Section 12: Licence conditions*(this section should be left blank on new licence applications)*

Given the range of species covered by the dangerous wild animals licensing legislation, it would not be appropriate to impose standard conditions applicable to every species. Licence conditions will therefore be imposed on a case-by-case basis and as advised by a veterinary surgeon.

Do you wish to vary any of the conditions imposed on your current licence?

Yes No

If yes, please details of the applicable condition(s), and justification for varying them:

Please note: The Council may, at its discretion, vary or substitute any licence condition, or impose any other condition it considers necessary to achieve the aims set out in the Act. In such cases, the applicant will be advised of any proposed conditions prior to the grant of any licence.

--

Guidance notes for applicants Under the Dangerous Wild Animals Act 1976.

Persons who wish to keep dangerous wild animals must be licensed by the applicable local council. A list of the species designated in legislation as dangerous wild animals can be found at <http://www.legislation.gov.uk/uksi/2007/2465/schedules/made>.

The Act provides exemptions for animals being kept at zoos (which may require licences under the Zoo Licensing Act 1981), circuses, licensed pet shops, and places specified in section 2C licences under the Animals (Scientific Procedures) Act 1986. Such premises will not require licences under this legislation.

1. Dangerous wild animal licences are issued for duration of 2 years. Licences may be cancelled before the expiry date if the holder is convicted of an offence under this Act, or other associated animal welfare legislation.

2. Please state the maximum number of animals of every species to be kept. Where hybrid animals which are covered by the Act are to be kept, please ensure that these are listed in separate rows to any purebred animals. For every species, please give a brief summary of the type of accommodation they will be kept in. You will be asked to give further details about all types of accommodation later in the application form.

3. Should you need additional space to complete your response to these questions, please continue on a blank page, indicating clearly which question you are responding to. We may also accept copies of documents (e.g. operational manuals) in place of individual responses to these questions, providing that they cover all required matters.

4. Animals may only be transported to premises in other areas for prolonged periods with the express consent of the Council. Hertsmere Borough Council has a legal duty to consult with

the applicable council for the area it is proposed to take animals to, and so will require the full address of the premises in order to correctly identify the appropriate local authority.

5. The licensing authority requires an appropriate level of public liability insurance is held by every person who keeps dangerous wild animals, to secure against liability for damages to property or persons which could be caused by the animals. Coverage requirements will vary dependent upon the species of animals kept, the number of animals, and other circumstances. We strongly recommend discussing coverage needs with an insurance broker specialising in dangerous wild animal cover prior to taking out a policy.

6. The Act requires that all licenses are issued for two years from the date it is granted.

Veterinary inspections.

The law requires that every dangerous wild animal licence application include an inspection by an independent veterinary surgeon or practitioner prior to the grant of a licence, and prior to the renewal of licences. A suitably qualified vet shall be appointed by the Council and asked to carry out a full inspection of the premises, the date and time of which will be agreed with the applicant. An additional fee representing the cost of the veterinary inspection will be payable by the applicant, in addition to the licence fee – ***this fee remains payable even if a licence is subsequently refused.*** The fee will depend on the duration of the inspection, and as such the precise amount can only be confirmed following the inspection. A copy of the veterinarian's inspection report will be provided to the applicant(s) following the inspection.

Scale plan requirements

If you are applying for a new licence, or have made significant changes to the layout of the premises since your last licence was granted, we will require you to provide a scale plan, which clearly shows the (internal) layout of your premises.

Plans may be drawn to any appropriate scale (please indicate what scale you have used). There is no requirement to have plans professionally drawn – we will accept any reasonable plan, which shows all areas of your premises which will be used in the course of the boarding business, including animal accommodation, food preparation areas, isolation facilities and exercise areas, and which includes, as a minimum:

- All internal and external walls or fences, and the boundary of your premises
- Access and egress points to and from the premises
- Location of emergency escape routes from the premises (if different to above)
- Areas used for accommodating animals (including any permanent enclosures, structures or pens)
- Areas used for exercising animals (including any permanent enclosures, structures or pens)
- Areas used for storage/preparation of food for animals
- Location of fire detection/safety equipment
- Location of any medical equipment/isolation facility
- Location of any heating/ventilation sources

If you have previously submitted a scale plan of your premises (i.e. if you are applying to renew an existing licence), and no changes have been made to the layout or structure of the premises since your licence was granted, it is not necessary to submit a further plan with this application.
