Street Trading Licensing

Last Modified May 14, 2019

[Share this page](#)

Street trading is selling, or offering for sale, any article in the street. This includes food, such as burgers, kebabs, doughnuts etc. or other things such as household items.

In Hertsmere there are a number of streets where trading is not permitted.

You can find out where on our [list of prohibited streets](#).

In other streets we currently permit trading, providing parking restrictions allow it. However, food traders must also be registered with us.
