1.0 Introduction

The role of this document

- 1.1 This Statement of Representations contains details of the representations received following publication of the Hertsmere Core Strategy Development Plan Document (DPD) in November 2011 for submission to the Secretary of State. The purpose of this document is to set out:
 - How many representations were made on the Core Strategy DPD in accordance with Regulation 28(2)¹; and
 - A summary of the main issues raised in those representations.
- 1.2 This document should be read in conjunction with the separate Statement of Consultation, which is being published in accordance with Regulation 30 (1) (d) of the 2008 regulations and which provides details of the extensive consultation carried out prior to publication of the Core Strategy DPD. This includes details of who was consulted, how they were consulted, a summary of the main issues raised and how those issues have been addressed.

The need for this document

- 1.3 The Planning and Compulsory Purchase Act 2004 introduced major changes to the planning system. The Hertsmere Local Plan, adopted in 2003, is being replaced with a suite of documents which will make up a Local Development Framework (LDF). The new legislation introduced new requirements to ensure that effective public and stakeholder consultation was undertaken. Hertsmere Borough Council's Statement of Community Involvement, adopted in September 2006, set out how the Council intends to undertake public consultation and participation in the preparation of the various documents that will comprise its LDF.
- Hertsmere Borough Council is required to produce a Statement of Consultation and this Statement of Representations under Regulations 30 (d) and 30 (e) respectively to accompany the submission of the Revised Core Strategy DPD to the Secretary of State. This Statement of Representation and Statement of Consultation should also be read in accordance with the Statements published in March 2009.
- 1.5 It is intended that the Statement of Consultation will assist the Inspector, appointed by the Secretary of State, to carry out the Core Strategy examination in determining whether the DPD complies with the minimum requirements for involvement and government guidance. It is hoped that this document (the Statement of Representations) will enable the Inspector to be aware of the key issues raised by stakeholders and the public at an early stage in the examination process.

¹ Regulation 28(2) of the Town and Country Planning (Local Development) (England) (Amendment) Regulations 2008

2.0 Publication of the submission Revised Core Strategy

- 2.1 Prior to the publication of the Core Strategy for submission to the Secretary of State, Hertsmere Borough Council had already undertaken extensive public participation and consultation during the preparation of the Core Strategy. This involved four separate consultation exercises (Issues Scoping, Issues and Options³, Preferred Options⁴ and Revised Consultation Draft⁵), the details of which are set out in two separate Regulation 30 (e) Statements of Consultation dated March 2009 and January 2012.
- 2.2 The publication of the Revised Core Strategy in November 2011 provided an opportunity for representations to be made prior to submission of the Revised DPD. This did not constitute a conventional period of 'public consultation' but it was emphasised at the time that representations received would be taken into account at the Revised Core Strategy examination, rather than resulting in any further significant changes to the DPD.
- 2.3 The Revised Core Strategy DPD was approved at a meeting of the full Council on 16th November 2011. It was formally published on 28th November 2011 with representations invited over a six week period closing on 9th January 2012.
- 2.4 The document together with a statement of consultation and representations, and a statement of matters and fact notice (Appendix A) were made available for public inspection at the Council's main offices and libraries during their normal office hours, and on the Council's website from 28 November 2011. The same notices were issued in local newspapers the week that the six week period began, depending on their date of publication (Appendix B).
- 2.5 A total of 1,200 notifications of the deposit period were sent via email (where possible) and post. A response form was compiled to aid and direct stakeholders comments towards the purpose of the 6 week period for representations (see Appendix C). The Revised Core Strategy and associated statement of representations were sent to the list of specific consultees included in the Council's SCI. A notification letter and associated statement of representations and the statement of the fact that the documents are available for inspection, were sent to the list of general consultees identified in the SCI. A list of specific, general and all other consultees can be found in Appendix D.
- 2.6 A limited number of minor changes have been proposed (a) in the light of typographical errors and (b) a small number of representations seeking minor changes which can be made without the need for further public

³ Hertsmere Local Development Framework, Issues and Options (February 2006)

Core Strategy Preferred Options (November 2007)
 Revised Core Strategy Consultation Draft (December 2010)

- consultation and sustainability appraisal. These are set out in a separate schedule of minor changes.
- 2.7 55 different respondents made a total of 188 representations, of which 28 consultees used the response form. One representation was received after the deadline on 10 January 2012, and two separate plan related updates were received after the deadline on 10 and 25 January 2012. A summary of the representations can be found in Appendix E.
- Prior to the Local Democracy, Economic Development and Construction 2.8 Act 2009, there was a requirement for Local Planning Authorities to seek an opinion from the regional planning body on the general conformity of the DPD with the RSS. In the absence of a regional planning body and the 2009 Act, schedule 5 (15) (3) removed the requirement and this has subsequently been confirmed to the Council by the Department for Communities and Local Government. Although an opinion has not been received at this stage, the Council did previously take steps to contact a range of organisations, namely the East of England Development Agency (EEDA) and the East of England Local Government Association (EELGA), Government Office for the East of England (GO-East) and the East of England Regional Assembly (EERA); there was no response from the first two organisations and the latter two were returned in the post. However, the Government Office and EEDA were actively involved earlier in the Core Strategy process.

3.0 Summary of the main issues raised in the representations

3.1 The key issues raised by representations submitted are set out below, including general comments applicable to the whole document and suggestions for policies which are not currently included within the Revised Core Strategy DPD.

3.2 Housing:

- The evidence base upon which the housing policies are founded is not thought to be sufficiently comprehensive, robust or up-to-date. There are concerns regarding the SHLAA and the assumptions on general conformity with the East of England Plan.
- The housing target would not meet identified need on the basis of population growth, forecasts and the East of England population trajectory.
- The 15 year housing target of 3,550 additional dwellings is considered to be inconsistent with the East of England Plan 20 year housing target of 250 dwellings per year up to 2021 (total 5,000 additional dwellings).
- It is not thought that Affordable Housing contributions should be sought from extra care housing (Use Class C2), where there is little justification for this approach compared to other residential use classes.
- The Elstree Way Corridor in Borehamwood is supported as a mechanism for the delivery of new housing in the Borough.
- It is not considered that Potters Bar would be able to support a significant level of housing, given the capacity of infrastructure.

3.3 Green Belt:

- There should be a review of the Green Belt boundary, as part of the Core Strategy. The aims of such a review would be to allow for new development to be accommodated outside of existing urban areas.
- It was considered that development should be distributed more evenly across the Borough, including its Green Belt areas, rather than being focused on specific towns.
- The Strategic Gap between Bushey and Watford is not considered to be a valid policy designation according to some land owners within that area. It is thought that the Strategic Gap would play a similar role to the Green Belt.

3.4 Gypsies and Travellers:

 The methodology underpinning the target for Gypsy and Traveller pitch provision is not clear, and considered to be inconsistent with the East of England Plan. It was thought that the proposed level was an under provision of the target in the RSS.

 It was thought that some of the criteria set out in Policy CS6 on identifying suitable sites for gypsy and traveller pitches are onerous.

3.5 Employment:

- The area of land between the A1 and Rowley Lane would be suitable for accommodating new employment land in the future.
- The proposed safeguarded employment land should also include the London-Elstree Holiday Inn which should be taken out of the Green Belt. It was noted that the Holiday Inn site is established and would comfortably sit within the urban boundary out of the Green Belt.
- The identification of safeguarded employment land in the Green Belt has not been sufficiently justified in the supporting text or the evidence base.

3.6 Retail/Tourism/Leisure:

- There should be greater recognition that there may be appropriate locations outside of the existing Employment Areas or urban areas for employment generating development.
- A need for a specific tourism policy in the Core Strategy, regardless of a site's location in the Green Belt.
- The evidence base is not sufficient in planning for the need of leisure and community facilities in the Core Strategy. It is thought that there should be a Community Needs or Social Infrastructure Assessment.
- Policy CS14 may encourage inappropriate recreational development in the Green Belt, by promoting access to open spaces and the countryside.

3.7 Infrastructure:

- There is a lack of reference to the recently identified need for additional primary school capacity in Borehamwood, particularly in view of the proposed housing growth for the town.
- There is a concern that sewerage capacity has not been addressed in the evidence base of the Core Strategy.
- The Council should produce an Infrastructure Delivery Plan to form part of the evidence base of the Core Strategy.
- A specific policy to accommodate new cemeteries should be included as a key community facility.

3.8 Environment:

- It is not considered that the Open Space study methodology is in conformity with PPG17, particularly in relation to it being a 'robust assessment and audits of local need'.
- No reference has been made to Hertsmere and Hertfordshire Green Infrastructure plans, which were both finalised in 2011. It was thought that green infrastructure and its benefits, together with the plans, should be more explicitly referenced in the supporting text and policies.
- The approach to the historic environment is generally supported, with a selection of suggested minor edits to ensure conformity with the approach of national policy.
- The approach towards the protection of ecological sites is also largely supported, with some amendments to wording in the supporting text and referencing to regional and national documentation.

4. Statement of common ground

- 4.1 Following the Regulation 27 consultation, the Council is currently seeking to reach a degree of common ground between many of the consultees, where possible, on the comments raised. After the key issues were identified, the Council engaged in a review process of various sections, paragraphs and policies in light of some of the concerns raised. Representors were contacted with the intention of integrating their comments and making minor amendments to the document where possible. These organisations include:
 - Three Rivers District Council
 - Traveller Law reform project and Friends, Families and Travellers
 - National Federation of Gypsy Liaison
 - David Lander
 - CPRE
 - McCarthy and Stone
 - Willows Farm
 - Jupiter Hotels
 - Highways Agency
 - London Travelwatch
 - Sport England
 - PGA Design
 - Herts Gardens Trust
 - Herts and Middlesex Wildlife Trust
 - Natural England
 - Forestry Commission
 - English Heritage
 - Hertfordshire County Council
- 4.2 All of these stakeholders were contacted on whether they agreed with the Council's minor changes. At the time of writing, four Statements of Common Ground were agreed to and signed, with:
 - Three Rivers District Council;
 - · Herfordshire Gardens Trust;
 - Natural England; and

- The Forestry Commission.
- 4.3 It is also considered that some minor modifications can be made to address some of the concerns made by representors, who did not respond, but where common ground was sought. These changes are also set out in the Schedule of Minor Modifications. These agreed changes are all considered to be minor in nature and none require either a further sustainability appraisal or a Regulation 27 consultation.
- 4.4 The Council is intending to agree further Statements of Common Ground within the following three weeks until the end of February. Copies of existing statements are included as part of the submission material, and published on the Council's Website. Any further statements will sent to the Inspector, Programme Officer and uploaded to the website.

5. Statement of Collaboration

Throughout the production of the Core Strategy, and wherever possible, the Council has worked collaboratively with the County Council, neighbouring authorities (both in Hertfordshire and London), and key stakeholders. The Council has well established arrangements for joint working, consultation and discussions. These are set out below.

Meetings and discussions

- The Council holds regular meetings and discussions with adjoining authorities. For example through the production of the Core Strategy, the Council has met with Watford, St Albans, Welwyn Hatfield, and Hertfordshire County Council, and had discussions with Three Rivers, Dacorum and London Borough of Enfield. Within these discussions, the Council has discussed cross boundary issues, and approaches to particular problems, such as infrastructure capacity. In addition, the Council has met with key delivery agencies such as the Highways Agency and Environment Agency to agree on issues relating to the delivery and implementation of the Core Strategy. The Council is also currently working with Thames Water and Sports England to this effect.
- 5.3 Hertsmere sits on a number of Countywide and Sub Regional groups such as the Hertfordshire Planning Group (HPG), HPG Development Plans committee (which Hertsmere currently chairs) and HPG Landscape. These groups consider key and emerging spatial planning other work, seeking joint working and agreement within the County where possible. The implications of the Localism Act, Infrastructure requirements, Gypsy and Traveller Accommodation, CIL, SUDs, County Monitoring, have all been considered, with joint working progressed on issues such as Strategic and Green Infrastructure and CIL viability.

Production of joint evidence base

- 5.4 The Council has worked with a number of neighbouring authorities in the production of evidence which underpins the Core Strategy. Joint working, particularly with authorities in the South Hertfordshire on the production of the evidence has allowed the sharing of ideas, best practice and where possible cooperation on ideas and policies. The shared evidence base includes:
 - The London Commuter Belt Strategic Housing Market Assessment which was produced in cooperation with Hertfordshire County Council, Dacorum Borough Council, Hertsmere Borough Council, St Albans District Council, Three Rivers District Council, Watford Borough Council and Welwyn Hatfield Borough Council. The Assessment considers housing need within the South West Hertfordshire Housing Market.

- The Gypsy Accommodation Needs Study and the Accommodation needs of Gypsies and Travellers in South and West Hertfordshire. This joint working project was initially commissioned by Hertsmere, with Hertfordshire County Council, Dacorum Borough Council, St Albans City and District Council, Three Rivers District Council and Watford Borough Council. The study considers need and possible location sites in South West Hertfordshire.
- The Central Hertfordshire Employment Land Review was a joint project between Hertsmere, St Albans, and Welwyn Hatfield, who commissioned consultants to consider employment need in the sub region. This study was followed by the Hertfordshire London Arc Jobs Growth and Employment Land, this project included Broxbourne, Dacorum, Hertsmere, St. Albans, Three Rivers, Watford and Welwyn Hatfield Councils, and considered employment need within South West Hertfordshire
- Hertsmere jointly commissioned consultants to produce a Development Economics Study, with St Albans and Welwyn Hatfield. This study considered the viability of housing development in each of the Boroughs.
- Broxbourne Borough Council; Dacorum Borough Council; East Herts
 District Council; Hertsmere Borough Council; North Herts District
 Council; St Albans District Council; Three Rivers Borough Council;
 Watford Borough Council; Welwyn Hatfield Borough Council; and
 Hertfordshire County Council have collaborated on the production of a
 Hertfordshire Renewable and Low Carbon Energy Technical Study for
 the County.
- The Hertfordshire Local Authorities comprising the ten District Councils and the County Council commissioned Atkins, Roger Tym and Partners and URS to carry out an assessment of Hertfordshire's future infrastructure requirements and the identification of funding mechanisms necessary to secure its provision, in order to support the future growth in homes and jobs in Hertfordshire in the period to 2021, with consideration also given to the period to 2031.
- The Council has also commissioned consultants on behalf of nine out of the ten Hertfordshire authorities to consider CIL viability and charging schedules.

Statement of Community Involvement

- 5.5 The Hertsmere Borough Council Statement of Community Involvement (SCI) September 2006 sets out the procedures that the Council will take when producing planning documents.
- Within the SCI, the Council have set out that it will consult, specifically with key stakeholders, infrastructure delivery agents, government departments, all local authorities in Hertfordshire and the County Council, adjoining London Boroughs, and parish councils. As demonstrated in this statement of representation and within the statement of consultation, the Council have consulted with these organisations in the production of the Core Strategy, many of whom have helped to shape the submission Core Strategy.

Appendix A

Statement of Matters and Fact Notice November 2011

HERTSMERE BOROUGH COUNCIL LOCAL DEVELOPMENT FRAMEWORK CORE STRATEGY DEVELOPMENT PLAN DOCUMENT (DPD)

Statement of the Representations Procedure

This is a Statement of the Representations Procedure in accordance with Regulation 27 of the Town and Country Planning (Local Development) (England) (Amendment) Regulations 2008. The title of the document which the Council proposes to submit to the Secretary of State is the Herismere Revised Core Strategy (for Submission to the Secretary of State) November 2011.

The Core Strategy sets out the key elements of the planning framework for the area and comprises a long-term spatial vision and strategic objectives, a spatial strategy, core policies and a monitoring and implementation framework with clear objectives for achieving its delivery.

The Core Strategy has been published for a six-week deposit period and representations can be made from Monday 25th November 2011 until Monday 5th January 2012.

The Core Strategy is also adopted for interim development control purposes for use in the determination of all valid planning applications registered on or after 28° November 2011.

Representations can be made in writing to the Planning Policy Team, Hertsmere Borough Council, Chic Offices, Elstree Way, Borehammood, Herts, WD6 1WA or core strains synthetismere poolute.

Representations may be accompanied by a request to be notified of any of the following. (a) that the Core Strategy has been submitted to the Secretary of State for independent examination, (b) that the person appointed to carry out the Independent examination has published their recommendations and/or (c) that the Core Strategy has been formally adopted by the Council.

Statement of fact

The Core Strategy is available for inspection on the Council's website (http://www.herismere.gov.uk/ptarningconsultations) and also at The CMc Offices, the Council's area offices at Potters Bar and Bushey, and at Aldermann Parish Council offices and local libraries, as follows:

Key document published to help shape Hertsmere

Keeping Shenley special Check before you invest

The council has published its 'Core Strategy' which sets out the overall vision for the borough for the next 15 years with policies for a number of key areas including housing, the environment, employment, transport and retail.

The Core Strategy is a complex document but through thorough assessment and consultation we have created a planning framework

- an attractive townscape and the protection of the rural and historic environment
- meeting a range of local housing needs including the provision of affordable housing
- a safer environment
- providing health, education, leisure and other community facilities
- improving economic development, training and employment opportunities

Once the plan is adopted, it will be the main reference document for assessing planning applications.

Mark Silverman, Policy and Transport Manager at Hertsmere Borough Council, said: "All councils have to develop a Core Strategy to help guide town planning and development in the local area.

"We want local people to be aware of it as it will be the main point of reference for officers and councillors when assessing planning applications up to 2027."

Residents, developers, town and parish councils, residents' associations and other local and national interest groups are invited to look at the document prior to it being submitted to the Government early next year. At this stage of the process, feedback on the document can only be accepted via a formal response form which asks whether the document is legally 'sound' i.e. whether the Core Strategy is in accordance with national policy and whether the options for development are justified. Any response forms received will be passed to a government inspector who will consider the document and response forms on behalf of the Secretary of State.

A draft of the strategy went out for consultation in February and comments submitted then have been incorporated into the latest version of the plan, along with other updates.

The revised Core Strategy, supporting documents and the online response form are online or you can see hard copies at the following places:

Council gets to the core of problem areas

shopping in the Bushey High Street and addressing parking problems in the village are two of the issues Hertsmere Borough Council hopes it has tackled in its new core strategy.

The document, which sets out the overall vision for the whole borough for the next 15 years, outlines policies in a number of key areas including housing, the environment, employment, transport and the retail sector.

Leader of the council, Morris Bright, said: "With respect to Bushey, the core strategy seeks to protect the viability and vitality of local shopping, including measures to promote Bushey High Street, address parking problems specific to Bushey village and Bushey Heath and tackle traffic issues on roads leading to Hartspring roundabout and to Bushey Arches.

"The document also strives to provide more play areas and facilities for young people and protect and promote local artistic heritage."

A draft strategy went out to consultation in February last year and comments submitted have been incorporated into the latest version of the plan, along with other updates. The final

rotecting the viability and vitality of document will be submitted to the Secretary of State for Local Government at the end of this month, before a period of "public examination", which gives the Planning Inspectorate a chance to decide whether the document is legally sound.

> The strategy aims to manage housing including availability and affordability, balancing the need for new housing without developing the Green Belt, approximately 890 new homes in the next 15 years. Some 35 per cent of those will be "affordable housing".

> It also seeks to absorb the affects of that housing growth on local services, maintain and improve public transport, provide playgrounds, protect the high street, tackle traffic congestion on Aldenham Road, Chalk Hill roads leading Hartspring and other to and Bushey Arches, protect roundabout employment and industry in the town and promote local artistic heritage.

> Once the plan is adopted, it will be the main reference document for assessing planning applications.

Your chance to shape Hertsmere Council policy for next 15 years

By Chris Heneth

Housing, employment, transport and the environment in Hertsmere are among policies up for review by the borough council.

Residents are being encouraged to give their views on the authority's core strategy document, which will shape the way the council makes decisions in certain areas for the next 15 years.

Policy and transport manager Mark Silverman said: "We want local people to be aware of it as it will be the main point of reference for officers and councillors when assessing planning applications up to 2027."

Response forms must be submitted by January 9. To comment on the paper, download a response form at www.hertsmere.gov.uk/planningconsultations.

Comments (1)

John Howard Norfolk says...

24/12/11

Bushey residents may wish to read and comment as this is an opportunity to make known opinions on non-car access to schools - something of local importance as three of the largest secondary schools in South West Herts are close by.

If you want a "greenway" or safe cycling route for your children then this is the opportunity to comment.
