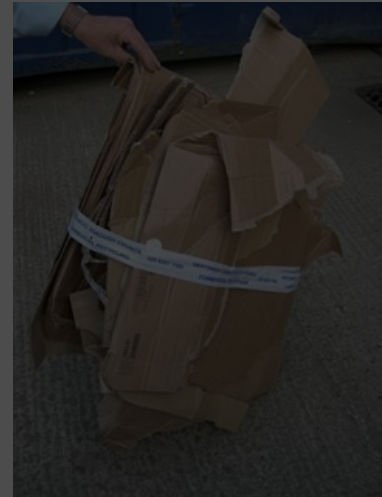

The collections and paper boxes are free of charge, the only cost is for tape to secure your cardboard (£3 a roll, minimum order 10 rolls). You will receive two free rolls when you first join the recycling scheme.

Please note: we do not currently offer recycling for glass, plastic or food.

### Reduce your collections, reduce your costs

By recycling your cardboard and paper its possible that you could reduce the number of collections of general waste that you require or the number of bins you need. This in turn will reduce your costs, saving you money!

If you are interested and would like to know more please fill in our [recycling request form](#) and we will contact you. Please note: **only existing trade customers qualify for the recycling service**. If you would like to know more about [commercial collections](#) and becoming a customer please contact us.
