

## 360litre Brown Bin Application

Large families may apply for a bigger (360 litre) brown wheeled bin to replace the standard 240 litre bin for recycling. A large family is defined as five or more permanent residents in a household.

Proof of residency, i.e. utility bill, for all adults residing at the below address *must* be provided and dated within the last six months. Copies of birth certificates for persons living in the household aged 0-17 must also be supplied. Details will be recorded and kept on file. **Please be advised that copies will be destroyed and cannot be returned.**

With the exception of some properties that are unable to take part in our recycling scheme, each house should have one black bin, one green bin and one brown bin. If you do not have all of the necessary containers, please contact Customer Services on 020 8207 7480.

If your application is successful a 360ltr brown bin will be delivered and your existing 240ltr brown bin will be removed. If your application is unsuccessful you will be notified in writing with reasons to support this.

Applications are subject to continuous monitoring and your bin may be removed if it is found that you are not making full use of your recycling containers.

If you would like to apply for a larger black bin please wait at least two months after receiving your larger brown bin before contacting customer services for a 360ltr black bin application form.

Any additional bins presented will not be emptied and will be removed.

Should your circumstances change at any time, i.e. somebody moves out or you move address, we ask that you notify us to ensure our records are kept up to date. **Please note: if you move house within the borough you are responsible for taking your larger bin(s) with you to your new property and returning the standard size bin(s) to your previous property.**
