Notes:

a. Zones based on post code sectors

b. Market shares for 'main' and 'top-up' shopping derived directly from NEMS Household Survey (November 2016)

c. Excludes 'don't know/varies', markets and internet sales

d. Comparison goods Inflow allowed of 5% from St Albans as both a regional centre and a tourist destination, and 2.5% each from Watford as a regional centre.

South West Hertfordshire Retail & Leisure Study
Nexus Planning

Table 26a: Estimated 'capacity' for new comparison goods facilities in South West Hertfordshire (all five authority areas)

Year	Turnover (£m)[1]	Available Expenditure (£m)[2]	Inflow (£m)	Surplus Expenditure (£m)
2017	2,154.7	2,121.3	33.4	0.0
2021	2,293.6	2,307.1	36.7	50.1
2026	2,564.8	2,791.7	42.9	269.8
2031	2,859.6	3,377.9	50.3	568.6
2036	3,188.3	4,088.3	58.8	958.8
Study Area Market Share (%)		**49.7%**		

1. Allows for increased turnover efficiency as set out in Table 4b Experian Retail Planner 15 (December 2017)
2. Assumes reduced market share claimed by South West Hertfordshire facilities at 49.7% from the Study Area (currently 51.2%)

Table 26b: Gross quantitative capacity for additional comparison goods floorspace in South West Hertfordshire

Year	Surplus Expenditure (£m)	Floorspace Capacity (sq m net) Min[1]	Max[2]
2017	0.0	0	0
2021	50.1	6,300	8,600
2026	269.8	30,200	41,300
2031	568.6	57,100	78,000
2036	958.8	86,400	117,900

1. Average sales density assumed to be £7,500 per sq.m which Nexus Planning considers to be towards the higher end of what could be achieved in South West Hertfordshire
2. Average sales density assumed to be £5,500 per sq.m which Nexus Planning considers to be towards the lower end of what could be achieved in South West Hertfordshire
3. Allows for increased turnover efficiency as set out in Table 4b Experian Retail Planner 15 (December 2017)

2016 Prices

Table 26c: Extant comparison goods commitments in South West Hertfordshire

Destination	Reference	Proposal	Net Convenience Floorspace (sq m)	Estimated Sales Density (£/sq m)	Estimated Comparison Turnover (£m)
Hertsmere	N/A	Over 40 applications involving development to or from A classes have extant permission. However, none are sizable and most relate to changes of use of small High Street units. The extant permissions are judged largely to be neutral in floorspace terms.	0	0	0.0
Three Rivers	16/0005/FUL, South Oxhey regeneration	The approved Development Schedule sets out the type and maximum quantity of development that can be provided across the South Oxhey redevelopment as a whole. This permits up to 5,137 sqm of flexible town centre uses (Classes A1-A5, D1, D2, B1 and Bookmakers) including a Lidl foodstore of up to 1,714 sqm. After allowing for a foodstore, offices and a bookmakers, there is 2,647 sq m of space left for potential comparison goods uses.	Assumed that comparison goods might be 75% of the 2,647 sq m residual figure = 1,985 sq m. We have assumed that 50% of this figure is 'new' floorspace (i.e. not replacement) = 992 sq m.	6,500	6.4
Dacorum	4/00424/15/MOA, Jarman Park, St Albans Hill, Hemel Hempstead	The proposed development involves the erection of Class A1 retail development (to include convenience and comparison retail floorspace and ancillary cafe) and Class A3 drive thru café/restaurant (with ancillarytakeaway) unit together with access, car parking, service yard and associated works.	Net convenience floorspace is 812 sq m net. Net comparison floorspace is 8,000 sq m net.	6,500	52.0
Dacorum	4/01317/14/MFA, Gossoms End, Berkhamstead	Full Planning permission (4/01317/14/MFA) has been granted for a 1,884 sq m gross Lidl store and 30 flats. The development has not been implemented, but a number of applications to discharge the planning conditions have been submitted recently, which suggests that a start on site is imminent.	Net floorspace is 1,281 sq m net x 20% comparison goods area = 256 sq m	4,800	1.2
Dacorum	4/03157/16/MFA), Aviva site, Maylands Avenie, Hemel Hempstead	Outline planning permission (4/01132/15/MOA) has been granted for retail development (12,503 sq. metres), offices (3,004 sq. metres) and restaurants (650 sqm) at this site. The conditions attached to this permission stipulate that the net retail floor area shall not exceed 9,290 sq. metres. comprising a maximum of: • 1,414 sq. metres of convenience food goods • 7,848 sq. metres of comparison non-food goods The Council has now granted a reserved matters application (4/03157/16/MFA). This application proposes an increase in net convenience floorspace to 1,950 sqm.	We have assumed that the net to gross ratio for comparison goods is 75% = 5,613 sq m net	6,500	36.5
Watford	16/00076/VAR, Charter Place, Watford	Part demolition/reconfiguration/change of use of existing Charter Place Shopping Centre, demolition of 37-57 and 67-69 High Street, and part retention of 63-65, High Street. Erection of new buildings within Classes A1(shops), A3 (restaurants) and D2 (including cinema), including provision of new covered market, together with associated plant and machinery, and ancillary facilities. Provision of new public realm. Alterations to existing pedestrian and cycle access and egress arrangements, highway alterations/ improvements and other ancillary works and operations. Variation of Condition 2 of planning permission ref. 14/00779/VAR to incorporate amendments to the ground and first floor retail units, second floor leisure unit, design of the high level glazed canopy, reorientation of the escalators and stairs within the central space and other minor amendments.	Gross florrspace addions of 10,291 sq m. We have assumed that the net:gross ratio is 70% = 7,204 sq m net. We have further asumed that 80% of this total will be dedicated to convenience goods = 5,763 sq m net.	7,500	43.2
St Albans	5/2016/3386, Griffiths Way South	Outline application (access and scale sought) for mixed use development comprising Class A1 (discount foodstore), Class A1 (non food retail), D2 (gym) and Class A3/A5 (restaurant and drive-through)	4,800	6,500	31.2
St Albans	5/2016/3629, Hertfordshire House Civic Close St Albans	Infill of building overhang at ground floor and partial change of use of basement and ground floor to flexible commercial use (A1/A2/A3/B1/D1).	218	6,500	1.4
St Albans	5/2015/2212, Town Hall, St Albans	Change of use of building to accommodate new museum and gallery with ancillary cafe and retail facilities including extension of basement, first floor glazed link extensions, display of advertisement banners and lettering, replac	200	6,500	1.3
Total			**25,842**		**173.3**

Table 26d: Net quantitative capacity for additional comparison goods floorspace in South West Hertfordshire

Three Rivers	16/0005/FUL, South Oxhey regeneration	The approved Development Schedule sets out the type and maximum quantity of development that can be provided across the South Oxhey redevelopment as a whole. This permits up to 5,137 sqm of flexible town centre uses (Classes A1-A5, D1, D2, B1 and Bookmakers) including a Lidl foodstore of up to 1,714 sqm. After allowing for a foodstore, offices and a bookmakers, there is 2,647 sq m of space left for potential comparison goods uses.	Assumed that comparison goods might be 75% of the 2,647 sq m residual figure = 1,985 sq m. We have assumed that 50% of this figure is 'new' floorspace (i.e. not replacement) = 992 sq m.	6,500	6.4

Destination	Reference	Proposal	Net Convenience Floorspace (sq m)	Estimated Sales Density (£/sq m)	Estimated Comparison Turnover (£m)
Dacorum	4/00424/15/MOA, Jarman Park, St Albans Hill, Hemel Hempstead	The proposed development involves the erection of Class A1 retail development (to include convenience and comparison retail floorspace and ancillary cafe) and Class A3 drive thru café/restaurant (with ancillarytakeaway) unit together with access, car parking, service yard and associated works.	Net convenience floorspace is 812 sq m net. Net comparison floorspace is 8,000 sq m net.	6,500	52.0
Dacorum	4/01317/14/MFA, Gossoms End, Berkhamstead	Full Planning permission (4/01317/14/MFA) has been granted for a 1,884 sq m gross Lidl store and 30 flats. The development has not been implemented, but a number of applications to discharge the planning conditions have been submitted recently, which suggests that a start on site is imminent.	Net floorspace is 1,281 sq m net x 20% comparison goods area = 256 sq m	4,800	1.2
Dacorum	4/03157/16/MFA), Aviva site, Maylands Avenie, Hemel Hempstead	Outline planning permission (4/01132/15/MOA) has been granted for retail development (12,503 sq. metres), offices (3,004 sq. metres) and restaurants (650 sqm) at this site. The conditions attached to this permission stipulate that the net retail floor area shall not exceed 9,290 sq. metres. comprising a maximum of: • 1,414 sq. metres of convenience food goods • 7,848 sq. metres of comparison non-food goods The Council has now granted a reserved matters application (4/03157/16/MFA). This application proposes an increase in net convenience floorspace to 1,950 sqm.	We have assumed that the net to gross ratio for comparison goods is 75% = 5,613 sq m net	6,500	36.5
Total			**13,869**		**89.7**

Notes:

a. Gross floorspace derived from StorePoint database, Council records or Nexus Planning assessment

b. Net floorspace derived from StorePoint database or Council records where available or based on Nexus Planning professional judgement

c. Proportion of net floorspace derived from typical company split between convenience and comparison floorspace as identified by Verdict UK Food & Grocery Retailers 2015 with the exception of large food superstores (i.e. over 4,000 sq.m net sales area) which are assumed to have approximately 60:40 split in favour of convenience goods and local foodstore which are assumed to have 95% of net sales dedicated to convenience. Aldi and Lidl are assumed to have 80% of net sales dedicated to convenience goods, which correlates with our experience elsewhere

d. Sales densities relate to the monetary turnover of each square metre of net sales area and are derived for all retailers except Lidl and Aldi from Verdict UK Food & Grocery Retailers 2015, and for Lidl and Aldi from Mintel Retail Rankings 2015.

e. It has been assumed that all unnamed and local convenience stores within a centre (including B&M, Bargain Booze, Budgens, Costco, Heron Foods, One Stop) are 'trading at equilibrium' (i.e. their 'benchmark' turnover equates to that ientified by the survey)

f. Survey derived performance of stores calculated by addiing together 'main' and 'top up' turnover as set out in Table 4

South West Hertfordshire Retail & Leisure Study
Nexus Planning

Table 6a: Estimated 'capacity' for new convenience goods facilities in South West Hertfordshire (all five authority areas)

Year	Benchmark Turnover (£m)[1]	Survey Turnover (£m)[2]	Inflow (£m)	Designated Centre Overtrading (£m)	Surplus Expenditure (£m)
2017	1,152.7	1,370.9	35.8	138.9	115.2
2021	1,148.1	1,404.5	36.3	138.3	154.4
2026	1,149.2	1,461.9	36.7	138.5	210.9
2031	1,155.0	1,518.8	37.1	139.2	261.8
2036	1,160.8	1,578.1	37.6	139.9	315.0
Study Area Market Share (%)		**53.1**			

1. Allows for increased turnover efficiency as set out in Table 4a Experian Retail Planner 15 (December 2017)
2. Assumes constant market share claimed by South West Hertfordshire facilities at 53.1% from the Study Area
3. Designated Centre Overtrading is the surplus positive turnover of all stores within designated Centres within the five authority areas from Table 5

2016 Prices

Table 6b: Gross quantitative capacity for additional convenience goods floorspace in South West Hertfordshire

Year	Surplus Expenditure (£m)	Floorspace Capacity (sq m net) Min[1]	Max[2]
2017	115.2	9,900	12,600
2021	154.4	13,400	16,900
2026	210.9	18,200	23,100
2031	261.8	22,500	28,600
2036	315.0	27,000	34,200

1. Average sales density assumed to be £11,605 per sq.m (rounded) based on the average sales density of the leading four supermarkets as identified by Verdict 2016
2. Average sales density assumed to be £9,137 per sq.m (rounded) based on the average sales density of discount operators as identified by Verdict 2016
3. Allows for increased turnover efficiency as set out in Table 4a Experian Retail Planner 15 (December 2017)

2016 Prices

Table 6c: Extant convenience goods commitments in South West Hertfordshire

Destination	Reference	Proposal	Net Convenience Floorspace (sq m)	Estimated Sales Density (£/sq m)	Estimated Convenience Turnover (£m)
Hertsmere	N/A	Over 40 applications involving development to or from A classes have extant permission. However, none are sizable and most relate to changes of use of small High Street units. The extant permissions are judged largely to be neutral in floorspace terms.	0	0	0.0
Three Rivers	16/0005/FUL, South Oxhey regeneration	The approved Development Schedule sets out the type and maximum quantity of development that can be provided across the South Oxhey redevelopment as a whole. This permits up to 5,137 sqm of flexible town centre uses (Classes A1-A5, D1, D2, B1 and Bookmakers) including a Lidl foodstore of up to 1,714 sqm. The foodstore is proposed to be delivered within Phase 3A and would therefore form part of a subsequent RM application.	Lidl store assumed 1,714 sq m gross = 1,100 sq m net x 80% convenience goods area = 880 sq m net. Remaining new floorspace is likely to be replacement convenience goods floorspace so no further allowance is made.	4,800	4.2
Dacorum	4/00424/15/MOA, Jarman Park, St Albans Hill, Hemel Hempstead (revised application 4/00595/18/MFA)	The proposed development involves the erection of Class A1 retail development (to include convenience and comparison retail floorspace and ancillary cafe) and Class A3 drive thru café/restaurant (with ancillarytakeaway) unit together with access, car parking, service yard and associated works.	Net convenience floorspace is 1,184 sq m net and is anticipated to be occupied by Lidl. Net comparison floorspace is 7,400 sq m net.	4,800	5.7

Dacorum	4/01317/14/MFA, Gossoms End, Berkhamstead	Full Planning permission (4/01317/14/MFA) has been granted for a 1,884 sq m gross Lidl store and 30 flats. The development has not been implemented, but a number of applications to discharge the planning conditions have been submitted recently, which suggests that a start on site is imminent.	Net floorspace is 1,281 sq m net x 80% convenience goods area = 1,025 sq m	4,800	4.9
Dacorum	4/03157/16/MFA), Aviva site, Maylands Avenie, Hemel Hempstead	Outline planning permission (4/01132/15/MOA) has been granted for retail development (12,503 sq. metres), offices (3,004 sq. metres) and restaurants (650 sqm) at this site. The conditions attached to this permission stipulate that the net retail floor area shall not exceed 9,290 sq. metres. comprising a maximum of: • 1,414 sq. metres of convenience food goods • 7,848 sq. metres of comparison non-food goods The Council has now granted a reserved matters application (4/03157/16/MFA). This application proposes an increase in net convenience floorspace to 1,950 sqm.	1,950	10,000	19.5
Watford	16/00076/VAR, Charter Place, Watford	Part demolition/reconfiguration/change of use of existing Charter Place Shopping Centre, demolition of 37-57 and 67-69 High Street, and part retention of 63-65, High Street. Erection of new buildings within Classes A1(shops), A3 (restaurants) and D2 (including cinema), including provision of new covered market, together with associated plant and machinery, and ancillary facilities. Provision of new public realm. Alterations to existing pedestrian and cycle access and egress arrangements, highway alterations/ improvements and other ancillary works and operations. Variation of Condition 2 of planning permission ref. 14/00779/VAR to incorporate amendments to the ground and first floor retail units, second floor leisure unit, design of the high level glazed canopy, reorientation of the escalators and stairs within the central space and other minor amendments.	Gross florrspace addions of 10,291 sq m. We have assumed that the net:gross ratio is 70% = 7,204 sq m net. We have further asumed that 20% of this total will be dedicated to convenience goods = 1,441 sqm net.	9,000	13.0
St Albans	5/2016/3386, Griffiths Way South	Outline application (access and scale sought) for mixed use development comprising Class A1 (discount foodstore), Class A1 (non food retail), D2 (gym) and Class A3/A5 (restaurant and drive-through)	1,921	6,767	13.0
Total			**8,029**		**60.3**

Table 6o: Extant convenience goods commitments in Dacorum

Destination	Reference	Proposal	Net Convenience Floorspace (sq m)	Estimated Sales Density (£/sq m)	Estimated Convenience Turnover (£m)
Dacorum	4/00424/15/MOA, Jarman Park, St Albans Hill, Hemel Hempstead (revised application 4/00595/18/MFA)	The proposed development involves the erection of Class A1 retail development (to include convenience and comparison retail floorspace and ancillary cafe) and Class A3 drive thru café/restaurant (with ancillarytakeaway) unit together with access, car parking, service yard and associated works.	Net convenience floorspace is 1,184 sq m net and is anticipated to be occupied by Lidl. Net comparison floorspace is 7,400 sq m net.	4,800	5.7

Dacorum	4/01317/14/MFA, Gossoms End, Berkhamstead	Full Planning permission (4/01317/14/MFA) has been granted for a 1,884 sq m gross Lidl store and 30 flats. The development has not been implemented, but a number of applications to discharge the planning conditions have been submitted recently, which suggests that a start on site is imminent.	Net floorspace is 1,281 sq m net x 80% convenience goods area = 1,025 sq m	4,800	4.9
Dacorum	4/03157/16/MFA), Aviva site, Maylands Avenie, Hemel Hempstead	Outline planning permission (4/01132/15/MOA) has been granted for retail development (12,503 sq. metres), offices (3,004 sq. metres) and restaurants (650 sqm) at this site. The conditions attached to this permission stipulate that the net retail floor area shall not exceed 9,290 sq. metres. comprising a maximum of: • 1,414 sq. metres of convenience food goods • 7,848 sq. metres of comparison non-food goods The Council has now granted a reserved matters application (4/03157/16/MFA). This application proposes an increase in net convenience floorspace to 1,950 sqm.	1,950	10,000	19.5

Notes:

a. Zones based on the post code sectors shown on the plan at Appendix A.

b. Per capita expenditure derived from Experian MMG3 data (2017 report)

c. Population derived from Experian MMG3 data (2017 report)

d. Per capita expenditure projected forward using forecast growth rates taken from Tables 1a and 1b of Experian Retail Planner Briefing Note 15

e. Expenditure excludes Special Forms of Trading in line with 'adjusted' allowance derived from Figure 5 of Appendix 3 of Experian Retail Planner Briefing Note 15

2016 Prices

Notes:

a. Zones based on post code sectors

b. Market shares for 'main' and 'top-up' shopping derived directly from NEMS Household Survey (November 2016)

c. Excludes 'don't know/varies', markets and internet sales

d. Comparison goods Inflow allowed of 5% from St Albans as both a regional centre and a tourist destination, and 2.5% each from Watford as a regional centre.

South West Hertfordshire Retail & Leisure Study
Nexus Planning

Table 26a: Estimated 'capacity' for new comparison goods facilities in South West Hertfordshire (all five authority areas)

Year	Turnover (£m)[1]	Available Expenditure (£m)[2]	Inflow (£m)	Surplus Expenditure (£m)
2017	2,147.9	2,114.6	33.3	0.0
2021	2,286.3	2,282.3	36.6	32.6
2026	2,556.6	2,738.0	42.8	224.2
2031	2,850.5	3,286.4	50.1	486.0
2036	3,178.1	3,947.5	58.7	828.0
Study Area Market Share (%)		**49.7%**		

1. Allows for increased turnover efficiency as set out in Table 4b Experian Retail Planner 15 (December 2017)
2. Assumes reduced market share claimed by South West Hertfordshire facilities at 49.7% from the Study Area (currently 51.2%)

Table 26b: Gross quantitative capacity for additional comparison goods floorspace in South West Hertfordshire

Year	Surplus Expenditure (£m)	Floorspace Capacity (sq m net) Min[1]	Max[2]
2017	0.0	0	0
2021	32.6	4,100	5,600
2026	224.2	25,100	34,300
2031	486.0	48,800	66,600
2036	828.0	74,600	101,800

1. Average sales density assumed to be £7,500 per sq.m which Nexus Planning considers to be towards the higher end of what could be achieved in South West Hertfordshire
2. Average sales density assumed to be £5,500 per sq.m which Nexus Planning considers to be towards the lower end of what could be achieved in South West Hertfordshire
3. Allows for increased turnover efficiency as set out in Table 4b Experian Retail Planner 15 (December 2017)

2016 Prices

Table 26c: Extant comparison goods commitments in South West Hertfordshire

Destination	Reference	Proposal	Net Convenience Floorspace (sq m)	Estimated Sales Density (£/sq m)	Estimated Comparison Turnover (£m)
Hertsmere	N/A	Over 40 applications involving development to or from A classes have extant permission. However, none are sizable and most relate to changes of use of small High Street units. The extant permissions are judged largely to be neutral in floorspace terms.	0	0	0.0
Three Rivers	16/0005/FUL, South Oxhey regeneration	The approved Development Schedule sets out the type and maximum quantity of development that can be provided across the South Oxhey redevelopment as a whole. This permits up to 5,137 sqm of flexible town centre uses (Classes A1-A5, D1, D2, B1 and Bookmakers) including a Lidl foodstore of up to 1,714 sqm. After allowing for a foodstore, offices and a bookmakers, there is 2,647 sq m of space left for potential comparison goods uses.	Assumed that comparison goods might be 75% of the 2,647 sq m residual figure = 1,985 sq m. We have assumed that 50% of this figure is 'new' floorspace (i.e. not replacement) = 992 sq m.	6,500	6.4
Dacorum	4/00424/15/MOA, Jarman Park, St Albans Hill, Hemel Hempstead	The proposed development involves the erection of Class A1 retail development (to include convenience and comparison retail floorspace and ancillary cafe) and Class A3 drive thru café/restaurant (with ancillarytakeaway) unit together with access, car parking, service yard and associated works.	Net convenience floorspace is 812 sq m net. Net comparison floorspace is 8,000 sq m net.	6,500	52.0
Dacorum	4/01317/14/MFA, Gossoms End, Berkhamstead	Full Planning permission (4/01317/14/MFA) has been granted for a 1,884 sq m gross Lidl store and 30 flats. The development has not been implemented, but a number of applications to discharge the planning conditions have been submitted recently, which suggests that a start on site is imminent.	Net floorspace is 1,281 sq m net x 20% comparison goods area = 256 sq m	4,800	1.2
Dacorum	4/03157/16/MFA), Aviva site, Maylands Avenie, Hemel Hempstead	Outline planning permission (4/01132/15/MOA) has been granted for retail development (12,503 sq. metres), offices (3,004 sq. metres) and restaurants (650 sqm) at this site. The conditions attached to this permission stipulate that the net retail floor area shall not exceed 9,290 sq. metres. comprising a maximum of: • 1,414 sq. metres of convenience food goods • 7,848 sq. metres of comparison non-food goods The Council has now granted a reserved matters application (4/03157/16/MFA). This application proposes an increase in net convenience floorspace to 1,950 sqm.	We have assumed that the net to gross ratio for comparison goods is 75% = 5,613 sq m net	6,500	36.5
Watford	16/00076/VAR, Charter Place, Watford	Part demolition/reconfiguration/change of use of existing Charter Place Shopping Centre, demolition of 37-57 and 67-69 High Street, and part retention of 63-65, High Street. Erection of new buildings within Classes A1(shops), A3 (restaurants) and D2 (including cinema), including provision of new covered market, together with associated plant and machinery, and ancillary facilities. Provision of new public realm. Alterations to existing pedestrian and cycle access and egress arrangements, highway alterations/ improvements and other ancillary works and operations. Variation of Condition 2 of planning permission ref. 14/00779/VAR to incorporate amendments to the ground and first floor retail units, second floor leisure unit, design of the high level glazed canopy, reorientation of the escalators and stairs within the central space and other minor amendments.	Gross florrspace addions of 10,291 sq m. We have assumed that the net:gross ratio is 70% = 7,204 sq m net. We have further asumed that 80% of this total will be dedicated to convenience goods = 5,763 sq m net.	7,500	43.2
St Albans	5/2016/3386, Griffiths Way South	Outline application (access and scale sought) for mixed use development comprising Class A1 (discount foodstore), Class A1 (non food retail), D2 (gym) and Class A3/A5 (restaurant and drive-through)	4,800	6,500	31.2
St Albans	5/2016/3629, Hertfordshire House Civic Close St Albans	Infill of building overhang at ground floor and partial change of use of basement and ground floor to flexible commercial use (A1/A2/A3/B1/D1).	218	6,500	1.4
St Albans	5/2015/2212, Town Hall, St Albans	Change of use of building to accommodate new museum and gallery with ancillary cafe and retail facilities including extension of basement, first floor glazed link extensions, display of advertisement banners and lettering, replac	200	6,500	1.3

Provision of new public realm. Alterations to existing pedestrian and cycle access and egress arrangements, highway alterations/ improvements and other ancillary works and operations. Variation of Condition 2 of planning permission ref. 14/00779/VAR to incorporate amendments to the ground and first floor retail units, second floor leisure unit, design of the high level glazed canopy, reorientation of the escalators and stairs within the central space and other minor amendments.	Gross florrspace addions of 10,291 sq m. We have assumed that the net:gross ratio is 70% = 7,204 sq m net. We have further asumed that 80% of this total will be dedicated to convenience goods = 5,763 sq m net.	7,500	43.2
Total			**5,763**		**43.2**

Table 26t: Net quantitative capacity for additional comparison goods floorspace in Watford

Year	Surplus Expenditure (£m)	Commitments (£m)	Residual Expenditure (£m)	Floorspace Capacity (sq m net) Min[1]	Max[2]
2017	0.0	43.2	-43.2	-5,800	-7,900
2021	50.0	46.0	4.0	500	700
2026	153.4	51.4	102.0	11,400	15,600
2031	293.6	57.4	236.2	23,700	32,400
2036	475.9	64.0	411.9	37,100	50,700

1. Average sales density assumed to be £7,500 per sq.m which Nexus Planning considers to be towards the higher end of what could be achieved in South West Hertfordshire
2. Average sales density assumed to be £5,500 per sq.m which Nexus Planning considers to be towards the lower end of what could be achieved in South West Hertfordshire
3. Residual calculated by subtracting turnover of commitments (sourced from Table 26s) from surplus expenditure (sourced from Table 26q)
4. Allows for increased turnover efficiency as set out in Table 4b Experian Retail Planner 15 (December 2017)

Notes:

a. Gross floorspace derived from StorePoint database, Council records or Nexus Planning assessment

b. Net floorspace derived from StorePoint database or Council records where available or based on Nexus Planning professional judgement

c. Proportion of net floorspace derived from typical company split between convenience and comparison floorspace as identified by Verdict UK Food & Grocery Retailers 2015 with the exception of large food superstores (i.e. over 4,000 sq.m net sales area) which are assumed to have approximately 60:40 split in favour of convenience goods and local foodstore which are assumed to have 95% of net sales dedicated to convenience. Aldi and Lidl are assumed to have 80% of net sales dedicated to convenience goods, which correlates with our experience elsewhere

d. Sales densities relate to the monetary turnover of each square metre of net sales area and are derived for all retailers except Lidl and Aldi from Verdict UK Food & Grocery Retailers 2015, and for Lidl and Aldi from Mintel Retail Rankings 2015.

e. It has been assumed that all unnamed and local convenience stores within a centre (including B&M, Bargain Booze, Budgens, Costco, Heron Foods, One Stop) are 'trading at equilibrium' (i.e. their 'benchmark' turnover equates to that ientified by the survey)

f. Survey derived performance of stores calculated by addiing together 'main' and 'top up' turnover as set out in Table 4

2016 Prices

South West Hertfordshire Retail & Leisure Study
Nexus Planning

Table 6a: Estimated 'capacity' for new convenience goods facilities in South West Hertfordshire (all five authority areas)

Year	Benchmark Turnover (£m)[1]	Survey Turnover (£m)[2]	Inflow (£m)	Designated Centre Overtrading (£m)	Surplus Expenditure (£m)
2017	1,153.0	1,380.3	36.1	141.7	121.6
2021	1,148.4	1,435.2	36.5	141.1	182.2
2026	1,149.6	1,519.4	36.9	141.3	265.5
2031	1,155.3	1,603.1	37.4	142.0	343.1
2036	1,161.1	1,689.4	37.8	142.7	423.4
Study Area Market Share (%)		**53.3**			

1. Allows for increased turnover efficiency as set out in Table 4a Experian Retail Planner 15 (December 2017)
2. Assumes constant market share claimed by South West Hertfordshire facilities at 53.3% from the Study Area
3. Designated Centre Overtrading is the surplus positive turnover of all stores within designated Centres within the five authority areas from Table 5

2016 Prices

Table 6b: Gross quantitative capacity for additional convenience goods floorspace in South West Hertfordshire

Year	Surplus Expenditure (£m)	Floorspace Capacity (sq m net) Min[1]	Max[2]
2017	121.6	10,500	13,300
2021	182.2	15,800	20,000
2026	265.5	22,900	29,100
2031	343.1	29,500	37,400
2036	423.4	36,200	46,000

1. Average sales density assumed to be £11,605 per sq.m (rounded) based on the average sales density of the leading four supermarkets as identified by Verdict 2016
2. Average sales density assumed to be £9,137 per sq.m (rounded) based on the average sales density of discount operators as identified by Verdict 2016
3. Allows for increased turnover efficiency as set out in Table 4a Experian Retail Planner 15 (December 2017)

2016 Prices

Table 6c: Extant convenience goods commitments in South West Hertfordshire

Destination	Reference	Proposal	Net Convenience Floorspace (sq m)	Estimated Sales Density (£/sq m)	Estimated Convenience Turnover (£m)
Hertsmere	N/A	Over 40 applications involving development to or from A classes have extant permission. However, none are sizable and most relate to changes of use of small High Street units. The extant permissions are judged largely to be neutral in floorspace terms.	0	0	0.0
Three Rivers	16/0005/FUL, South Oxhey regeneration	The approved Development Schedule sets out the type and maximum quantity of development that can be provided across the South Oxhey redevelopment as a whole. This permits up to 5,137 sqm of flexible town centre uses (Classes A1-A5, D1, D2, B1 and Bookmakers) including a Lidl foodstore of up to 1,714 sqm. The foodstore is proposed to be delivered within Phase 3A and would therefore form part of a subsequent RM application.	Lidl store assumed 1,714 sq m gross = 1,100 sq m net x 80% convenience goods area = 880 sq m net. Remaining new floorspace is likely to be replacement convenience goods floorspace so no further allowance is made.	4,800	4.2
Dacorum	4/00424/15/MOA, Jarman Park, St Albans Hill, Hemel Hempstead (revised application 4/00595/18/MFA)	The proposed development involves the erection of Class A1 retail development (to include convenience and comparison retail floorspace and ancillary cafe) and Class A3 drive thru café/restaurant (with ancillarytakeaway) unit together with access, car parking, service yard and associated works.	Net convenience floorspace is 1,184 sq m net and is anticipated to be occupied by Lidl. Net comparison floorspace is 7,400 sq m net.	4,800	5.7

Dacorum	4/01317/14/MFA, Gossoms End, Berkhamstead	Full Planning permission (4/01317/14/MFA) has been granted for a 1,884 sq m gross Lidl store and 30 flats. The development has not been implemented, but a number of applications to discharge the planning conditions have been submitted recently, which suggests that a start on site is imminent.	Net floorspace is 1,281 sq m net x 80% convenience goods area = 1,025 sq m	4,800	4.9
Dacorum	4/03157/16/MFA), Aviva site, Maylands Avenie, Hemel Hempstead	Outline planning permission (4/01132/15/MOA) has been granted for retail development (12,503 sq. metres), offices (3,004 sq. metres) and restaurants (650 sqm) at this site. The conditions attached to this permission stipulate that the net retail floor area shall not exceed 9,290 sq. metres. comprising a maximum of: • 1,414 sq. metres of convenience food goods • 7,848 sq. metres of comparison non-food goods The Council has now granted a reserved matters application (4/03157/16/MFA). This application proposes an increase in net convenience floorspace to 1,950 sqm.	1,950	10,000	19.5
Watford	16/00076/VAR, Charter Place, Watford	Part demolition/reconfiguration/change of use of existing Charter Place Shopping Centre, demolition of 37-57 and 67-69 High Street, and part retention of 63-65, High Street. Erection of new buildings within Classes A1(shops), A3 (restaurants) and D2 (including cinema), including provision of new covered market, together with associated plant and machinery, and ancillary facilities. Provision of new public realm. Alterations to existing pedestrian and cycle access and egress arrangements, highway alterations/ improvements and other ancillary works and operations. Variation of Condition 2 of planning permission ref. 14/00779/VAR to incorporate amendments to the ground and first floor retail units, second floor leisure unit, design of the high level glazed canopy, reorientation of the escalators and stairs within the central space and other minor amendments.	Gross florrspace addions of 10,291 sq m. We have assumed that the net:gross ratio is 70% = 7,204 sq m net. We have further asumed that 20% of this total will be dedicated to convenience goods = 1,441 sqm net.	9,000	13.0
St Albans	5/2016/3386, Griffiths Way South	Outline application (access and scale sought) for mixed use development comprising Class A1 (discount foodstore), Class A1 (non food retail), D2 (gym) and Class A3/A5 (restaurant and drive-through)	1,921	6,767	13.0
Total			**8,029**		**60.3**

2016 Prices

Table 6d: Net quantitative capacity for additional convenience goods floorspace in South West Hertfordshire

Year	Surplus Expenditure (£m)	Commitments (£m)	Residual Expenditure (£m)	Floorspace Capacity (sq m net) Min[1]	Max[2]
2017	121.6	60.3	61.3	5,300	6,700
2021	182.2	60.1	122.1	10,600	13,400
2026	265.5	60.1	205.4	17,700	22,500
2031	343.1	60.4	282.7	24,300	30,800
2036	423.4	60.7	362.7	31,000	39,400

1. Average sales density assumed to be £11,605 per sq.m (rounded) based on the average sales density of the leading four supermarkets as identified by Verdict 2016
2. 50% of residual expenditure assumed to be consumed by leading four supermarkets (£11,605 sq m) and 50% assumed to be consumed by discount operators (£6,670 per sq m) as identified by Verdict 2016. This equates to £9,137/sq m.
3. Allows for increased turnover efficiency as set out in Table 4a Experian Retail Planner 15 (December 2017)

Three Rivers	16/0005/FUL, South Oxhey regeneration	The approved Development Schedule sets out the type and maximum quantity of development that can be provided across the South Oxhey redevelopment as a whole. This permits up to 5,137 sqm of flexible town centre uses (Classes A1-A5, D1, D2, B1 and Bookmakers) including a Lidl foodstore of up to 1,714 sqm. The foodstore is proposed to be delivered within Phase 3A and would therefore form part of a subsequent RM application.	Lidl store assumed 1,714 sq m gross = 1,100 sq m net x 80% convenience goods area = 880 sq m net. Remaining new floorspace is likely to be replacement convenience goods floorspace so no further allowance is made.	4,800	4.2

Dacorum	4/00424/15/MOA, Jarman Park, St Albans Hill, Hemel Hempstead (revised application 4/00595/18/MFA)	The proposed development involves the erection of Class A1 retail development (to include convenience and comparison retail floorspace and ancillary cafe) and Class A3 drive thru café/restaurant (with ancillarytakeaway) unit together with access, car parking, service yard and associated works.	Net convenience floorspace is 1,184 sq m net and is anticipated to be occupied by Lidl. Net comparison floorspace is 7,400 sq m net.	4,800	5.7

Dacorum	4/01317/14/MFA, Gossoms End, Berkhamstead	Full Planning permission (4/01317/14/MFA) has been granted for a 1,884 sq m gross Lidl store and 30 flats. The development has not been implemented, but a number of applications to discharge the planning conditions have been submitted recently, which suggests that a start on site is imminent.	Net floorspace is 1,281 sq m net x 80% convenience goods area = 1,025 sq m	4,800	4.9
Dacorum	4/03157/16/MFA), Aviva site, Maylands Avenie, Hemel Hempstead	Outline planning permission (4/01132/15/MOA) has been granted for retail development (12,503 sq. metres), offices (3,004 sq. metres) and restaurants (650 sqm) at this site. The conditions attached to this permission stipulate that the net retail floor area shall not exceed 9,290 sq. metres. comprising a maximum of: • 1,414 sq. metres of convenience food goods • 7,848 sq. metres of comparison non-food goods The Council has now granted a reserved matters application (4/03157/16/MFA). This application proposes an increase in net convenience floorspace to 1,950 sqm.	1,950	10,000	19.5

Notes:

a. Zones based on the post code sectors shown on the plan at Appendix A.

b. Per capita expenditure derived from Experian MMG3 data (2017 report)

c. Population derived from Experian MMG3 data (2017 report)

d. Per capita expenditure projected forward using forecast growth rates taken from Tables 1a and 1b of Experian Retail Planner Briefing Note 15

e. Expenditure excludes Special Forms of Trading in line with 'adjusted' allowance derived from Figure 5 of Appendix 3 of Experian Retail Planner Briefing Note 15

2016 Prices

Notes:

a. Zones based on post code sectors

b. Market shares for 'main' and 'top-up' shopping derived directly from NEMS Household Survey (November 2016)

c. Excludes 'don't know/varies', markets and internet sales

d. Comparison goods Inflow allowed of 5% from St Albans as both a regional centre and a tourist destination, and 2.5% each from Watford as a regional centre.

South West Hertfordshire Retail & Leisure Study
Nexus Planning

Table 26a: Estimated 'capacity' for new comparison goods facilities in South West Hertfordshire (all five authority areas)

Year	Turnover (£m)[1]	Available Expenditure (£m)[2]	Inflow (£m)	Surplus Expenditure (£m)
2017	2,160.9	2,127.4	33.5	0.0
2021	2,300.2	2,330.6	36.8	67.2
2026	2,572.1	2,842.0	43.1	313.0
2031	2,867.8	3,463.4	50.4	646.0
2036	3,197.4	4,219.5	59.0	1,081.0
Study Area Market Share (%)		**49.8%**		

1. Allows for increased turnover efficiency as set out in Table 4b Experian Retail Planner 15 (December 2017)
2. Assumes reduced market share claimed by South West Hertfordshire facilities at 49.9% from the Study Area (currently 51.2%)

Table 26b: Gross quantitative capacity for additional comparison goods floorspace in South West Hertfordshire

Year	Surplus Expenditure (£m)	Floorspace Capacity (sq m net) Min[1]	Max[2]
2017	0.0	0	0
2021	67.2	8,400	11,500
2026	313.0	35,100	47,900
2031	646.0	64,900	88,600
2036	1,081.0	97,400	133,000

1. Average sales density assumed to be £7,500 per sq.m which Nexus Planning considers to be towards the higher end of what could be achieved in South West Hertfordshire
2. Average sales density assumed to be £5,500 per sq.m which Nexus Planning considers to be towards the lower end of what could be achieved in South West Hertfordshire
3. Allows for increased turnover efficiency as set out in Table 4b Experian Retail Planner 15 (December 2017)

2016 Prices

Table 26c: Extant comparison goods commitments in South West Hertfordshire

Destination	Reference	Proposal	Net Convenience Floorspace (sq m)	Estimated Sales Density (£/sq m)	Estimated Comparison Turnover (£m)
Hertsmere	N/A	Over 40 applications involving development to or from A classes have extant permission. However, none are sizable and most relate to changes of use of small High Street units. The extant permissions are judged largely to be neutral in floorspace terms.	0	0	0.0
Three Rivers	16/0005/FUL, South Oxhey regeneration	The approved Development Schedule sets out the type and maximum quantity of development that can be provided across the South Oxhey redevelopment as a whole. This permits up to 5,137 sqm of flexible town centre uses (Classes A1-A5, D1, D2, B1 and Bookmakers) including a Lidl foodstore of up to 1,714 sqm. After allowing for a foodstore, offices and a bookmakers, there is 2,647 sq m of space left for potential comparison goods uses.	Assumed that comparison goods might be 75% of the 2,647 sq m residual figure = 1,985 sq m. We have assumed that 50% of this figure is 'new' floorspace (i.e. not replacement) = 992 sq m.	6,500	6.4
Dacorum	4/00424/15/MOA, Jarman Park, St Albans Hill, Hemel Hempstead	The proposed development involves the erection of Class A1 retail development (to include convenience and comparison retail floorspace and ancillary cafe) and Class A3 drive thru café/restaurant (with ancillarytakeaway) unit together with access, car parking, service yard and associated works.	Net convenience floorspace is 812 sq m net. Net comparison floorspace is 8,000 sq m net.	6,500	52.0
Dacorum	4/01317/14/MFA, Gossoms End, Berkhamstead	Full Planning permission (4/01317/14/MFA) has been granted for a 1,884 sq m gross Lidl store and 30 flats. The development has not been implemented, but a number of applications to discharge the planning conditions have been submitted recently, which suggests that a start on site is imminent.	Net floorspace is 1,281 sq m net x 20% comparison goods area = 256 sq m	4,800	1.2
Dacorum	4/03157/16/MFA), Aviva site, Maylands Avenie, Hemel Hempstead	Outline planning permission (4/01132/15/MOA) has been granted for retail development (12,503 sq. metres), offices (3,004 sq. metres) and restaurants (650 sqm) at this site. The conditions attached to this permission stipulate that the net retail floor area shall not exceed 9,290 sq. metres. comprising a maximum of: • 1,414 sq. metres of convenience food goods • 7,848 sq. metres of comparison non-food goods The Council has now granted a reserved matters application (4/03157/16/MFA). This application proposes an increase in net convenience floorspace to 1,950 sqm.	We have assumed that the net to gross ratio for comparison goods is 75% = 5,613 sq m net	6,500	36.5
Watford	16/00076/VAR, Charter Place, Watford	Part demolition/reconfiguration/change of use of existing Charter Place Shopping Centre, demolition of 37-57 and 67-69 High Street, and part retention of 63-65, High Street. Erection of new buildings within Classes A1(shops), A3 (restaurants) and D2 (including cinema), including provision of new covered market, together with associated plant and machinery, and ancillary facilities. Provision of new public realm. Alterations to existing pedestrian and cycle access and egress arrangements, highway alterations/ improvements and other ancillary works and operations. Variation of Condition 2 of planning permission ref. 14/00779/VAR to incorporate amendments to the ground and first floor retail units, second floor leisure unit, design of the high level glazed canopy, reorientation of the escalators and stairs within the central space and other minor amendments.	Gross florrspace addions of 10,291 sq m. We have assumed that the net:gross ratio is 70% = 7,204 sq m net. We have further asumed that 80% of this total will be dedicated to convenience goods = 5,763 sq m net.	7,500	43.2
St Albans	5/2016/3386, Griffiths Way South	Outline application (access and scale sought) for mixed use development comprising Class A1 (discount foodstore), Class A1 (non food retail), D2 (gym) and Class A3/A5 (restaurant and drive-through)	4,800	6,500	31.2
St Albans	5/2016/3629, Hertfordshire House Civic Close St Albans	Infill of building overhang at ground floor and partial change of use of basement and ground floor to flexible commercial use (A1/A2/A3/B1/D1).	218	6,500	1.4
St Albans	5/2015/2212, Town Hall, St Albans	Change of use of building to accommodate new museum and gallery with ancillary cafe and retail facilities including extension of basement, first floor glazed link extensions, display of advertisement banners and lettering, replac	200	6,500	1.3
Total			**25,842**		**173.3**

Table 26d: Net quantitative capacity for additional comparison goods floorspace in South West Hertfordshire

Three Rivers	16/0005/FUL, South Oxhey regeneration	The approved Development Schedule sets out the type and maximum quantity of development that can be provided across the South Oxhey redevelopment as a whole. This permits up to 5,137 sqm of flexible town centre uses (Classes A1-A5, D1, D2, B1 and Bookmakers) including a Lidl foodstore of up to 1,714 sqm. After allowing for a foodstore, offices and a bookmakers, there is 2,647 sq m of space left for potential comparison goods uses.	Assumed that comparison goods might be 75% of the 2,647 sq m residual figure = 1,985 sq m. We have assumed that 50% of this figure is 'new' floorspace (i.e. not replacement) = 992 sq m.	6,500	6.4
Total			**992**		**6.4**

Table 26o: Extant comparison goods commitments in Dacorum

Destination	Reference	Proposal	Net Convenience Floorspace (sq m)	Estimated Sales Density (£/sq m)	Estimated Comparison Turnover (£m)
Dacorum	4/00424/15/MOA, Jarman Park, St Albans Hill, Hemel Hempstead	The proposed development involves the erection of Class A1 retail development (to include convenience and comparison retail floorspace and ancillary cafe) and Class A3 drive thru café/restaurant (with ancillarytakeaway) unit together with access, car parking, service yard and associated works.	Net convenience floorspace is 812 sq m net. Net comparison floorspace is 8,000 sq m net.	6,500	52.0
Dacorum	4/01317/14/MFA, Gossoms End, Berkhamstead	Full Planning permission (4/01317/14/MFA) has been granted for a 1,884 sq m gross Lidl store and 30 flats. The development has not been implemented, but a number of applications to discharge the planning conditions have been submitted recently, which suggests that a start on site is imminent.	Net floorspace is 1,281 sq m net x 20% comparison goods area = 256 sq m	4,800	1.2
Dacorum	4/03157/16/MFA), Aviva site, Maylands Avenie, Hemel Hempstead	Outline planning permission (4/01132/15/MOA) has been granted for retail development (12,503 sq. metres), offices (3,004 sq. metres) and restaurants (650 sqm) at this site. The conditions attached to this permission stipulate that the net retail floor area shall not exceed 9,290 sq. metres. comprising a maximum of: • 1,414 sq. metres of convenience food goods • 7,848 sq. metres of comparison non-food goods The Council has now granted a reserved matters application (4/03157/16/MFA). This application proposes an increase in net convenience floorspace to 1,950 sqm.	We have assumed that the net to gross ratio for comparison goods is 75% = 5,613 sq m net	6,500	36.5
Total			**13,869**		**89.7**

Notes:

a. Gross floorspace derived from StorePoint database, Council records or Nexus Planning assessment

b. Net floorspace derived from StorePoint database or Council records where available or based on Nexus Planning professional judgement

c. Proportion of net floorspace derived from typical company split between convenience and comparison floorspace as identified by Verdict UK Food & Grocery Retailers 2015 with the exception of large food superstores (i.e. over 4,000 sq.m net sales area) which are assumed to have approximately 60:40 split in favour of convenience goods and local foodstore which are assumed to have 95% of net sales dedicated to convenience. Aldi and Lidl are assumed to have 80% of net sales dedicated to convenience goods, which correlates with our experience elsewhere

d. Sales densities relate to the monetary turnover of each square metre of net sales area and are derived for all retailers except Lidl and Aldi from Verdict UK Food & Grocery Retailers 2015, and for Lidl and Aldi from Mintel Retail Rankings 2015.

e. It has been assumed that all unnamed and local convenience stores within a centre (including B&M, Bargain Booze, Budgens, Costco, Heron Foods, One Stop) are 'trading at equilibrium' (i.e. their 'benchmark' turnover equates to that ientified by the survey)

f. Survey derived performance of stores calculated by addiing together 'main' and 'top up' turnover as set out in Table 4

Table 6a: Estimated 'capacity' for new convenience goods facilities in South West Hertfordshire (all five authority areas)

Year	Benchmark Turnover (£m)[1]	Survey Turnover (£m)[2]	Inflow (£m)	Designated Centre Overtrading (£m)	Surplus Expenditure (£m)
2017	1,153.0	1,380.5	36.0	141.5	121.9
2021	1,148.4	1,435.6	36.5	141.0	182.7
2026	1,149.6	1,520.0	36.9	141.1	266.3
2031	1,155.3	1,603.9	37.4	141.8	344.2
2036	1,161.1	1,690.6	37.8	142.5	424.7
Study Area Market Share (%)		**53.3**			

1. Allows for increased turnover efficiency as set out in Table 4a Experian Retail Planner 15 (December 2017)
2. Assumes constant market share claimed by South West Hertfordshire facilities at 53.3% from the Study Area
3. Designated Centre Overtrading is the surplus positive turnover of all stores within designated Centres within the five authority areas from Table 5

2016 Prices

Table 6b: Gross quantitative capacity for additional convenience goods floorspace in South West Hertfordshire

Year	Surplus Expenditure (£m)	Floorspace Capacity (sq m net) Min[1]	Max[2]
2017	121.9	10,500	13,400
2021	182.7	15,800	20,100
2026	266.3	23,000	29,200
2031	344.2	29,600	37,600
2036	424.7	36,300	46,100

1. Average sales density assumed to be £11,605 per sq.m (rounded) based on the average sales density of the leading four supermarkets as identified by Verdict 2016
2. Average sales density assumed to be £9,137 per sq.m (rounded) based on the average sales density of discount operators as identified by Verdict 2016
3. Allows for increased turnover efficiency as set out in Table 4a Experian Retail Planner 15 (December 2017)

2016 Prices

Table 6c: Extant convenience goods commitments in South West Hertfordshire

Destination	Reference	Proposal	Net Convenience Floorspace (sq m)	Estimated Sales Density (£/sq m)	Estimated Convenience Turnover (£m)
Hertsmere	N/A	Over 40 applications involving development to or from A classes have extant permission. However, none are sizable and most relate to changes of use of small High Street units. The extant permissions are judged largely to be neutral in floorspace terms.	0	0	0.0
Three Rivers	16/0005/FUL, South Oxhey regeneration	The approved Development Schedule sets out the type and maximum quantity of development that can be provided across the South Oxhey redevelopment as a whole. This permits up to 5,137 sqm of flexible town centre uses (Classes A1-A5, D1, D2, B1 and Bookmakers) including a Lidl foodstore of up to 1,714 sqm. The foodstore is proposed to be delivered within Phase 3A and would therefore form part of a subsequent RM application.	Lidl store assumed 1,714 sq m gross = 1,100 sq m net x 80% convenience goods area = 880 sq m net. Remaining new floorspace is likely to be replacement convenience goods floorspace so no further allowance is made.	4,800	4.2
Dacorum	4/00424/15/MOA, Jarman Park, St Albans Hill, Hemel Hempstead (revised application 4/00595/18/MFA)	The proposed development involves the erection of Class A1 retail development (to include convenience and comparison retail floorspace and ancillary cafe) and Class A3 drive thru café/restaurant (with ancillarytakeaway) unit together with access, car parking, service yard and associated works.	Net convenience floorspace is 1,184 sq m net and is anticipated to be occupied by Lidl. Net comparison floorspace is 7,400 sq m net.	4,800	5.7

Dacorum	4/01317/14/MFA, Gossoms End, Berkhamstead	Full Planning permission (4/01317/14/MFA) has been granted for a 1,884 sq m gross Lidl store and 30 flats. The development has not been implemented, but a number of applications to discharge the planning conditions have been submitted recently, which suggests that a start on site is imminent.	Net floorspace is 1,281 sq m net x 80% convenience goods area = 1,025 sq m	4,800	4.9
Dacorum	4/03157/16/MFA), Aviva site, Maylands Avenie, Hemel Hempstead	Outline planning permission (4/01132/15/MOA) has been granted for retail development (12,503 sq. metres), offices (3,004 sq. metres) and restaurants (650 sqm) at this site. The conditions attached to this permission stipulate that the net retail floor area shall not exceed 9,290 sq. metres. comprising a maximum of: • 1,414 sq. metres of convenience food goods • 7,848 sq. metres of comparison non-food goods The Council has now granted a reserved matters application (4/03157/16/MFA). This application proposes an increase in net convenience floorspace to 1,950 sqm.	1,950	10,000	19.5
Watford	16/00076/VAR, Charter Place, Watford	Part demolition/reconfiguration/change of use of existing Charter Place Shopping Centre, demolition of 37-57 and 67-69 High Street, and part retention of 63-65, High Street. Erection of new buildings within Classes A1(shops), A3 (restaurants) and D2 (including cinema), including provision of new covered market, together with associated plant and machinery, and ancillary facilities. Provision of new public realm. Alterations to existing pedestrian and cycle access and egress arrangements, highway alterations/ improvements and other ancillary works and operations. Variation of Condition 2 of planning permission ref. 14/00779/VAR to incorporate amendments to the ground and first floor retail units, second floor leisure unit, design of the high level glazed canopy, reorientation of the escalators and stairs within the central space and other minor amendments.	Gross florrspace addions of 10,291 sq m. We have assumed that the net:gross ratio is 70% = 7,204 sq m net. We have further asumed that 20% of this total will be dedicated to convenience goods = 1,441 sqm net.	9,000	13.0
St Albans	5/2016/3386, Griffiths Way South	Outline application (access and scale sought) for mixed use development comprising Class A1 (discount foodstore), Class A1 (non food retail), D2 (gym) and Class A3/A5 (restaurant and drive-through)	1,921	6,767	13.0
Total			**8,029**		**60.3**

2021	301.9	333.1	0.0	31.2
2026	302.2	352.7	0.0	50.5
2031	303.7	372.2	0.0	68.5
2036	305.2	392.3	0.0	87.1
Study Area Market Share (%)		**12.4**		

1. Allows for increased turnover efficiency as set out in Table 4a Experian Retail Planner 15 (December 2017)
2. Assumes constant market share claimed by Watford facilities at 12.3% from the Study Area (allows for no inflow uplift)
3. Designated Centre Overtrading is the surplus positive turnover of all stores within designated Centres within Watford from Table 5

2016 Prices

Table 6r: Gross quantitative capacity for additional convenience goods floorspace in Watford

Year	Surplus Expenditure (£m)	Floorspace Capacity (sq m net) Min[1]	Max[2]
2017	17.2	1,500	1,900
2021	31.2	2,700	3,400
2026	50.5	4,400	5,500
2031	68.5	5,900	7,500
2036	87.1	7,500	9,500

1. Average sales density assumed to be £11,605 per sq.m (rounded) based on the average sales density of the leading four supermarkets as identified by Verdict 2016
2. Average sales density assumed to be £9,137 per sq.m (rounded) based on the average sales density of discount operators as identified by Verdict 2016
3. Allows for increased turnover efficiency as set out in Table 4a Experian Retail Planner 15 (December 2017)

Notes:

a. Zones based on the post code sectors shown on the plan at Appendix A.

b. Per capita expenditure derived from Experian MMG3 data (2017 report)

c. Population derived from Experian MMG3 data (2017 report)

d. Per capita expenditure projected forward using forecast growth rates taken from Tables 1a and 1b of Experian Retail Planner Briefing Note 15

e. Expenditure excludes Special Forms of Trading in line with 'adjusted' allowance derived from Figure 5 of Appendix 3 of Experian Retail Planner Briefing Note 15

2016 Prices

South West Hertfordshire Retail & Leisure Stud
Nexus Planning

Notes:

a. Zones based on post code sectors

b. Market shares for 'main' and 'top-up' shopping derived directly from NEMS Household Survey (November 2016)

c. Excludes 'don't know/varies', markets and internet sales

d. Comparison goods Inflow allowed of 5% from St Albans as both a regional centre and a tourist destination, and 2.5% each from Watford as a regional centre.

South West Hertfordshire Retail & Leisure Study
Nexus Planning

Table 26a: Estimated 'capacity' for new comparison goods facilities in South West Hertfordshire (all five authority areas)

Year	Turnover (£m)[1]	Available Expenditure (£m)[2]	Inflow (£m)	Surplus Expenditure (£m)
2017	2,161.2	2,127.7	33.5	0.0
2021	2,300.5	2,331.3	36.8	67.6
2026	2,572.4	2,843.9	43.1	314.5
2031	2,868.1	3,466.7	50.4	649.0
2036	3,197.8	4,224.8	59.0	1,086.0
Study Area Market Share (%)		**49.8%**		

1. Allows for increased turnover efficiency as set out in Table 4b Experian Retail Planner 15 (December 2017)
2. Assumes reduced market share claimed by South West Hertfordshire facilities at 49.8% from the Study Area (currently 51.2%)

Table 26b: Gross quantitative capacity for additional comparison goods floorspace in South West Hertfordshire

Year	Surplus Expenditure (£m)	Floorspace Capacity (sq m net) Min[1]	Max[2]
2017	0.0	0	0
2021	67.6	8,500	11,600
2026	314.5	35,200	48,100
2031	649.0	65,200	89,000
2036	1,086.0	97,900	133,600

1. Average sales density assumed to be £7,500 per sq.m which Nexus Planning considers to be towards the higher end of what could be achieved in South West Hertfordshire
2. Average sales density assumed to be £5,500 per sq.m which Nexus Planning considers to be towards the lower end of what could be achieved in South West Hertfordshire
3. Allows for increased turnover efficiency as set out in Table 4b Experian Retail Planner 15 (December 2017)

Table 26c: Extant comparison goods commitments in South West Hertfordshire

Destination	Reference	Proposal	Net Convenience Floorspace (sq m)	Estimated Sales Density (£/sq m)	Estimated Comparison Turnover (£m)
Hertsmere	N/A	Over 40 applications involving development to or from A classes have extant permission. However, none are sizable and most relate to changes of use of small High Street units. The extant permissions are judged largely to be neutral in floorspace terms.	0	0	0.0
Three Rivers	16/0005/FUL, South Oxhey regeneration	The approved Development Schedule sets out the type and maximum quantity of development that can be provided across the South Oxhey redevelopment as a whole. This permits up to 5,137 sqm of flexible town centre uses (Classes A1-A5, D1, D2, B1 and Bookmakers) including a Lidl foodstore of up to 1,714 sqm. After allowing for a foodstore, offices and a bookmakers, there is 2,647 sq m of space left for potential comparison goods uses.	Assumed that comparison goods might be 75% of the 2,647 sq m residual figure = 1,985 sq m. We have assumed that 50% of this figure is 'new' floorspace (i.e. not replacement) = 992 sq m.	6,500	6.4
Dacorum	4/00424/15/MOA, Jarman Park, St Albans Hill, Hemel Hempstead	The proposed development involves the erection of Class A1 retail development (to include convenience and comparison retail floorspace and ancillary cafe) and Class A3 drive thru café/restaurant (with ancillarytakeaway) unit together with access, car parking, service yard and associated works.	Net convenience floorspace is 812 sq m net. Net comparison floorspace is 8,000 sq m net.	6,500	52.0
Dacorum	4/01317/14/MFA, Gossoms End, Berkhamstead	Full Planning permission (4/01317/14/MFA) has been granted for a 1,884 sq m gross Lidl store and 30 flats. The development has not been implemented, but a number of applications to discharge the planning conditions have been submitted recently, which suggests that a start on site is imminent.	Net floorspace is 1,281 sq m net x 20% comparison goods area = 256 sq m	4,800	1.2
Dacorum	4/03157/16/MFA), Aviva site, Maylands Avenie, Hemel Hempstead	Outline planning permission (4/01132/15/MOA) has been granted for retail development (12,503 sq. metres), offices (3,004 sq. metres) and restaurants (650 sqm) at this site. The conditions attached to this permission stipulate that the net retail floor area shall not exceed 9,290 sq. metres. comprising a maximum of: • 1,414 sq. metres of convenience food goods • 7,848 sq. metres of comparison non-food goods The Council has now granted a reserved matters application (4/03157/16/MFA). This application proposes an increase in net convenience floorspace to 1,950 sqm.	We have assumed that the net to gross ratio for comparison goods is 75% = 5,613 sq m net	6,500	36.5
Watford	16/00076/VAR, Charter Place, Watford	Part demolition/reconfiguration/change of use of existing Charter Place Shopping Centre, demolition of 37-57 and 67-69 High Street, and part retention of 63-65, High Street. Erection of new buildings within Classes A1(shops), A3 (restaurants) and D2 (including cinema), including provision of new covered market, together with associated plant and machinery, and ancillary facilities. Provision of new public realm. Alterations to existing pedestrian and cycle access and egress arrangements, highway alterations/ improvements and other ancillary works and operations. Variation of Condition 2 of planning permission ref. 14/00779/VAR to incorporate amendments to the ground and first floor retail units, second floor leisure unit, design of the high level glazed canopy, reorientation of the escalators and stairs within the central space and other minor amendments.	Gross florrspace addions of 10,291 sq m. We have assumed that the net:gross ratio is 70% = 7,204 sq m net. We have further asumed that 80% of this total will be dedicated to convenience goods = 5,763 sq m net.	7,500	43.2
St Albans	5/2016/3386, Griffiths Way South	Outline application (access and scale sought) for mixed use development comprising Class A1 (discount foodstore), Class A1 (non food retail), D2 (gym) and Class A3/A5 (restaurant and drive-through)	4,800	6,500	31.2
St Albans	5/2016/3629, Hertfordshire House Civic Close St Albans	Infill of building overhang at ground floor and partial change of use of basement and ground floor to flexible commercial use (A1/A2/A3/B1/D1).	218	6,500	1.4
St Albans	5/2015/2212, Town Hall, St Albans	Change of use of building to accommodate new museum and gallery with ancillary cafe and retail facilities including extension of basement, first floor glazed link extensions, display of advertisement banners and lettering, replac	200	6,500	1.3

St Albans	5/2015/2212, Town Hall, St Albans	Change of use of building to accommodate new museum and gallery with ancillary cafe and retail facilities including extension of basement, first floor glazed link extensions, display of advertisement banners and lettering, replac	200	6,500	1.3
Total			**5,763**		**33.9**

Table 26x: Net quantitative capacity for additional comparison goods floorspace in St Albans

Year	Surplus Expenditure (£m)	Commitments (£m)	Residual Expenditure (£m)	Floorspace Capacity (sq m net)	
				Min[1]	Max[2]
2017	0.0	33.9	-33.9	-4,500	-6,200
2021	-21.3	36.1	-57.4	-7,200	-9,800
2026	19.8	40.4	-20.5	-2,300	-3,100
2031	76.6	45.0	31.6	3,200	4,300
2036	151.5	50.2	101.4	9,100	12,500

1. Average sales density assumed to be £7,500 per sq.m which Nexus Planning considers to be towards the higher end of what could be achieved in South West Hertfordshire
2. Average sales density assumed to be £5,500 per sq.m which Nexus Planning considers to be towards the lower end of what could be achieved in South West Hertfordshire
3. Residual calculated by subtracting turnover of commitments (sourced from Table 26w) from surplus expenditure (sourced from Table 26u)
4. Allows for increased turnover efficiency as set out in Table 4b Experian Retail Planner 15 (December 2017)
2016 Prices

Appendix F | Centre Boundaries

Appendix F – Centre Boundaries

The NPPF (2012) provides definitions of 'Primary Shopping Area' and 'Primary' and 'Secondary' Frontages in the glossary at Annex 2. The following definitions should be read in conjunction with Section 9 (H) of this Retail Study. It is noted however that the updated NPPF published in July 2018 has removed the requirement to designate Primary Frontages and Secondary Frontages. Notwithstanding, references to Primary Frontages and Secondary Frontages have not been removed from the conclusions of the Study as this was a point of detailed discussion with the five local authorities. While the revised NPPF may not require the designation of Primary Frontages and Secondary Frontages, they may still represent a valid reference point for future policy making.

Primary Shopping Area – A defined area where retail development is concentrated (generally comprising the Primary and Secondary Frontages which are adjoining and closely related to the Primary Shopping Frontage).

Primary Frontages – Likely to include a high proportion of retail uses which may include food, drinks, clothing and household goods.

Secondary Frontages – Secondary Frontages provide greater opportunities for a diversity of uses.

We have defined each of these three categories for the larger centres within South West Hertfordshire, where there are clear distinctions between each category.

For some smaller centres though, it is not as easy to distinguish between Primary and Secondary Frontages. It can also be less desirable to do so in the context of the evolving role of town centres and the reduced reliance on a core of exclusively Class A1 retail uses to draw visitors to town centres. This is reflected in the general trends, described in Section 2 of this report, which shows that the ratio of A uses is changing with an inclination towards leisure services such as bars, cafes and restaurants, as well as other entertainment establishments.

In a number of smaller centres, we have therefore recommended that no Primary or Secondary Frontages be defined so that there is a greater level of flexibility of units within the Primary Shopping Area, thus strengthening the vitality and viability of the town centre. For example, Primary and Secondary Frontage designations are often restrictive to a certain proportion of Class A1 use, which could limit potential non-A1 occupiers that would otherwise positively impact on the draw of the town centre.

In order to ensure the centre's ability to adapt to future changes, it is advised that the current retail policies are replaced with more flexible wording. For example, each assessed centre could benefit from a policy that aims to retain a certain threshold A1 uses in the Primary Shopping Area, yet allows, as an exception, other town centre uses (as defined by the NPPF) where these would not have a significant adverse impact on the role and function of the centre in question assessed against a set list of criteria. In our experience, this is a policy approach that is increasingly being adopted by Local Planning Authorities for their respective town centres.

Our recommendations, and justifications, are described in the table which follows and are shown on the plans which accompany this appendix.

The mapping base used by Nexus differs to those of each local authority. For the avoidance of doubt when comparing existing and proposed boundaries, please refer to the schedule below where all proposed changes are listed.

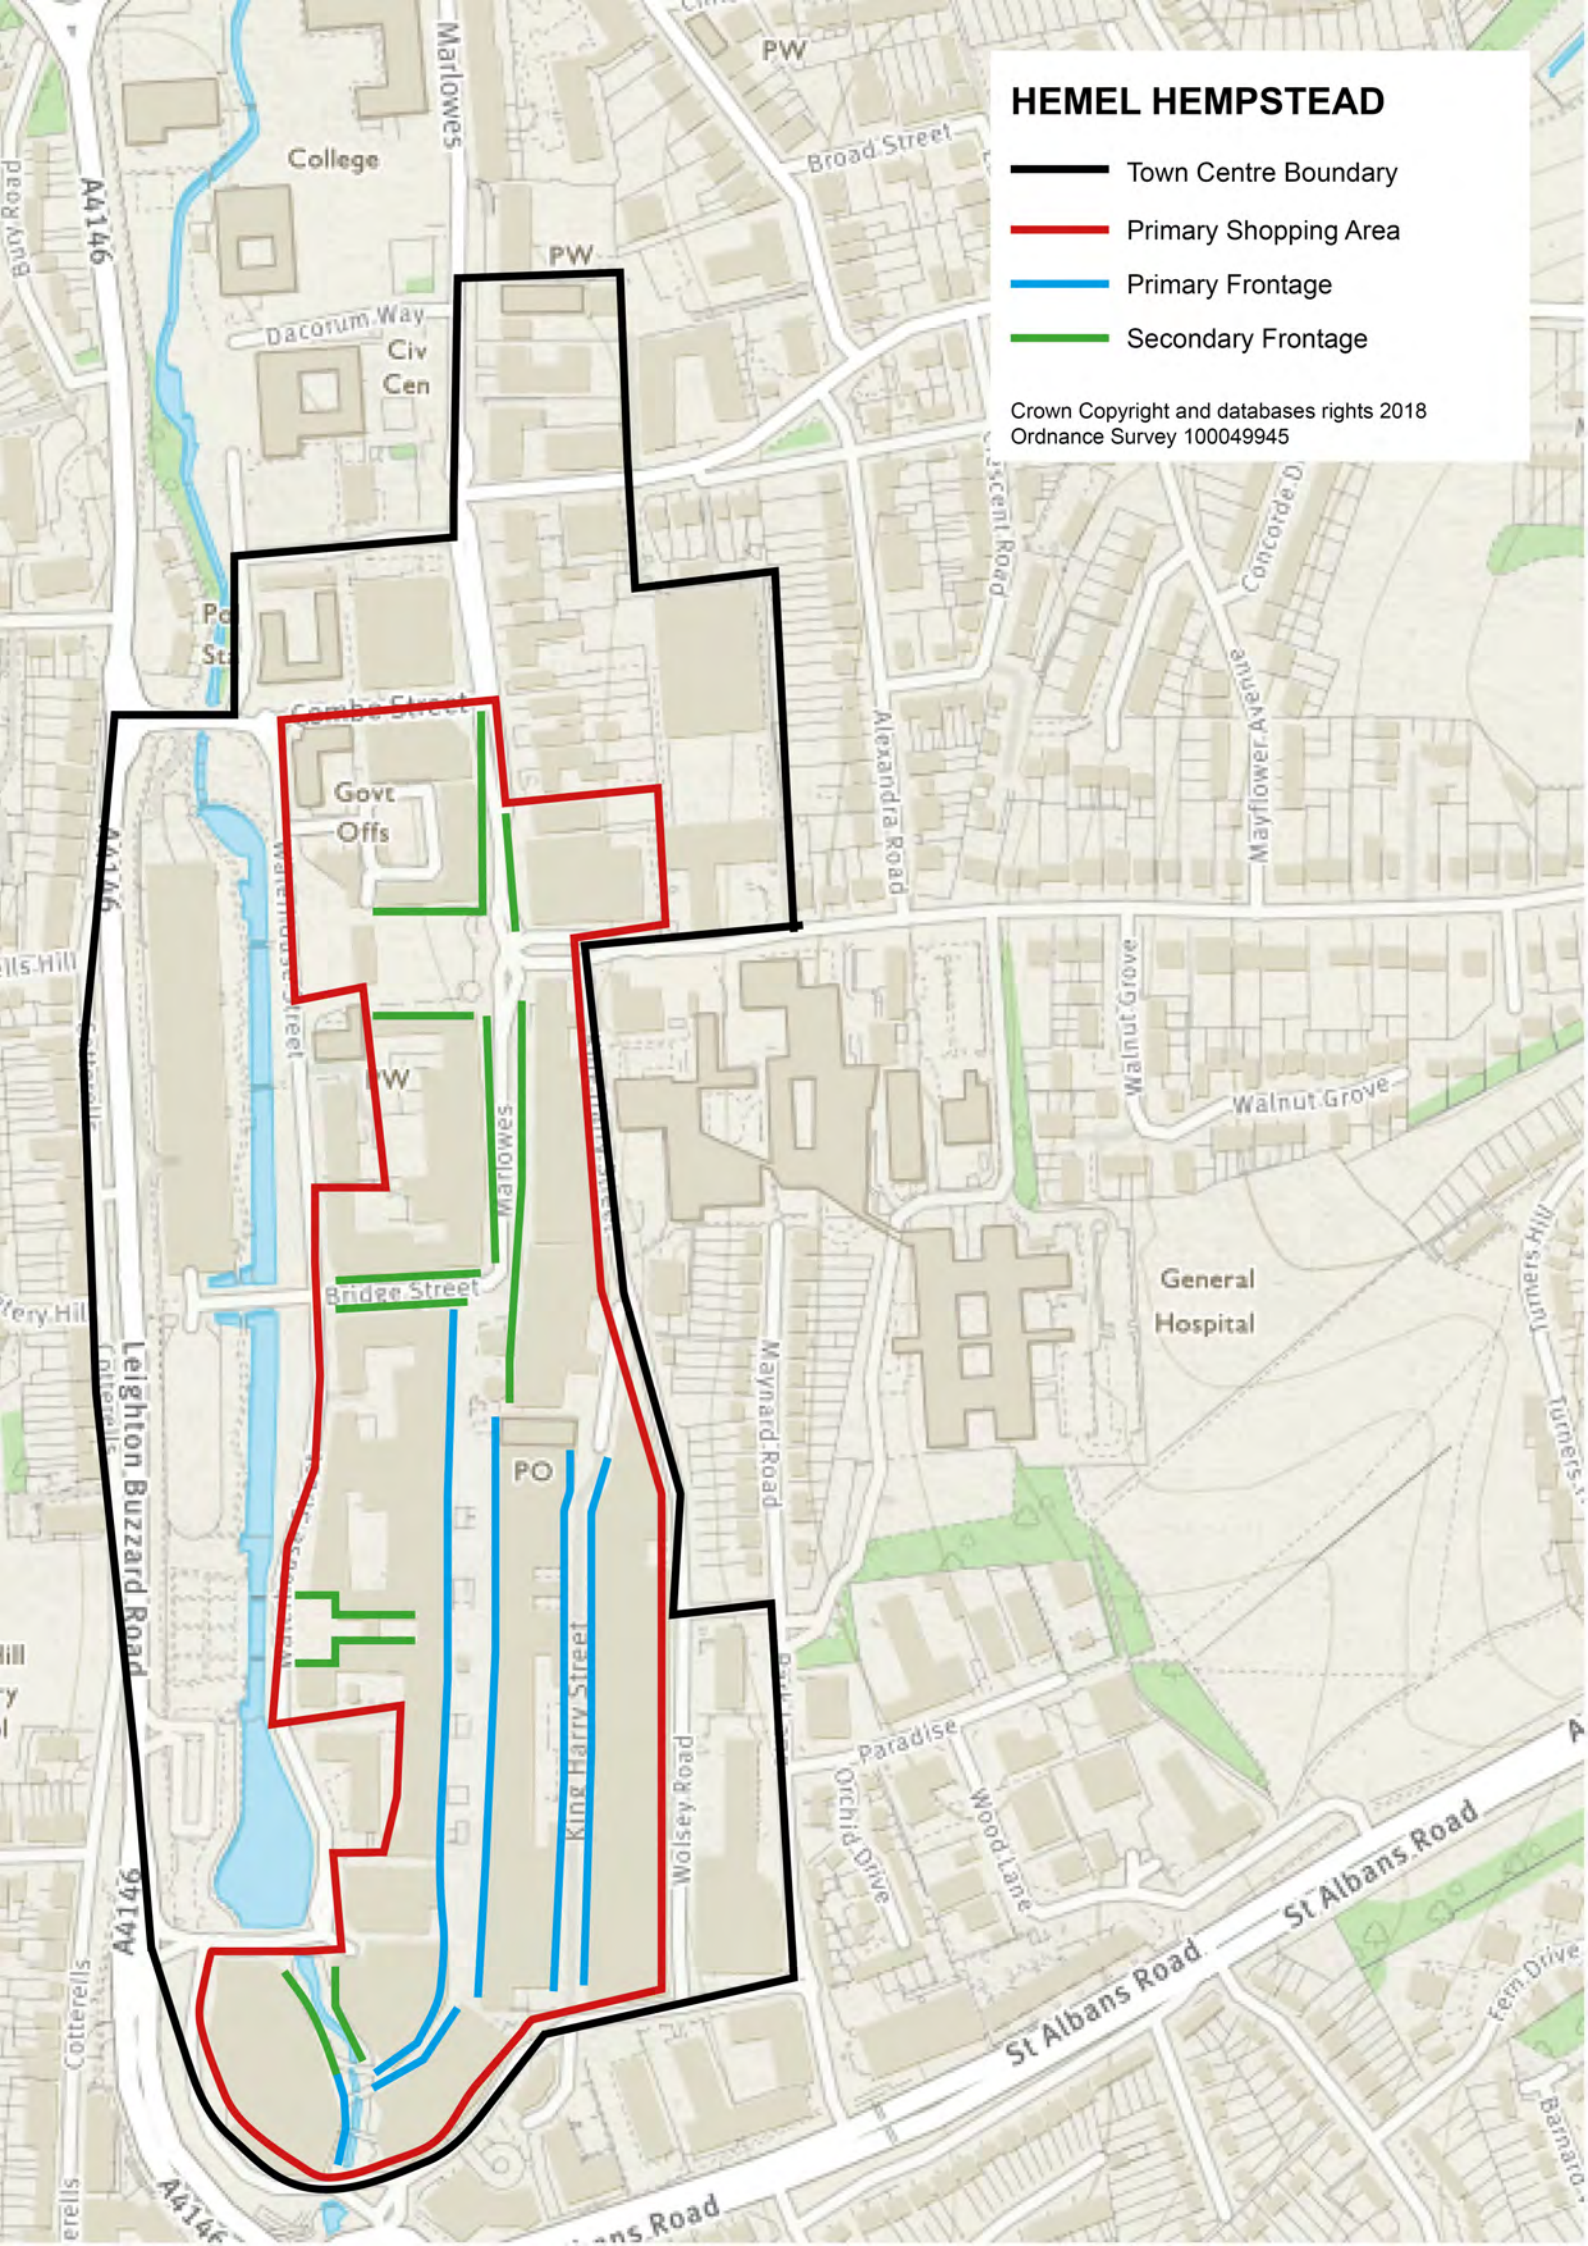
Centre	Changes proposed to Town Centre, Primary Shopping Area and Primary and Secondary Shopping Frontages	Justification
Dacorum Borough Council		
Hemel Hempstead	A separate Town Centre Boundary is proposed for Hemel Hempstead and Hemel Hempstead Old Town.	It is considered that Hemel Hempstead and Hemel Hempstead Old Town have separate functions and the best policy approach is to classify them as two separate centres. Hemel Hempstead Old Town has a different role to Hemel Hempstead, offering speciality shopping such as antique and gift shops, whilst also providing a strong food and drink offer. As outlined in Figure 9.7 (Suggested Retail Hierarchy for Larger Centres in South- West Hertfordshire) of this Retail and Leisure Study, Hemel Old Town is proposed as a district centre.
	It is proposed that Hemel Hempstead will have its own Town Centre Boundary.	Hemel Hempstead's Town Centre Boundary will extend up to the Forum and the Police Station on the west side of Marlowes and up to and including Carey Baptist Church on the east side of the Marlowes. This area is predominantly occupied by town centre uses. Past this point, the string of shops to the east of the Marlowes function separately to the main town centre and act as an extension to Hemel Old Town.
	We propose that both centres should have their own Primary Shopping Areas as identified in Appendix F.	The Primary Shopping Area is the area where the main retail uses are concentrated.

Centre	Changes proposed to Town Centre, Primary Shopping Area and Primary and Secondary Shopping Frontages	Justification
	Proposals include removing the residential development south of Selden Hill and residential development west of Leighton Buzzard Road from the Town Centre Boundary.	These units are separated by the main road and do not function as part of the town centre.
	A Primary Shopping Area has been proposed which extends up to Coombe Street to the west of Marlowes and 89 Marlowes to the east. This includes the defined Primary and Secondary Frontages. Primary and Secondary Shopping Frontages are not proposed within Hemel Hempstead Old Town.	The exclusion of Primary and Secondary Frontages allows for flexibility within the proposed Primary Shopping Area.
	The District Centre Boundary for Hemel Hempstead Old Town is proposed to extend to 1-22A Marlowes and 60 Queensway.	The inclusion of these units allows for the consolidation of Hemel Hempstead Old Town's retail offer. The prime retail offer for Hemel Hempstead Old Town is located along the High Street.
Berkhamsted	No change to the Primary and Secondary Frontage is proposed as shown in the Dacorum Site Allocations DPD (2017).	
	A Primary Shopping Area has been created focusing on the High Street including the Primary and Secondary Frontages.	The Primary Shopping Area is the area where the main retail uses are concentrated.

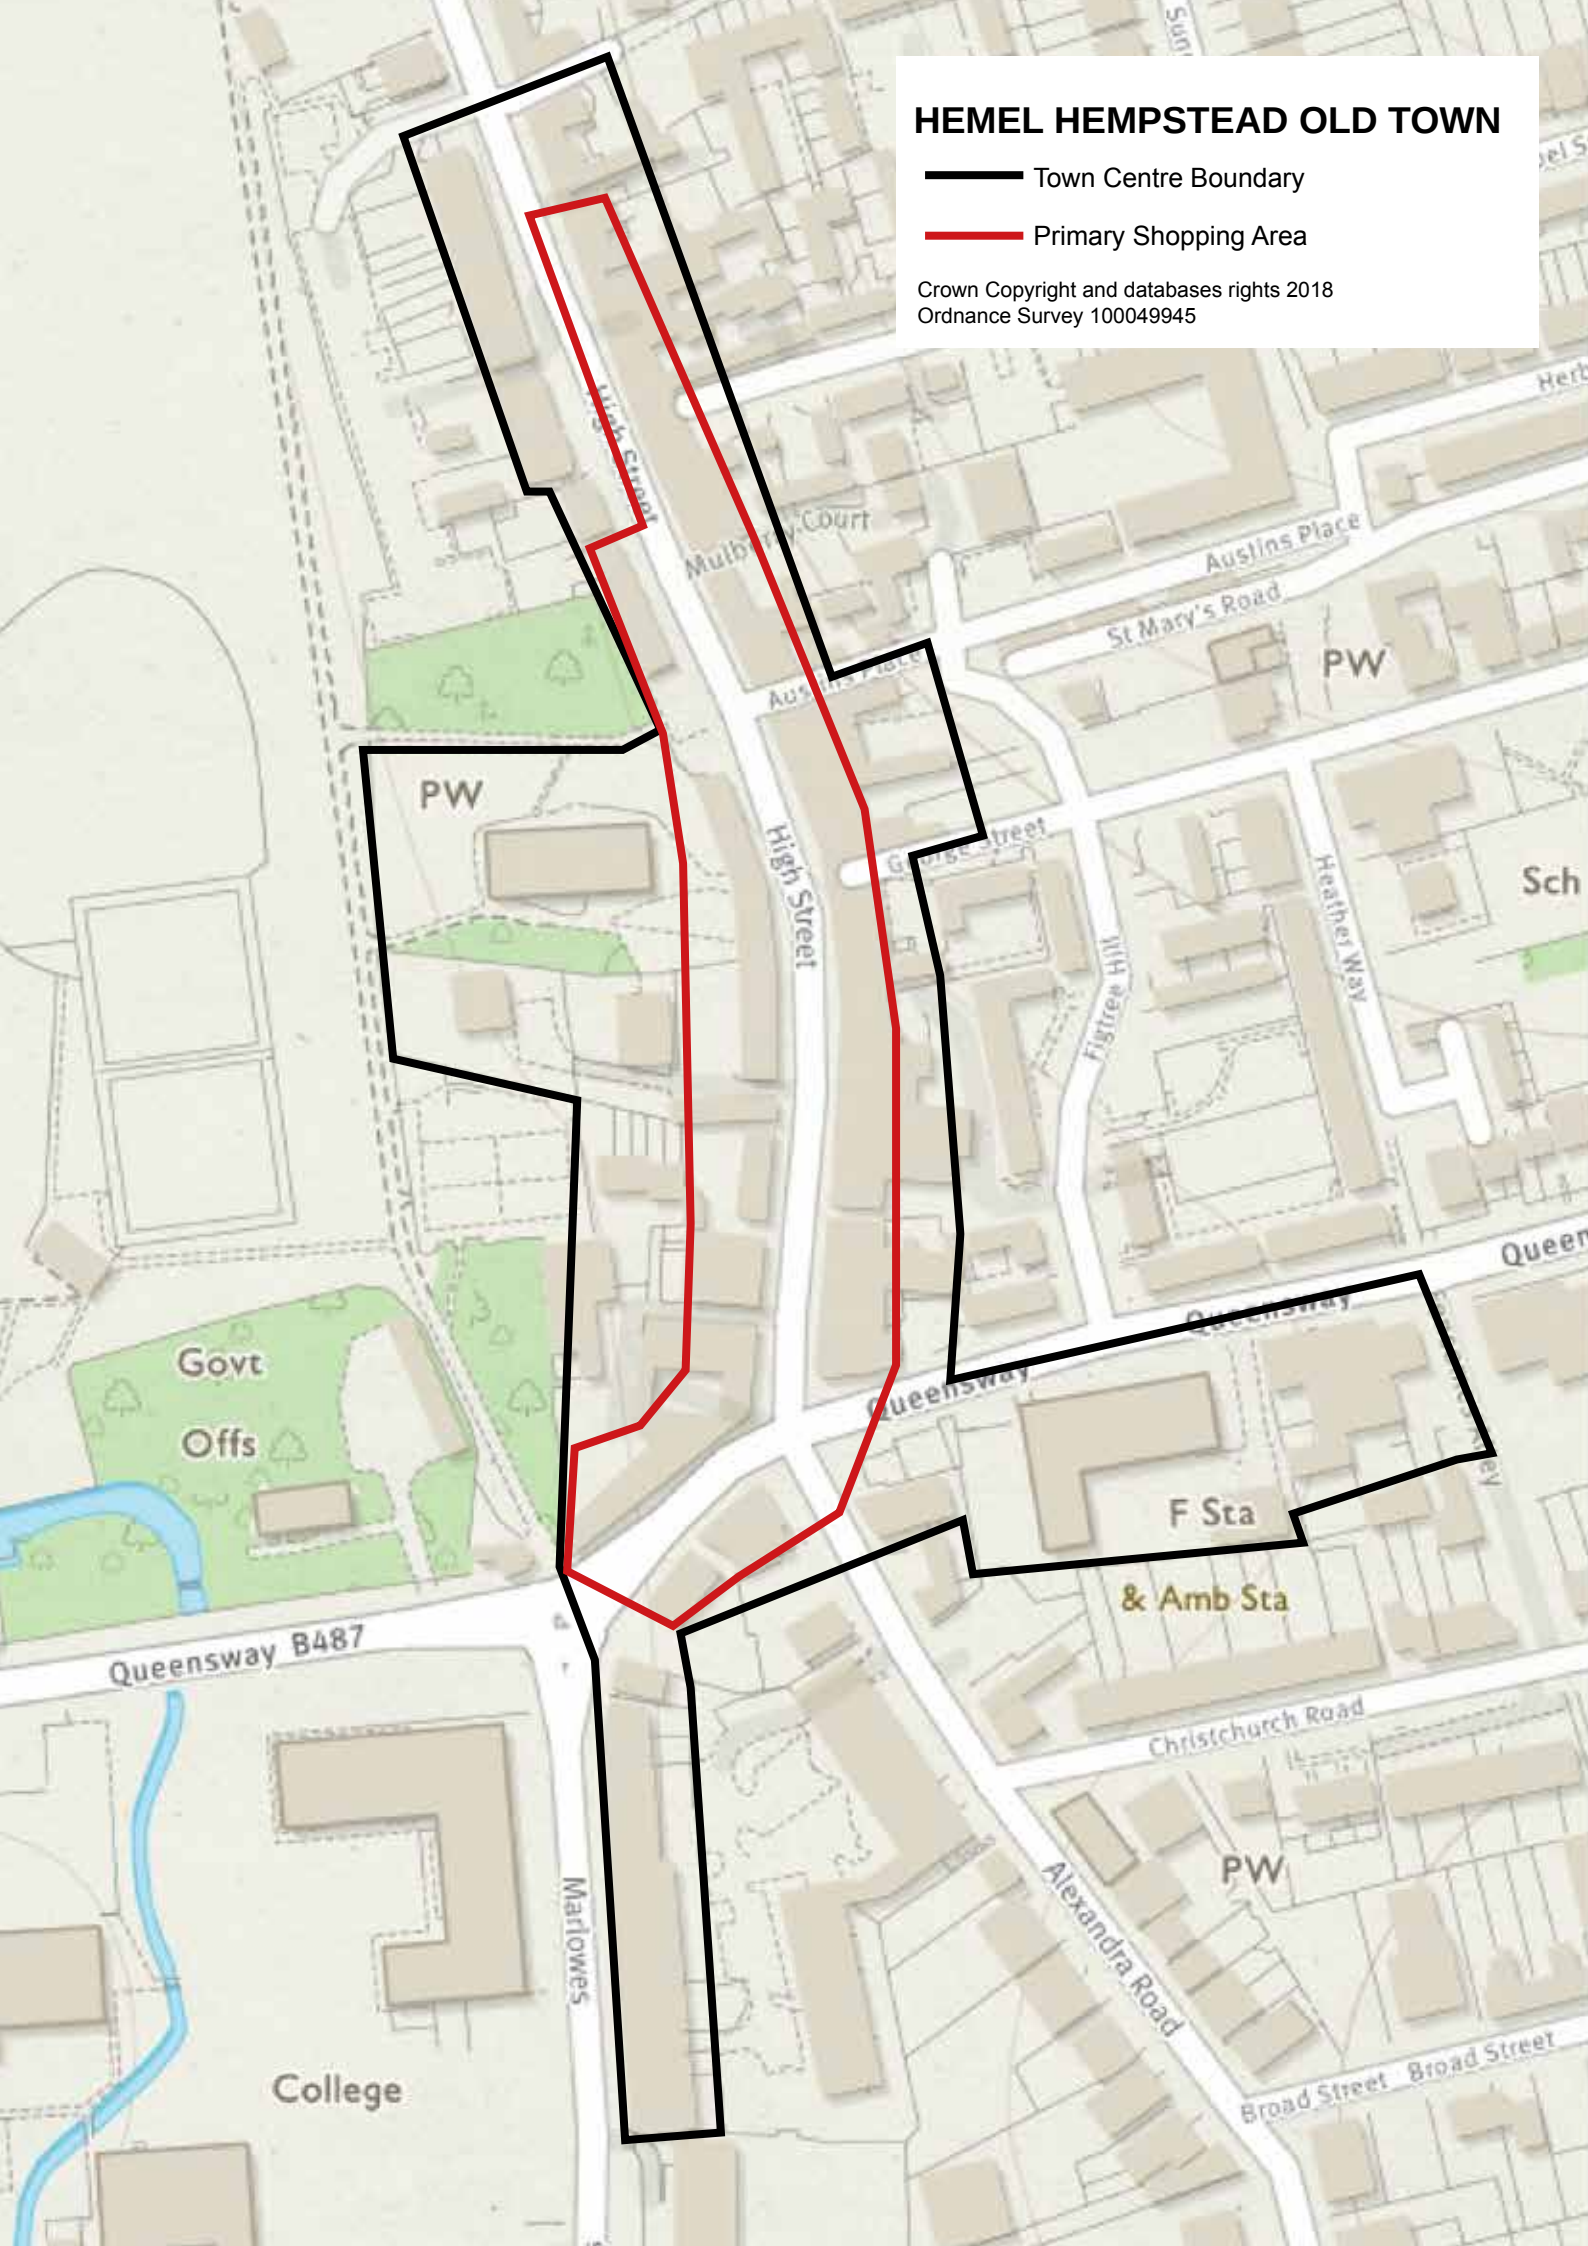
Centre	Changes proposed to Town Centre, Primary Shopping Area and Primary and Secondary Shopping Frontages	Justification
Tring	The Town Centre Boundary has not changed from the adopted Local Plan. A Primary Shopping Area has been created to include the main High Street, Frogmore Street and Dolphin Square.	 The Primary Shopping Area is the area where the main retail uses are concentrated.
Hertsmere Borough Council		
Borehamwood	No change to the existing Town Centre Boundary, but the addition of a Primary Shopping Area. The Primary Shopping Area includes Shenley Road, Borehamwood Shopping Park and Reel Cinema/Gala Bingo, but does not include the Tesco Extra, the railway station or buildings on the eastern side of Theobald Street, which are all on the edge of the Town Centre Boundary. While Shenley Road and Borehamwood Retail Park function quite differently, both are important aspects of the Town Centre. The central part of Shenley Road and the Shopping Park are both proposed as Primary Shopping Frontage. Primary and Secondary Frontages have been proposed for units within the Primary Shopping Area	The Primary Shopping Area is the area where the main retail uses are concentrated. Tesco Extra has been excluded from the Primary Shopping Area as the majority of trips are carried out by car and may not lead to linked trips into the Town Centre due to the Tesco being disconnected from Shenley Road. Both Shenley Road and the Borehamwood Retail Park include a high proportion of A1 use class units that contribute significantly to the footfall of the town centre. Due to its central location and car park provision, shoppers who park at the Retail Park are more likely to carry out linked trips within the town centre, particularly compared with Tesco Extra. Primary and Secondary Frontages have been included within the Primary Shopping Area. Primary Frontages have been proposed for the core areas of footfall generation,

Centre	Changes proposed to Town Centre, Primary Shopping Area and Primary and Secondary Shopping Frontages	Justification
	with frontage to Shenley Road and within the Borehamwood Retail Park.	while Secondary Frontages have been proposed along Shenley Road towards the east and west edges of the Primary Shopping Area. Community facilities including the Borehamwood Library and All Saints Church on Shenley Road have been included within the Primary Shopping Frontage as they represent important footfall generators and are considered to be main town centre uses.
Potters Bar Darkes Lane	Minor amendments to the adopted Local District Centre Boundary, and addition of a Primary Shopping Area. We propose the removal of non-retail buildings to the west of Darkes Lane from the Town Centre Boundary, and the introduction of a Primary Shopping Area which incorporates the two main groupings of shops north and south of the railway line. Primary and Secondary Frontages are not proposed	The addition of a Primary Shopping Area, where the main retail uses are concentrated, allows for flexibility within the town centre. The removal of non-retail buildings is proposed to consolidate the town centre and provide a focus on main town centre uses. The majority of these building are residential and do not contribute to the town centre. The Manor Road Car Park has also been excluded for this reason. To allow flexibility within the proposed Primary Shopping Area. Hertsmere Borough Council will be considering the appropriateness of designating Primary and/ or Secondary Frontages for Potters Bar Darkes Lane in the new Local Plan as its preparation progresses.

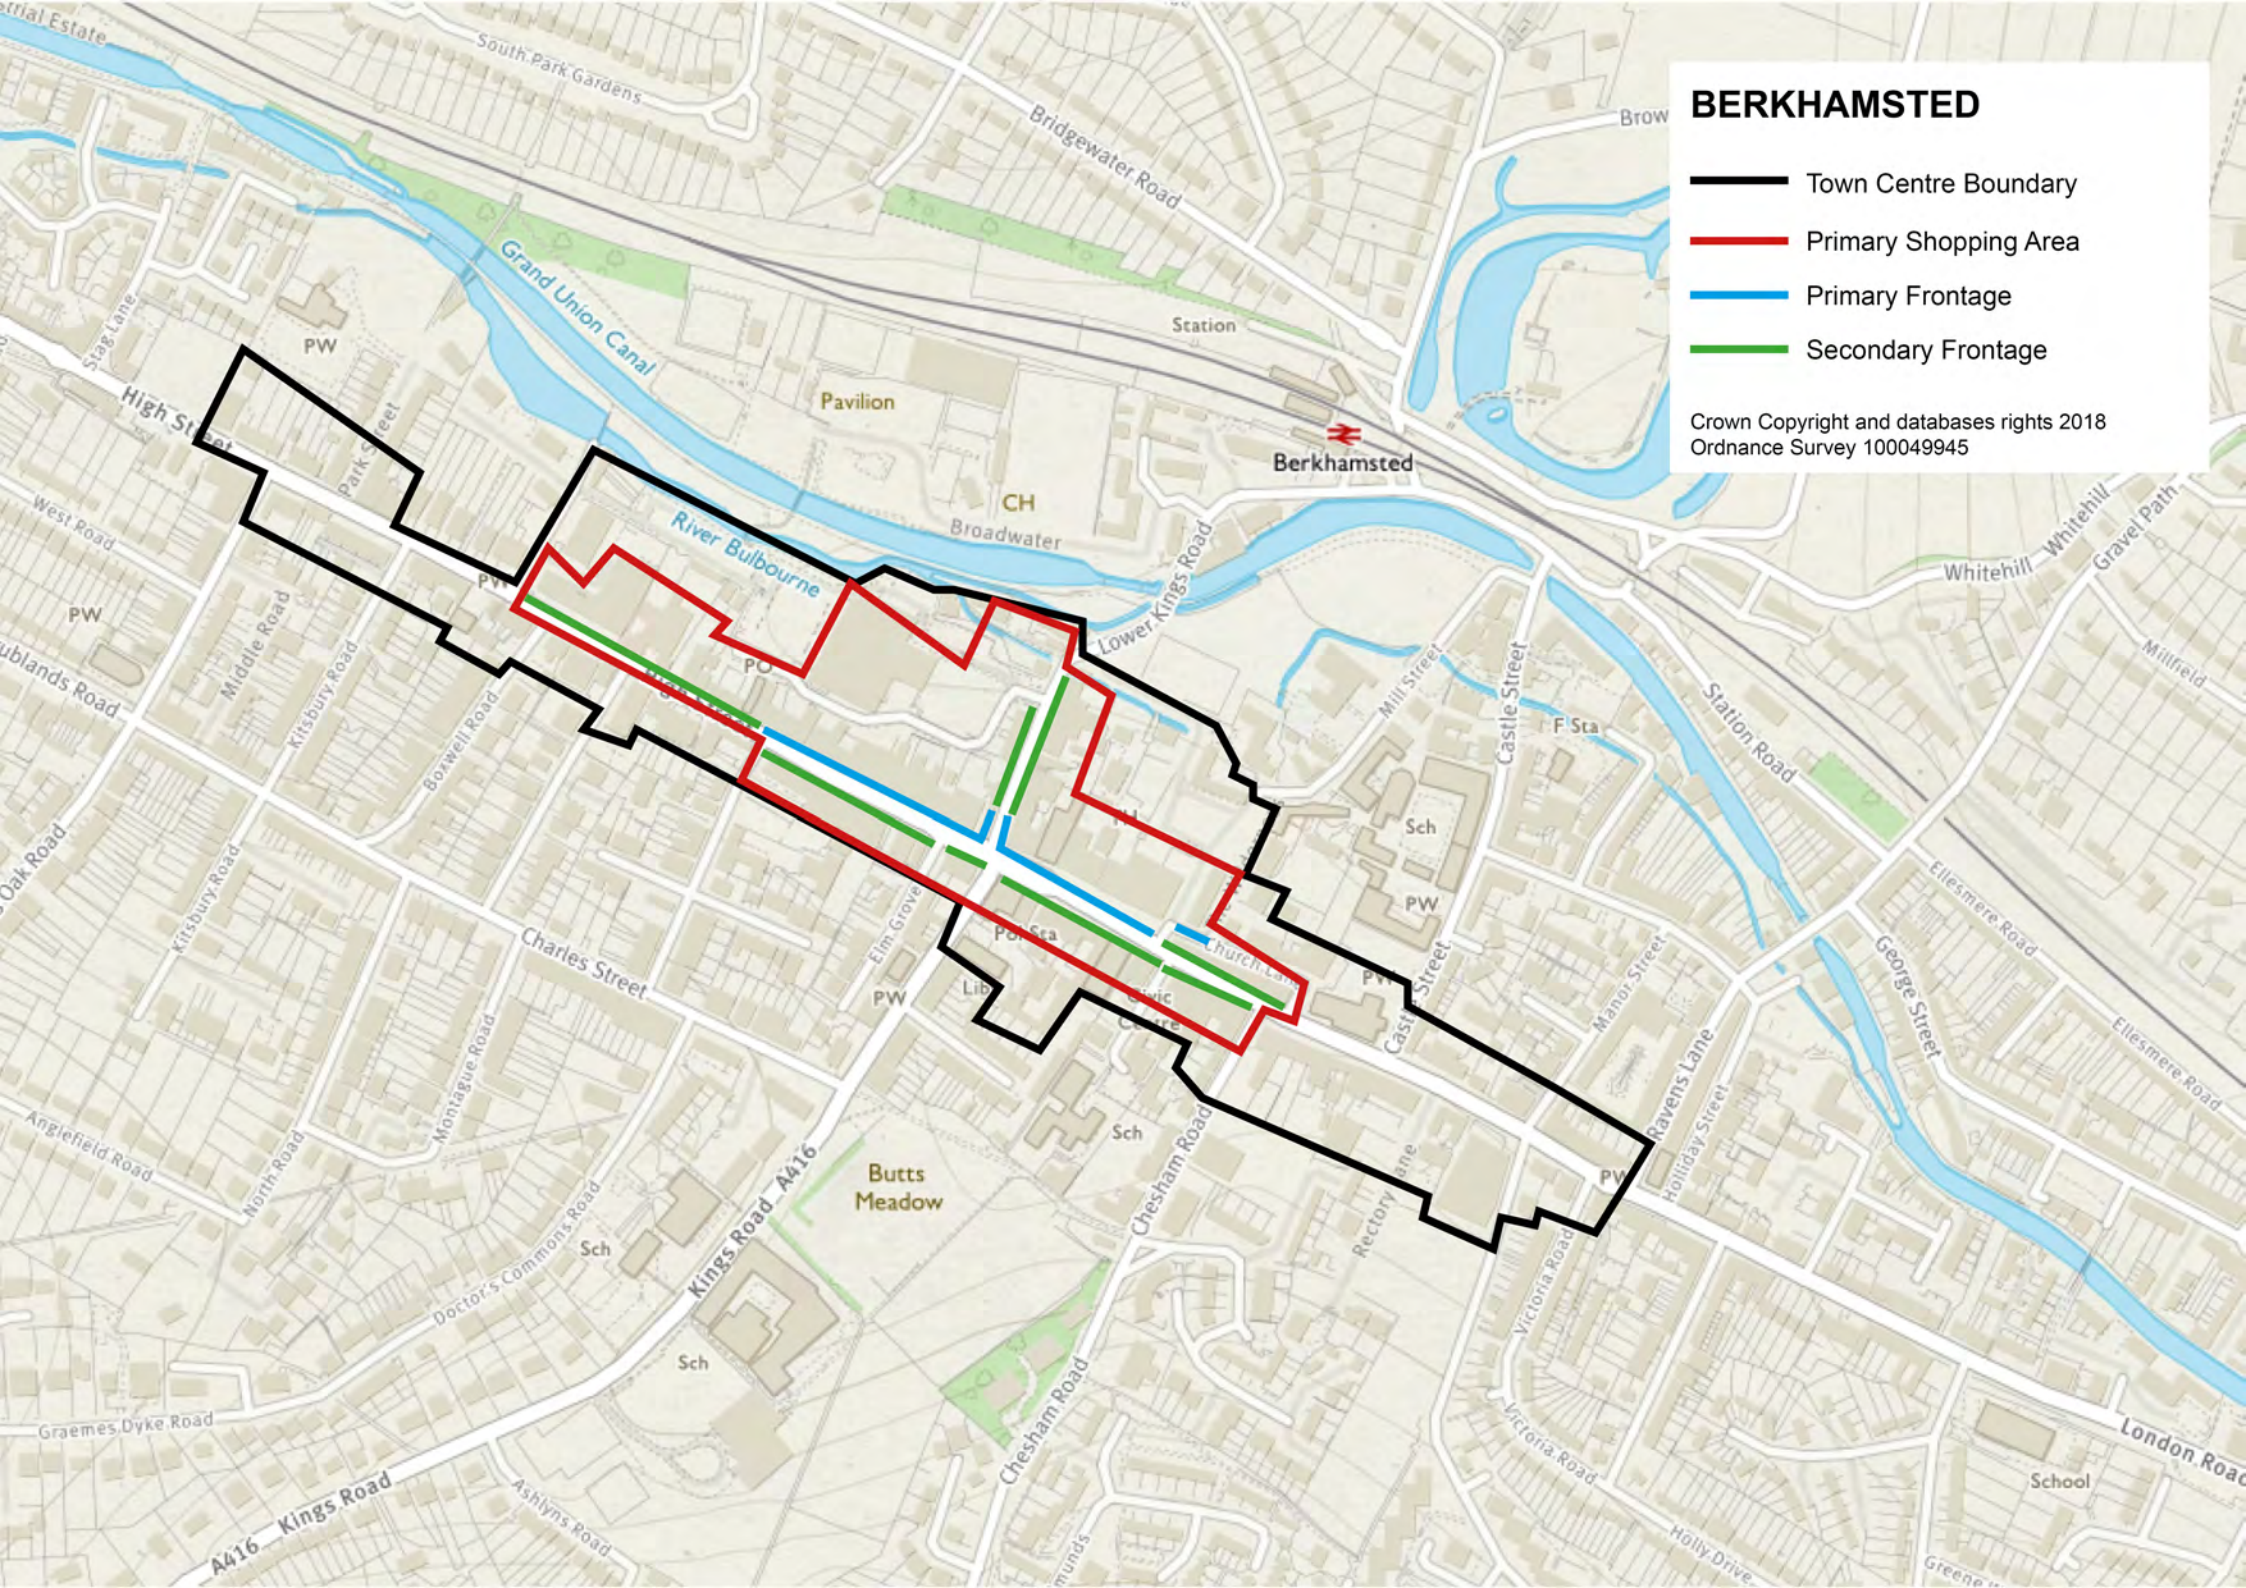
Centre	Changes proposed to Town Centre, Primary Shopping Area and Primary and Secondary Shopping Frontages	Justification
Potters Bar High Street	No change to the existing District Centre Boundary, but the addition of a Primary Shopping Area is proposed. The proposed Primary Shopping Area will include all units with frontage to High Street, but excludes the Tesco Superstore.	Primary and Secondary Frontages are not proposed to allow flexibility within the proposed Primary Shopping Area where the main retail uses are concentrated. The units fronting Potters Bar High Street generate a high level of footfall and include the main retail uses within the Town Centre. The Tesco Superstore has been excluded from the Primary Frontage as the majority of trips are carried out by car and may not lead to linked trips into the town centre. Hertsmere Borough Council will be considering the appropriateness of designating Primary and/ or Secondary Frontages for Potters Bar High Street in the new Local Plan as its preparation progresses.
Radlett	No change to the existing District Centre Boundary, but the addition of a Primary Shopping Area is proposed. Introduction of a Primary Shopping Area that incorporates the retail units within the District Centre Boundary facing onto Watling Street. Primary and Secondary Frontages are not proposed.	The addition of a Primary Shopping Area, where the main retail uses are concentrated, allows for flexibility within the town centre. Hertsmere Borough Council will be considering the appropriateness of designating Primary and/ or Secondary Frontages for Radlett in the new Local Plan as its preparation progresses.



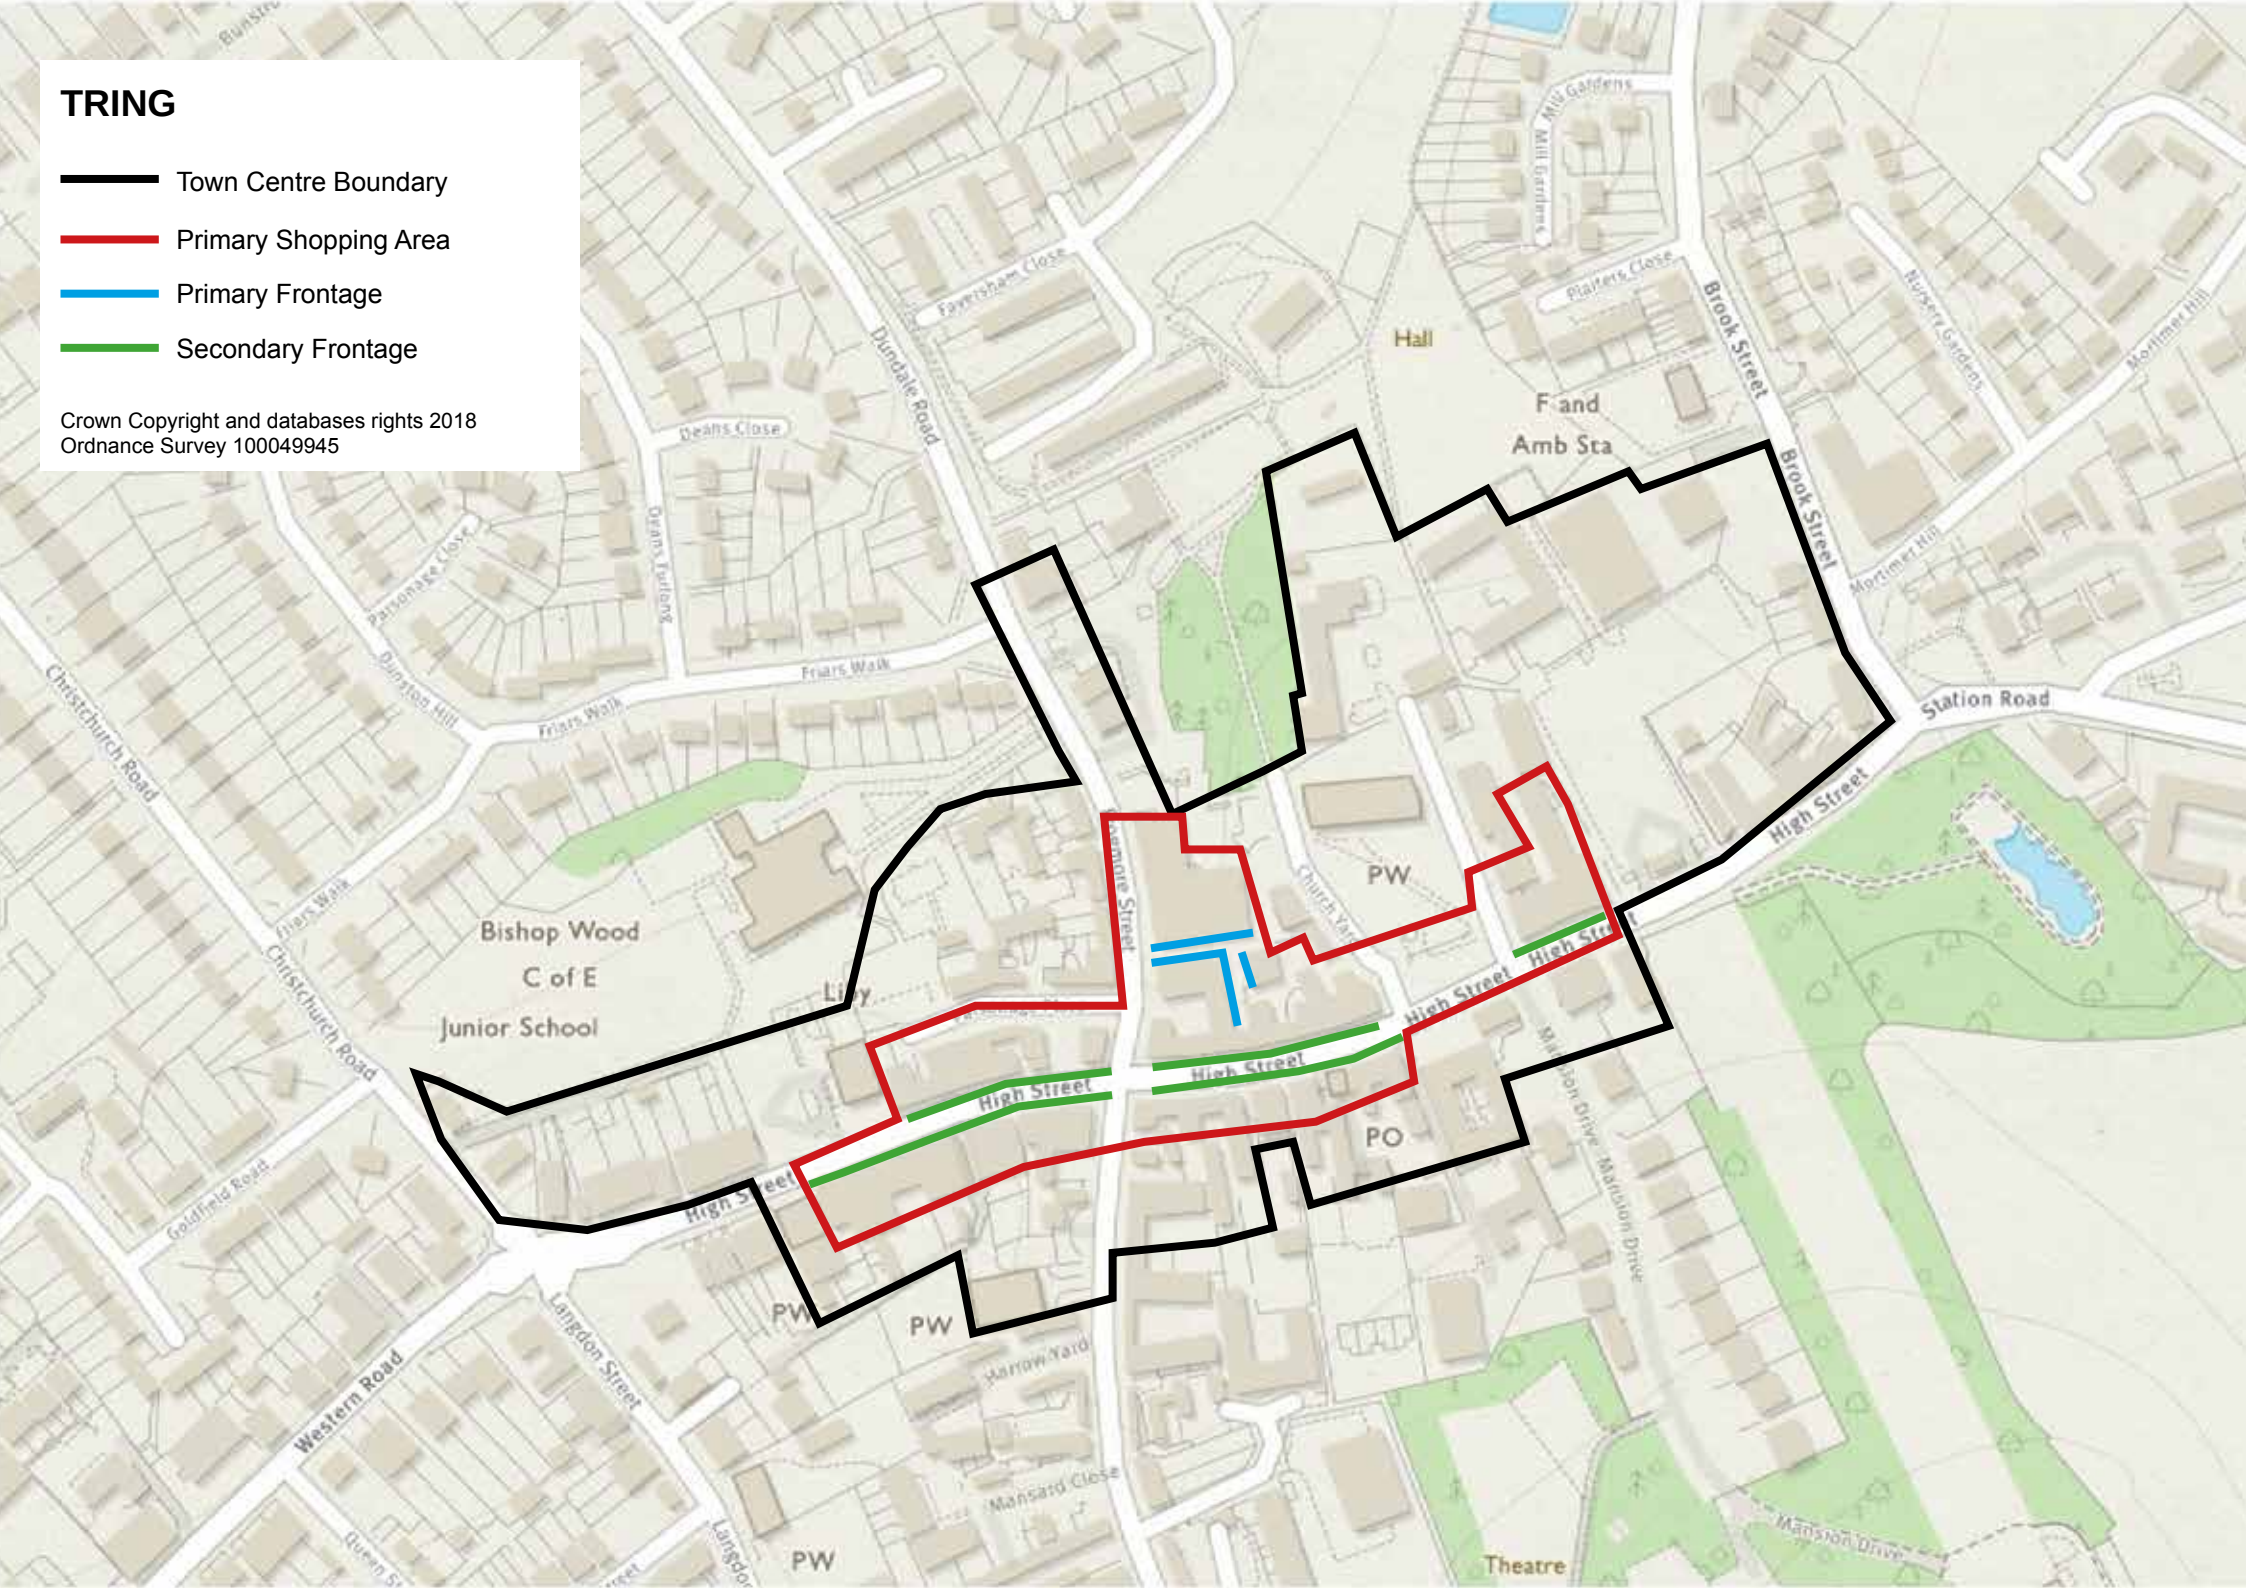
Centre	Changes proposed to Town Centre, Primary Shopping Area and Primary and Secondary Shopping Frontages	Justification
Bushey	No change to the existing District Centre Boundary, but the addition of a Primary Shopping Area. Primary and Secondary Frontages are not proposed	A Primary Shopping Area has been added, and incorporates all retail units with frontage to High Street. To allow flexibility within the proposed Primary Shopping Area. Hertsmere Borough Council will be considering the appropriateness of designating Primary and/ or Secondary Frontages for Bushey in the new Local Plan as its preparation progresses.
Bushey Heath	No change to the existing District Centre Boundary, but the addition of a Primary Shopping Area. Primary and Secondary Frontages are not proposed.	Bushey Heath District Centre is already fairly compact. The Primary Shopping Area has been introduced to cover all retail units with frontage to the High Street within the District Centre Boundary. To allow flexibility within the proposed Primary Shopping Area. Hertsmere Borough Council will be considering the appropriateness of designating Primary and/ or Secondary Frontages for Bushey Heath in the new Local Plan as its preparation progresses.
Three Rivers District Council		
Rickmansworth	Proposals include the creation of a Town Centre Boundary and Primary Shopping Area.	



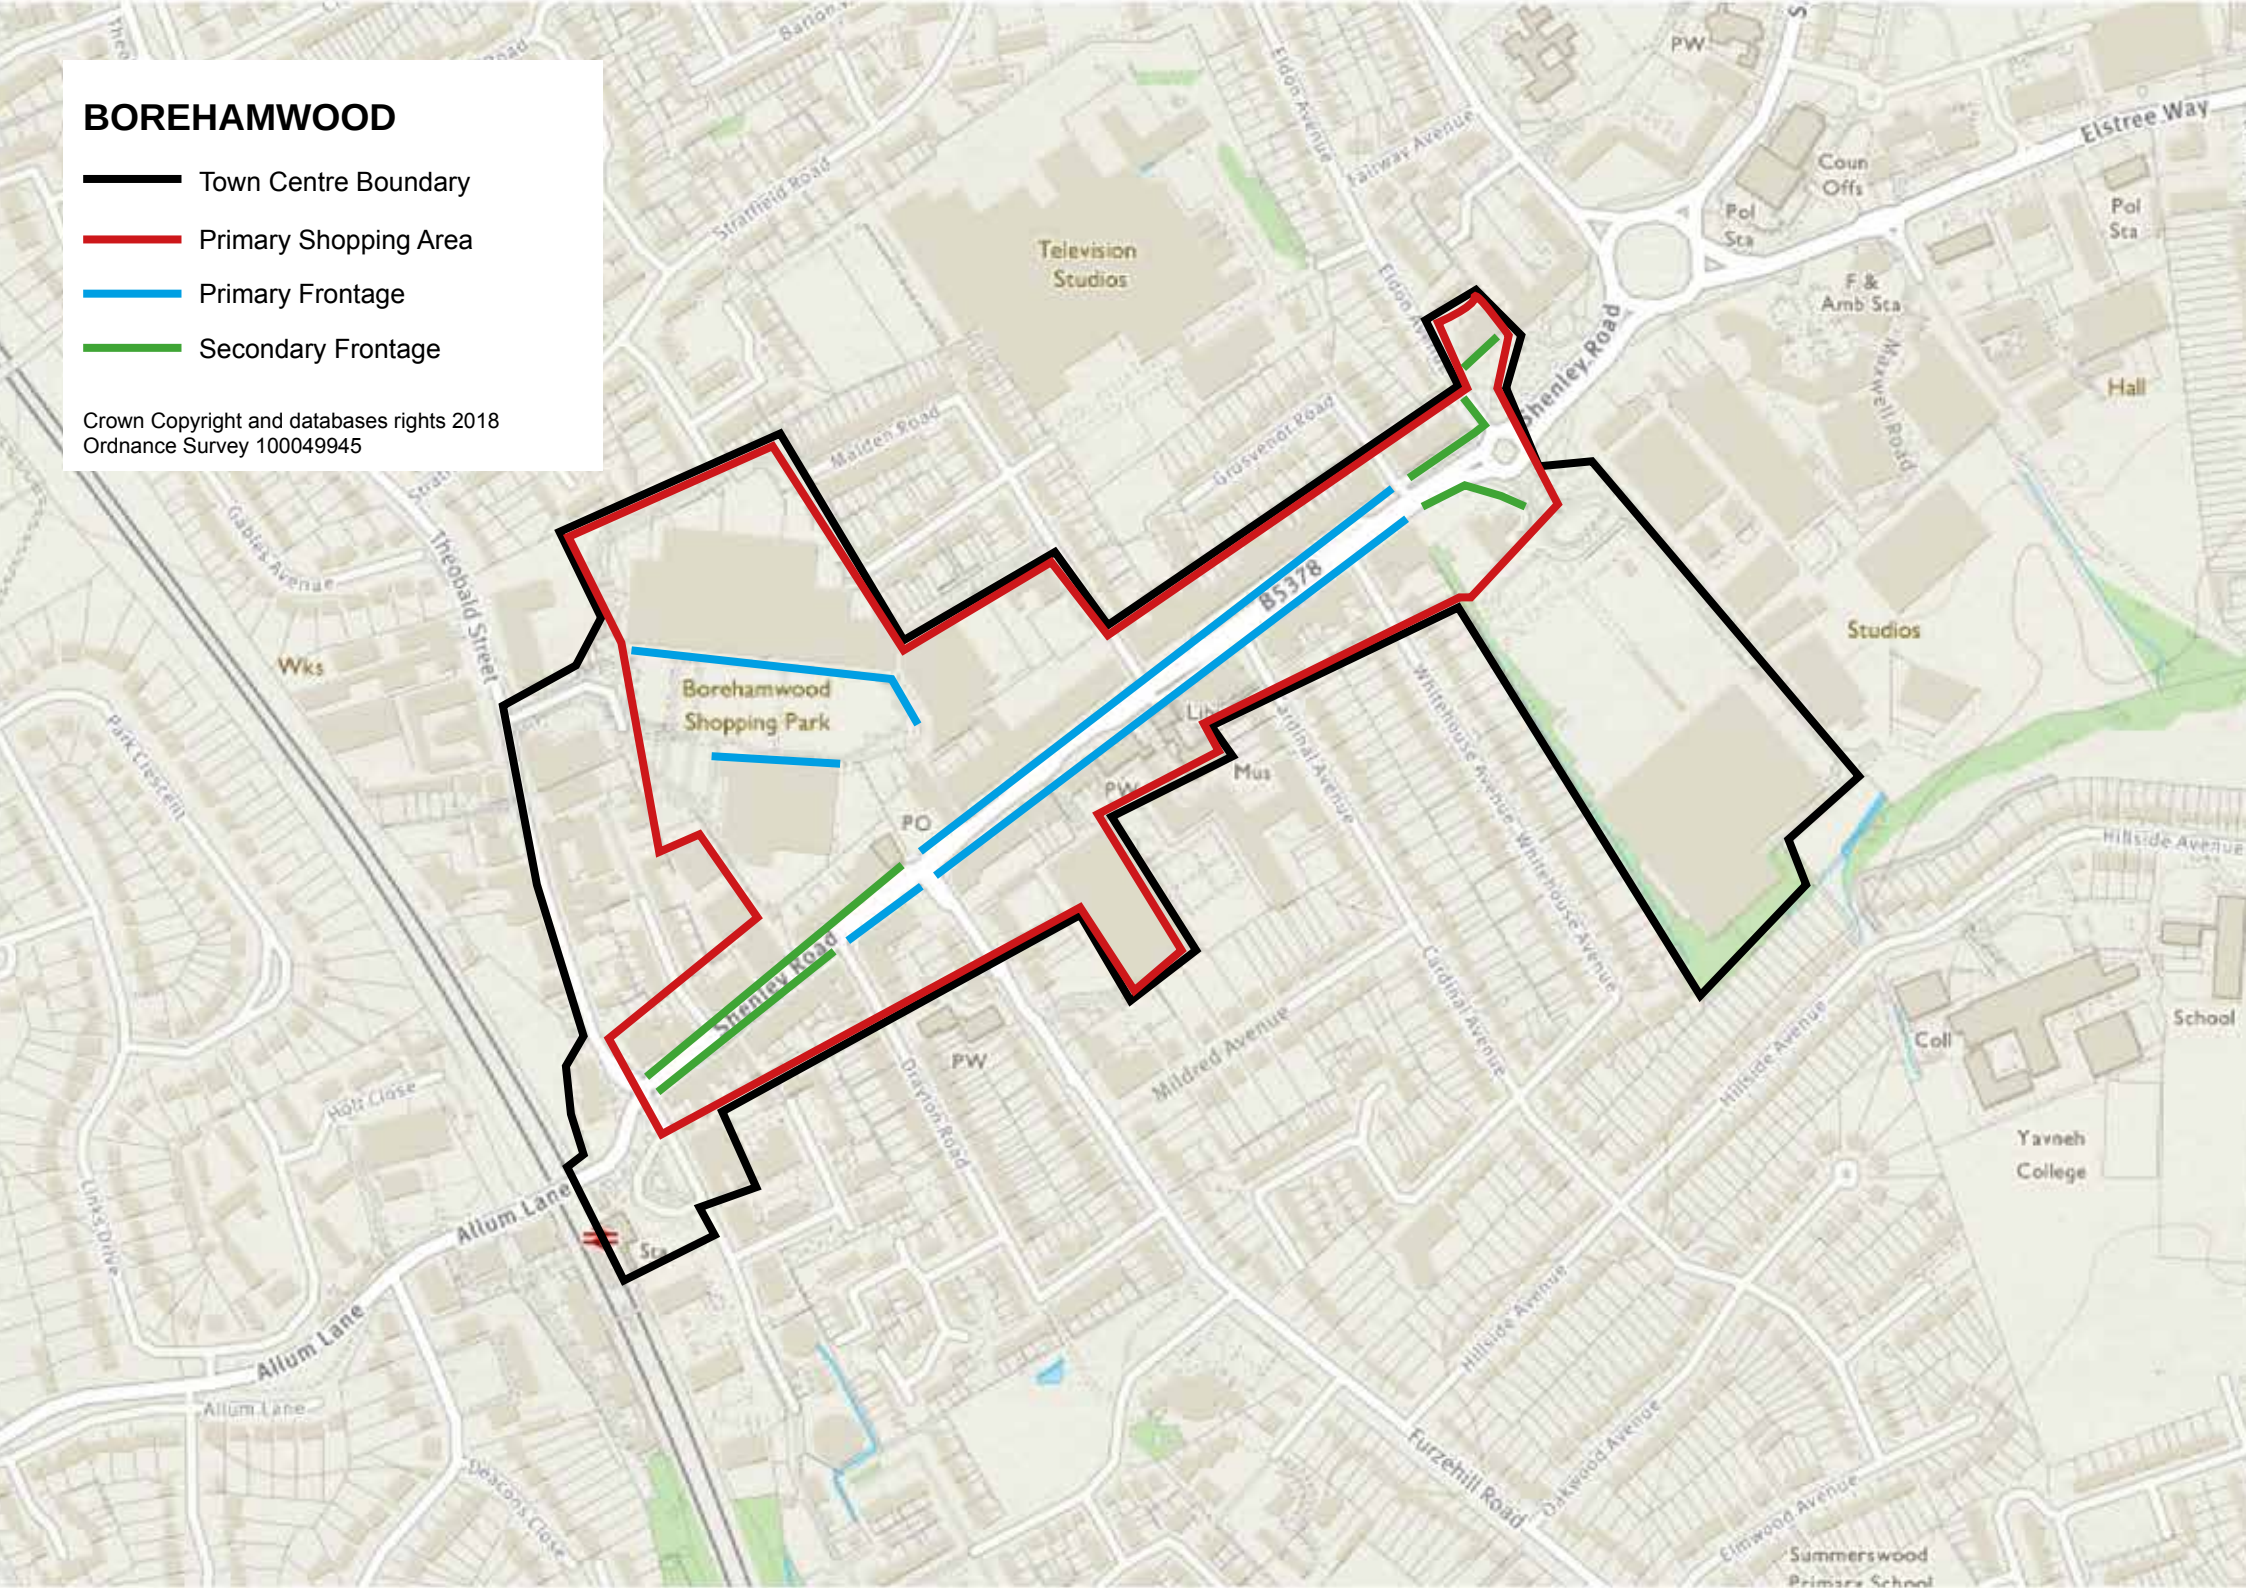
Centre	Changes proposed to Town Centre, Primary Shopping Area and Primary and Secondary Shopping Frontages	Justification
	The proposed Primary Shopping Area incorporates all retail units with frontage onto High Street, and Church Street. Primary Frontages are proposed for all units within the Primary Shopping Area that have frontage to High Street and Church Street. Secondary Frontages are proposed for units within the Primary Shopping Area with frontage to Station Road.	The Primary Shopping Area has been created based on Primary and Secondary Frontages from the adopted Policies Map. The units fronting the High Street and Church Street generate a high level of footfall and include the main retail uses within the Town Centre. The units fronting Station Road include a more diverse retail offer, primarily made up of service units.
South Oxhey	The proposed Town Centre Boundary includes the existing retail square of South Oxhey, and units with frontage to Station Approach. The proposed Primary Shopping Area incorporates all units making up the South Oxhey retail square. Proposals include the creation of a Town Centre Boundary and Primary Shopping Area. Primary and Secondary Frontages not proposed.	The Primary Shopping Area includes Station Approach. Although this area is currently under construction, Three Rivers plan to designate the proposed 19 retail units as either Primary or Secondary Frontages in the new Local Plan. It should be noted that the composition of South Oxhey's Primary Shopping Area may change in the future as the redevelopment of South Oxhey nears to completion. Three Rivers District Council will be considering designating Primary and Secondary Frontages for South Oxhey as the new Local Plan progresses.
Abbots Langley	Proposals include the creation of a Town Centre Boundary and Primary Shopping Area. Primary and Secondary Frontages are not proposed.	Due to the size and compactness of Abbots Langley, the proposed Primary Shopping Area is the same as the proposed District Centre Boundary. Three Rivers District Council will be considering designating Primary and Secondary Frontages for Abbots Langley as the new Local Plan progresses.



Centre	Changes proposed to Town Centre, Primary Shopping Area and Primary and Secondary Shopping Frontages	Justification
Chorleywood	Proposals include the creation of a Town Centre Boundary and Primary Shopping Area. The proposed Town Centre Boundary incorporates all adopted Primary and Secondary Frontages as identified in the adopted Policies Map. The proposed Primary Shopping Area incorporates all units with frontage to Lower Road and Whitelands Avenue. Primary and Secondary Frontages are not identified.	The proposed Primary Shopping Area reflects the main retail uses within the town centre. Three Rivers District Council will be considering designating Primary and Secondary Frontages for Chorleywood as the new Local Plan progresses.
St Albans City and District Council		
St Albans	Proposals include the creation of a Primary Shopping Area including Primary and Secondary Frontages.	



Centre	Changes proposed to Town Centre, Primary Shopping Area and Primary and Secondary Shopping Frontages	Justification
	Primary and Secondary Frontages and the Town Centre Boundary are as identified in the emerging Local Plan.	
Harpenden	Proposals include the creation of a Primary Shopping Area including Primary and Secondary Frontages Primary and Secondary Frontages and the Town Centre Boundary are as identified in the emerging Local Plan.	
Watford Borough Council		
Watford	Proposals include the contraction of the Town Centre Boundary to the north to include the leisure centre and Council offices. We propose to include a Primary Shopping Area encompassing the Intu redevelopment, Market Place and the High Street. The shopping frontage between Clarendon Road and Exchange Road is proposed to change from Primary Frontage to Secondary Frontage.	The facilities to the north of Rickmansworth Road (including the Leisure centre, Colosseum and Watford Library) create a lot of footfall and play an important role in the town centre, encouraging linked trips. The proposed Primary Shopping Area includes all Primary and Secondary Frontages as identified in the adopted Policies Map. Although units to the north of the junction of High Street and Clarendon Road offer a Secondary Frontage role (predominantly made up of food/ drink/ service units), these units still attract a fair amount of footfall and offer an important contribution to the town centre (particularly night time economy) and therefore should form part of the Primary Shopping Area. This area of the High Street appears separate from the High Street, south of Clarendon Road with a high presence of service units. It is therefore considered to be more reflective of Secondary Frontage. This will allow for greater flexibility of uses in the area.



Centre	Changes proposed to Town Centre, Primary Shopping Area and Primary and Secondary Shopping Frontages	Justification
	Queens Road north of Beecham Grove is not included within the Town Centre Boundary nor is the section of Market Street beyond Exchange Road.	The units to the north of Queens Road appear separate from the town centre, in particular due to the separation of the fly over. Similarly, the string of shops to the west of Exchange Road along Market Street, provide an offer more akin with a local parade of shops. These units are not easily accessible from the town centre due to the busy A Road running from north west to south east (Exchange Road).
Watford St Albans Road	A District Centre Boundary has been created as well as a Primary Shopping Area which covers a similar area to the existing Watford North Shopping Centre but includes additional units to the north. Primary and Secondary Frontages are not proposed. The large floorplate units to the south (the Range, TK Max and Office Outlet) are not included. The Local Centres to the north of the centre remain the same.	The proposed Primary Shopping Area incorporates the prime retail pitch along St Albans Road. To allow flexibility within the proposed Primary Shopping Area. These units are allocated as part of the Watford Junction Development Site.

Appendix G | Population Forecast Calculations

APPENDIX G – POPULATION NOTE

Introduction

To assess how housing potential housing growth may affect retail provision and growth in the future and how this could be accommodated in the new local plans for each of the respective South West Herts local authorities several scenarios have been considered as part of this study.

- Scenario 1: Based on the housing need figures identified for each respective local authority in the South West Hertfordshire Strategic Housing Need Assessment (2016). The methodology followed in this assessment is based on the relevant Planning Practice Guidance.

- Scenarios 2, 3, and 4: Calculated using the Government's proposed methodology to calculate housing need for local plans as set out in 'Planning for the right homes in the right places' consultation paper (2017) and the draft revised 'National Planning Policy Framework consultation proposals' paper (2018). Scenario 2 relates to the proposed methodology for local plans that have been adopted in the last five years. Scenarios 3 and 4 relate to the proposed methodology for local plans that are more than five years old.

Scenario 1	Based on the housing need figures identified for each respective local authority in the South West Hertfordshire Strategic Housing Need Assessment (2016). This scenario is intended to reflect the most up to date published objectively assessed housing need in the South West Hertfordshire area.
Scenario 2	These housing numbers are taken from the adopted Local Plan for each respective local authority plus an additional 40% added to this figure[1].
Scenario 3	These housing need projections are for the first ten years of the proposed new local plan periods for each respective local authority starting from 2016. Based on the 2016 ONS housing projections[2], the figures are taken from 2016-2017 to 2025-2026[3] with an additional 40% added. They reflect the proposed growth for plans that are older than five years and can be interpreted as a high growth scenario in the short term.
Scenario 4	The figures are for the period 2016 to 2036[4] and include an additional 40% added onto the projected housing need figures reflecting the proposed methodology for plans that are older than five years and can be interpreted as a high growth scenario. This scenario is intended to support an assessment for the entire plan period for each respective local authority. They are based on the 2016 ONS housing projections and reflect the Government's proposed methodology to calculate housing need. The duration of the new local plan for each respective local authority in this study may vary. Therefore, these projections should be considered indicative, particularly given their long term nature.

[1] The housing need figure for St Albans District and City Council is based upon recent average housing completions rather than figures set out in the local plan as the St Albans City and District local plan is older than adopted local plans for the other respective local authorities in this study.
[2] https://www.gov.uk/government/statistical-data-sets/live-tables-on-household-projections
[3] The housing numbers for year are taken to be from April 1st to March 31st reflecting the existing approach to housing figure calculations. The ONS figures are set out to cover the period Jan 1st to Dec 31st therefore, the total housing need projection figure is inclusive of 2016 and 2026.
[4]Housing need projections figures are inclusive of 2016 and 2036.

Methodology

In order to utilise these figures, we must align a) the likely geographic spread of these dwellings, and b) the likely phasing of the dwellings with our Study Area (shown at Appendix A), before then applying them to the capacity assessments (Appendix E).

In terms of phasing, the Councils have suggested an even split over the period 2016-2036. For example, it is forecast under Scenario 1 that in Watford Borough there will be an average of 577 new dwellings per annum for the Plan period. In practice, this would differ between years, but for the purposes of our forecasting we have applied the figure of 577 dwellings to each year.

In terms of the geographic spread, none of the Councils are yet able to accurately forecast where their housing growth will be attributed i.e. between the Study Zones (see Appendix A). Accordingly, we have assumed that growth is proportioned on a pro-rata split between the existing population in each Zone. For example, using the Watford Borough example of 577 new dwellings per annum for Scenario 1, we know that Zone 1 currently accommodates 55% of the Borough's population, whilst Zone 2 accommodates the remaining 45%. We therefore attribute the new housing growth in proportion i.e. 318 dwellings per annum in Zone 1 and 259 dwellings per annum in Zone 2.

Once the Councils progress their Plans to a stage where there is more detail about the likely phasing and geography of meeting their housing need, this assessment can be undertaken again. For the purposes of the current assessment though, we consider that these assumptions are a robust basis for assessment.

Building on the above, we are then able to apportion the proposed population by Zone and by year. We adopt an average household size of 2.4 (2011 Census for the Inner Study Area) for the purposes of our calculations under each scenario. 'Base population' is taken from Experian MMG3 reports for each Zone.

We set out the resultant population growth forecasts under each Scenario below. The figures set out under these four scenarios are then utilised to form the basis for Table 1 under each Scenario at Appendix E.

Note that the population projections for Zones falling outside the Inner Study Area (i.e. Zones 15, 16, 17, 20 and 22) are projected forwards on the basis of Experian MMG3 estimates.

Scenario 1

	Zone	Location	LPA Dwellings PA	Existing Popn Split	Zone Dwellings PA	Persons Per H'Hold	New Population PA

Appendix I | Planning Policy Commentary

Plan	Extant Town Centre Policies	Recommendation
Dacorum Borough Council		
Local Plan (2004)	POLICY 43 SHOPPING AREAS IN LOCAL CENTRES Each local centre contains a shopping area (see table below). In shopping areas with less than 8 shops, permission will not be granted for a change of use involving the loss of a shop use at street level. In larger shopping areas, the loss of a shop use will not be permitted at street level unless: (a) at least 60% of the total frontage remains in shop use, and an appropriate range of local shops remains; (b) the alternative use is appropriate to the commercial functioning of the area; and (c) non-retail uses are dispersed throughout the area.	The principle of this policy is supported by NPPF paragraph 23 (bullet points 1 and 3) which give local authorities support for pursuing policies to support town centre vitality and viability, and to set policies which make clear which uses will be permitted in designated centres. In practice though, this policy is considered too precise for modern centres, which increasingly accommodate a range of town centre uses which might not be 'shops' (e.g. estate agents or cafes). We would recommend broadening the frontage target to 'town centre uses'. In that context though, the Council may choose to increase the figure above 60%. By relating only to 'street level', the Policy accords with NPPF guidance on recognising the importance of residential development in the vitality of centres (usually on upper floors).
Local Plan (2004)	POLICY 44 SHOPPING DEVELOPMENT OUTSIDE EXISTING CENTRES	Policy 38 has been deleted, and so the cross-referral parts of this policy are outdated.

Plan	Extant Town Centre Policies	Recommendation
	Shopping proposals outside defined centres will be required to demonstrate that a sequential approach to site selection has been followed in accordance with Policy 38 and that there is a need for the development in relation to: (a) the quantitative requirement for additional floorspace; and (b) the qualitative need for the facility. In the case of all major shopping schemes a trade capacity and impact study may be required from an applicant to assist the Council's assessment of the proposal. Shopping development will only be permitted outside existing centres if it meets these tests and it: (i) does not result in an over provision of floorspace likely to damage the main shopping hierarchy in Dacorum or adjoining Districts; (ii) would not seriously affect the vitality or viability of nearby town or local centres; (iii) would not prejudice future investment in existing centres; (iv) provides a necessary extension of the range and diversity of outlets available to shoppers; (v) is easily and safely accessible by a choice of means of transport, including passenger transport, as well as by cyclists, pedestrians and people with disabilities; (vi) would help reduce the need to travel.	The broad wording of the policy is also out-dated as it is prefaced on a requirement to demonstrate 'need'. This wording derives from a previous planning regime. The modern tests are assessment for impact and compliance with the sequential test. The second part of the policy is largely compliant with modern retail policy guidance as it relates to the impact test. We would recommend deleting criteria (i) as it duplicates elements of (ii) below. We would suggest replacing 'seriously affect' with 'result in significant adverse impact' under criteria (ii) in order to match the wording of the NPPF (Paragraph 27). Criteria (iii) should be expanded to relate to the impact on 'existing, committed and planned public and private investment', also in keeping with NPPF (Paragraph 26). Criteria (iv) might better relate to 'meeting local consumer choice' in line with the wording of the NPPF (Paragraph 26).
Local Plan (2004)	POLICY 45 SCATTERED LOCAL SHOPS	This is a local policy which should still carry weight.

Plan	Extant Town Centre Policies	Recommendation
	The loss of individual local shops outside town centres and local centres to alternative uses will not be permitted unless: (a) there is another shop similar in use available for customers within convenient walking distance, or, in the absence of such an alternative, all reasonable attempts to sell or let the premises for shop purposes have failed; and (b) the alternative use complements the function and character of the area. Additional small local shops may be permitted in exceptional circumstances where there is a proven need.	The Council may wish to consider whether balancing the need for residential development is referenced as a potential exception clause in future policy wording. The final sentence should be amended to omit there being requirement to demonstrate a 'need', and instead refer to the requirement to demonstrate that there would be no significant adverse impact.
Local Plan (2004)	POLICY 46 GARDEN CENTRES Each proposal for a garden centre will be assessed according to the: (a) location of the site; (b) size of the site; (c) nature of the use; (d) amount of building; (e) traffic generation; (f) adequacy of the access; (g) parking requirement; and (h) quality of the landscaping. In terms of general location, a garden centre will be acceptable within a settlement where shopping is appropriate. Elsewhere in a settlement or at its edge with the countryside a garden centre may be permitted if; (i) the use is	This is a local policy which can still carry weight.

Plan	Extant Town Centre Policies	Recommendation
	not intrusive; and (ii) it significantly enhances the appearance of the land. In the open countryside of the Green Belt and the Rural Area a garden centre will not be permitted except as a reuse of redundant buildings. No addition to these buildings will be permitted unless the development is very small in scale and has no detrimental effect on the character and the appearance of the countryside. An incremental increase in the amount of building will not be accepted.	
Local Plan (2004)	POLICY 47 AMUSEMENT CENTRES Each proposal for an amusement centre will be assessed in relation to: (a) the nature of the use; (b) potential noise and disturbance to residents; (c) appearance; and (d) the location of the premises. Locations outside town centres and local centres will not be accepted, nor will locations within main shopping frontages (see Policy 42).	The policy is partially out-dated as Policy 42 has been deleted. If the Council chooses to preserve a policy on amusement centres, the reference to 'main shopping frontages' should be updated to 'primary frontage' where they exist, or 'primary shopping area' where they do not. We would also suggest that the Council defines precisely what is meant by an amusement centre given the rise of gaming arcades, soft-play centres, trampoline parks etc., alongside more traditional amusement arcades.
Local Plan (2004)	POLICY 48 WINDOW DISPLAYS Planning permission for non-shop uses at street level in shopping areas will normally be subject to a condition requiring the provision and retention of a "shop" window display.	This is a local policy which can still carry weight. We would recommend replacing 'shopping areas' with either 'primary shopping area' or 'town centre boundary', depending on how widely protection is required.

<table>
<tr><th>Plan</th><th>Extant Town Centre Policies</th><th>Recommendation</th></tr>
<tr>
<td>Core Strategy (2013)</td>
<td>POLICY CS16: Shops and Commerce

The main retail hierarchy of town centres and local centres (listed in Table 5) will be strengthened by encouraging appropriate new retail development and retaining sufficient existing shops in these centres.

New retail development will be assessed in terms of its location, scale and impact. It will be permitted if it accords with the retail hierarchy and conforms to the sequential approach. Most retail development will be directed to the town and local centres.

Opportunities will be given to provide capacity for the following amounts of floorspace if there is demand:

<table>
<tr><th rowspan="2">Town Centre</th><th colspan="3">Square Metres (net)</th><th></th></tr>
<tr><th>Comparison</th><th>Convenience</th><th>Total</th><th></th></tr>
<tr><td>Hemel Hempstead</td><td>15,500
32,000
47,500</td><td>

6,000</td><td>

53,500</td><td>2009-2021
2022-2031
Total</td></tr>
<tr><td>Berkhamsted</td><td>6,000</td><td>1,000</td><td>7,000</td><td rowspan="2">Total</td></tr>
<tr><td>Tring</td><td>2,500</td><td>750</td><td>3,250</td></tr>
</table>

New retail floorspace will only be permitted outside of defined centres if the proposal complies with the sequential approach and demonstrates a positive overall outcome in terms of the impact assessment.

Hemel Hempstead will be the main destination for comparison goods shopping, leisure, entertainment and civic and cultural activities. Other centres will provide core shopping facilities and services for their local communities.

Development proposals that promote a diverse evening economy in the town</td>
<td>References to the retail hierarchy and capacity figures will need updating in line with the recommendations of our report.

The phrase “…and demonstrates a positive overall outcome in terms of the impact assessment” implies that new retail development outside defined town centre would only be permissible if there was a positive impact. Whilst aspirational, this sets the bar too high in terms of NPPF guidance which instead requires that there is no ‘significant adverse impact’ on the range of factors set out in its Paragraph 26. The policy should be re-worded accordingly.</td>
</tr>
</table>

Plan	Extant Town Centre Policies	Recommendation
	centres will be supported provided that their social and environmental impacts are controlled.	
Site Allocations (2017)	POLICY SA7: Shopping Areas in Town Centres Each town centre contains a key shopping area which comprises: (a) Primary frontage; and (b) Secondary frontage as shown on the Policies Map. Within the key shopping area, all new development should provide an active frontage at ground floor level, contribute to the vibrancy of the centre and promote the objectives of the relevant Place Strategy. In Hemel Hempstead town centre, development should comply with Policy CS33 and support the strategy for each character zone set out in the Town Centre Master Plan. Within primary frontages, the following uses will be permitted at ground floor level: (a) A1 (shops); (b) A3 (restaurants and cafes); and (c) D2 (assembly and leisure). Within secondary frontages, the following uses will be permitted at ground floor level:	Reference to a 'key shopping area' should be updated to 'primary shopping area' to conform to NPPF guidance.

Plan	Extant Town Centre Policies	Recommendation
	(a) A1 (shops); (b) A2 (financial and professional services); (c) A3 (restaurants and cafes); (d) A4 (drinking establishments); (e) A5 (hot food takeaways); (f) D1 (non-residential institutions); and (g) D2 (assembly and leisure).	

Hertsmere Borough

Core Strategy (2013)	Policy CS27 Town centre strategy Development within the designated town, district or neighbourhood centres of Borehamwood, Potters Bar, Bushey and Radlett will be permitted provided that it maintains their primary retail function and wider role as a focus for business, leisure, cultural and other appropriate town centre uses (as defined within the NPPF). Retail activity elsewhere should be focused within local centres and parades, which will be expected to retain a core of local shopping facilities and accommodate any new retail development, commensurate to their position within the town, district and neighbourhood centre hierarchy. Proposals for main town centre uses will be considered in accordance with national planning policy set out in the NPPF, including the application of the sequential test and impact assessment as appropriate.	Complies with the NPPF. No suggested changes.
Core Strategy (2013)	Policy CS28 Strengthening town centres The retail function and vitality of designated centres will be reinforced through the designation of primary and secondary shopping frontages in	If our boundary recommendations in Appendix F are accepted, then this policy will need updating to reflect the range of centres considered, as well as the primary and secondary frontages applied to

Plan	Extant Town Centre Policies	Recommendation
	Borehamwood and Potters Bar. There will be a focus on (A1) retail uses within the primary frontages and scope for a wider range of activities in secondary frontages, with an emphasis on a mix of (A1) retail, (A2) financial and professional services and (A3) dining-in establishments. An appropriate proportion of other uses will also be permitted in secondary frontages, including (A4) pubs and bars and (A5) take away uses, together with other appropriate arts, leisure and entertainment uses. Around the periphery of both secondary frontages and local parades, the Council will identify where any opportunities exist for residential accommodation to replace long-term vacant commercial units. Details of frontages and uses will be set out in the Site Allocations and Development Management DPD along with any planned measures for the Council to use compulsory purchase and other powers to address the long term neglect and abandonment of vacant commercial and other property within town centres. Proposals for rural diversification will be supported where they do not conflict with other policies although to protect the role of town centres, further retail development at Battlers Green Farm or further afield at the Willows Farm, will not be sought.	specific centres. We note that Hertsmere will be considering this matter further during the evolution of their Local Plan.
Core Strategy (2013)	Policy CS29 Retail and commercial development in Shenley Small scale retail and commercial development in Shenley should be restricted to suitable sites within existing commercial areas. Locations will be identified in the Site Allocations and Development Management DPD, based on those defined in the Shenley Parish Plan:	This is a local policy which remains compliant.

Plan	Extant Town Centre Policies	Recommendation
	i) along London Road in the south east of the village; and ii) at Andrew Close and the nearby junction between London Road and Porters Park Drive (excluding the reserve school site). Retail and commercial development in identified locations in Shenley should be of a size and scale which primarily serves the local community rather than drawing in large numbers of visitors from further afield.	
Core Strategy (2013)	Policy CS30 Safe and attractive evening economy The Council wishes to promote a range of uses in town centres that cater for the whole community, creating a balanced evening economy including entertainment and late night retailing as well as the provision of a range of eating and drinking establishments. The quantity, type and location of A3, A4, A5 and other evening or late night uses will be controlled, having regard to other Local Plan and Development Plan Document policies, together with the aims and objectives of the Hertsmere Crime and Disorder Reduction Partnership Plan, including the need to reduce anti-social behaviour, crime and the fear of crime. Where new A3, A4 and A5 uses are permitted, financial contributions will be sought for related town centre improvements including additional CCTV, improved lighting and improved signage for CCTV and Alcohol Free Zones. In relation to those areas where concentrations of drinking establishments, night clubs or other evening or late night uses have caused existing anti-social problems, there will be a presumption against further consents for such uses.	Complies with the NPPF. No suggested changes.

<table>
<tr><th>Plan</th><th>Extant Town Centre Policies</th><th>Recommendation</th></tr>
<tr>
<td>Site Allocations and Development Management Policies Plan (2016)</td>
<td>Policy SADM42 - Town and District Centres

The boundaries of town and district centres are shown on the Policies Map i.e:

• Borehamwood Town Centre
• Potters Bar Darkes Lane Local Town Centre
• Potters Bar High Street District Centre
• Radlett Watling Street District Centre
• Bushey High Street District Centre
• Bushey Heath High Road District Centre

The Council will support proposals to improve the facilities, functions and environment of these centres whenever appropriate. Specific proposals are identified on the Policies Map as follows:

<table>
<tr><th>Ref.</th><th>Address</th><th>Proposal</th><th>Planning requirements</th></tr>
<tr><td>TC1</td><td>29-59 Shenley Road and 61-71 Shenley Road, Borehamwood</td><td>Mix of town centre uses</td><td>Active frontages on ground floor fronting Shenley Road, consistent with the range of uses sought in secondary frontages in Policy CS28 and Policy SADM44. Upper floor(s) may be residential and/or office. Design should respect the existing pattern of development along Shenley Road. A general building height of 3 storeys is appropriate. New retail and commercial units should be serviced from the rear. Car parking should also be provided at the rear.</td></tr>
<tr><td>TC2</td><td>Radlett Service Station/Regency House, Former Fire Station and Burrell & Co</td><td>Mix of town centre uses</td><td>Retail/commercial uses on ground floor fronting Watling Street. Community uses required on part of the site to replace former community use, subject to the provisions of Core Strategy Policy CS19 Key Community Facilities. Upper floor(s) may be residential and/or office. Comprehensive redevelopment is preferred, though the site could come forward in stages. Building should not exceed two storeys fronting Watling Street, though it may be possible to utilise roof voids and/or basement space. Design should respect the character and enhance the setting of the adjacent Conservation Area. Consistent and co-ordinated design required across the whole site. Flood risk assessment required. Noise mitigation measures required for residential (and any other noise sensitive) use.</td></tr>
</table>
</td>
<td>The retail hierarchy will need amending in line with the recommendations of our report in Section 9.

We consider that the local impact thresholds are appropriate given the health-check work we have undertaken.</td>
</tr>
</table>

Plan	Extant Town Centre Policies	Recommendation
	New development must also accord with Policy CS27 in the Core Strategy, including the need for impact assessments. In particular the Council will require the submission of an impact assessment for retail, office and leisure proposals in excess of: a) 2,500 square metres on the edge of Borehamwood Town Centre; b) 1,000 square metres elsewhere in Borehamwood; and c) 500 square metres on the edge of a Local Town Centre, or District Centre or anywhere else in the Borough.	
Site Allocations and Development Management Policies Plan (2016)	Policy SADM43 - Primary Frontages In the primary shopping frontages (defined on the Policies Map) the Council will seek to ensure that class A1 (retail shops) predominate in ground floor units. A development proposal which reduces the combined proportion of class A1 and A2 retail uses at ground floor level below 70% within that centre's primary frontage will not be permitted. Changes of use which will result in any loss of class A1 (retail shops), or A2 (financial and professional services) uses will only be permitted where it can be demonstrated that: (i) the development proposal supports the overall retail function of the primary frontage and, in the case of class A3 uses within key shopping areas, does not lead to an over-concentration of such units within the primary frontage; and (ii) the site has been effectively marketed for class A1 and/or A2 uses.	We provide justification for considering omitting primary and secondary frontages from a number of smaller centres in our introduction to Appendix F. If our recommendation was adopted, then the Council could replace 'primary shopping frontages' with 'primary shopping area', and adapt this policy accordingly. Our survey work found that there was a limited evening economy in Borehamwood in particular., The Council should consider, therefore, whether maintaining a 5% restriction on A4 and A5 establishments on the primary frontage is suitable. The policy is absolute at the moment, and it may be helpful to add a marketing clause for long-term vacant units, or wording around exceptional circumstances to provide for any site specific cases

Plan	Extant Town Centre Policies	Recommendation
	Proposals for class A4 (drinking establishments) and A5 (hot food takeaways) uses will not be permitted if the combined proportion of these two types of uses exceeds 5% within primary frontages in Borehamwood, Radlett and Potters Bar; or exceeds 10% within primary frontages in Bushey Village and Bushey Heath. Development proposals for betting shops and pay-day loan shops will not be permitted if they result in an over-concentration of these uses within any primary frontage. Development proposals for uses with a non-active frontage at ground floor level will also not be permitted in primary frontages.	to be made.
Site Allocations and Development Management Policies Plan (2016)	Policy SADM44 - Secondary Frontages In the secondary shopping frontages (defined on the Policies Map) the Council will seek to maintain and encourage class A1 (retail shops), A2 (financial and professional services) and A3 (restaurants and cafes) uses in ground floor units. Changes of use which result in any loss of class A1 (retail shops), A2 (financial and professional services), or A3 (restaurants and cafes) uses will only be permitted where it can be demonstrated that the development proposal does not undermine the overall retail character of the secondary frontage. Proposals for other main town centre uses, including A4 (drinking establishments), A5 (hot food takeaway) and D2 (assembly and leisure) will be permitted where they would not harm the vitality or viability of the frontage and the centre generally, and would not lead to an over-concentration of such uses. New uses will be expected to maintain an active frontage at street level.	Complies with the NPPF. No suggested changes.

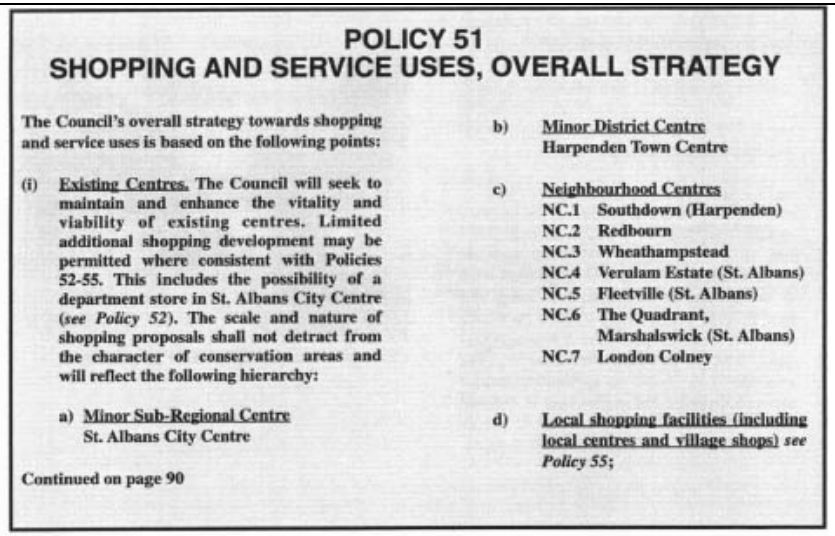
Plan	Extant Town Centre Policies	Recommendation
	Development proposals will not be permitted if they will result in an over-concentration of betting shops and pay-day loan shops within any secondary frontage.	
Site Allocations and Development Management Policies Plan (2016)	Policy SADM45 - Smaller Centres, Parades and Individual Shops The Council will, as far as possible, protect class A1 shops within the following designated areas: Local Centres, Key Neighbourhood Parades, Neighbourhood Centres, Neighbourhood Parades, and Individual Shops. Where consent is required, however, proposals that would result in the loss of a shop will be permitted provided: (i) in the case of a Neighbourhood Centre, local residents would still have access to a range and choice of essential shops within reasonable walking distance; (ii) in the case of a Neighbourhood Parade, there is more than one class A1 use remaining unless there is clear evidence to demonstrate that there is no demand for the continued class A1 use and the unit has been marketed effectively for such use; (iii) in the case of Individual Shops, there is clear evidence to demonstrate that there is no demand for the continued class A1 use and the unit has been marketed effectively for such use.	Complies with the NPPF. No suggested changes.

Plan	Extant Town Centre Policies	Recommendation
Site Allocations and Development Management Policies Plan (2016)	Policy SADM46 - Controlling Non-Retail Uses Applications for non-A1 retail uses within the Borough's key shopping areas (defined in Table 3 Shopping Hierarchy) will be permitted where it can be demonstrated that: (i) the nature of the use would not have a significant detrimental impact on the functioning of the centre, parade or frontage and the local area generally; (ii) the concentration or clustering of such uses would not have a significant detrimental impact on the functioning of the centre, parade or frontage and the local area generally; (iii) the proposal would not result in unacceptable levels of noise, odours, traffic, parking demand, general disturbance or disorder and nuisance; and (iv) the proposal would not have an unacceptable negative impact on the retail image of the area in which it is located. Outside of key shopping areas, applications for non-A1 retail uses will be permitted provided that the proposal would not result in unacceptable levels of noise, odour, traffic, parking demand, general disturbance, or disorder and nuisance. Where the proposal is for a hot food takeaway (use class A5), and the premises would be clearly visible from any entrance or access point to a secondary school, it must be demonstrated that the proposed use would not undermine any existing or proposed healthy eating policy at that school.	Complies with the NPPF. No suggested changes.

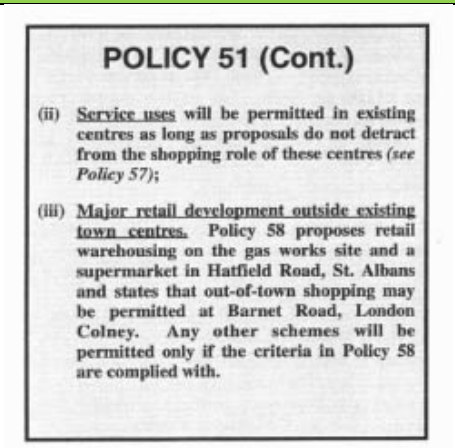
Plan	Extant Town Centre Policies	Recommendation
Site Allocations and Development Management Policies Plan (2016)	Policy SADM47 - Night-time and Evening Uses Applications for evening economy uses, including entertainment, late night retailing and eating and drinking establishments will be permitted where: (i) the proposal supports the creation of a balanced evening economy; (ii) the likely effects of the proposal, whether individually or cumulatively, would not result in unacceptable impacts in terms of noise, traffic, parking, signage and lighting, general disturbance or problems of disorder and nuisance; (iii) the design of the development is acceptable, as it relates to public safety, crime prevention and the reduction of anti-social behaviour; (iv) arrangements are agreed for mitigating pollution, including noise, odours and emissions; (v) the proposal incorporates access arrangements for people of all ages and abilities; (vi) adequate levels of parking and public transport would be available during the hours of operation; and (vii) the day-time use would not detract from the character and amenity of the surrounding shops and services (i.e. by providing a blank frontage due to closure during the day rather than maintaining an active street frontage).	Complies with the NPPF. No suggested changes.

Plan	Extant Town Centre Policies	Recommendation
Site Allocations and Development Management Policies Plan (2016)	Policy SADM48 - Opportunities for Residential Use The change of use to residential accommodation of ground floor premises will be permitted if: (i) the unit is long term vacant; (ii) there is clear evidence to demonstrate that there is no demand for continued retail or commercial use; (iii) the unit has been marketed effectively for such use; (iv) the site is either outside any designated Key Shopping Area (ref. Table 3: Shopping Hierarchy) or at the outer periphery of a designated Secondary Frontage and would not create or perpetuate a break in the active frontage; (v) local residents would still have access to a range and choice of essential shops and services within the centre or parade, or within reasonable walking distance; (vi) in the case of neighbourhood centres and parades and individual shops it is not the last remaining A1 use; (vii) the use of the unit for residential purposes is consistent with the function and character of the area; (viii) the design of the new frontage is of a high standard which both meets the needs of future occupiers and is sensitive to the appearance of nearby shop	Key Shopping Areas were introduced by the Council in order to bring some Permitted Development applications within planning control. Table 3 in SADM identifies Key Shopping Areas and Paragraph 7.12 explains their importance. We have reviewed these and would endorse the approach adopted.

Plan	Extant Town Centre Policies	Recommendation
	fronts; and (ix) high quality self-contained residential accommodation with a high standard of amenity for occupiers would be provided, consistent with other policies and standards relating to housing and design.	
Site Allocations and Development Management Policies Plan (2016)	Policy SADM49 - Shop Fronts Permission will be granted for well-designed shop fronts which respect the street scene and follow the guidance set out in the Planning and Design Guide SPD.	Complies with the NPPF. Our work has highlighted instances of poor shop frontages in Potters Bar, Radlett, Bushey and Bushey Heath. Cross-reference to the SPD is therefore welcome.



Three Rivers District

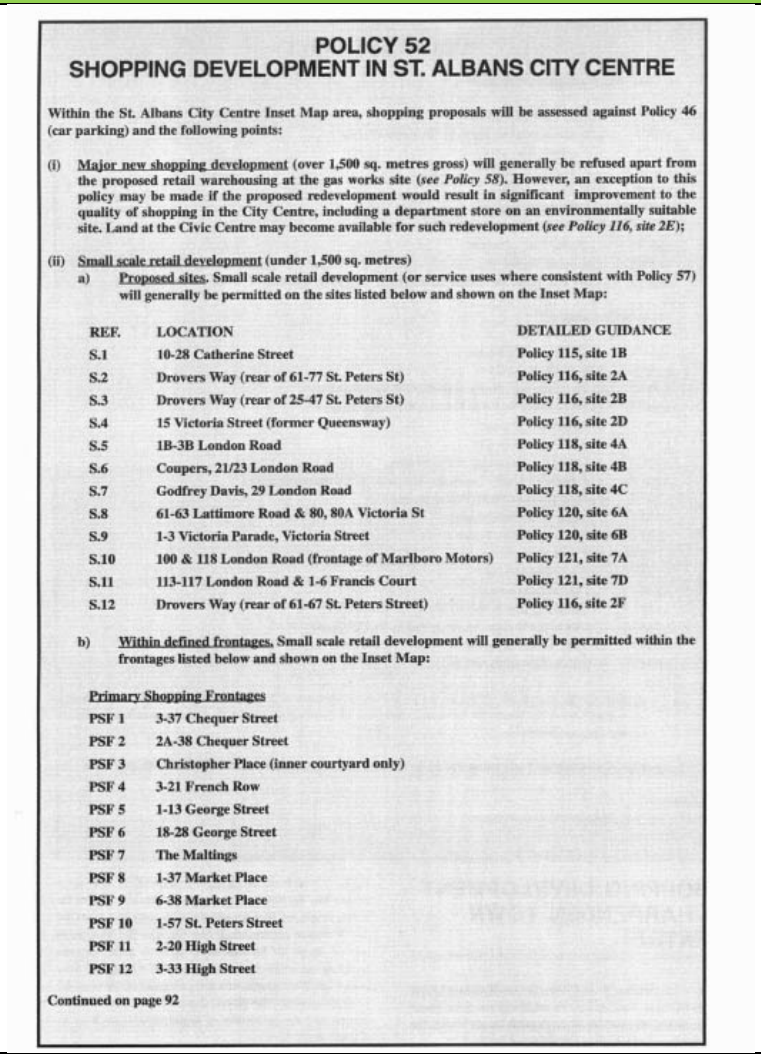


Core Strategy (2011)	CP7 Town Centres and Shopping Where there is an identified need for new town centre development, Town and District centres will be the focus for this development. Retail development will specifically be directed to within the Primary Frontages of these centres. Proposals for new town centre and shopping development will be considered taking into account: a) The location of the proposed development with preference given to centrally located and accessible areas, served by a range of transport modes including public transport b) The impact of development on the viability and vitality of existing centres	This policy is out-dated in a number of aspects: The first line explains that there should be an identified 'need' for town centre development. Demonstrating a need is not necessary under NPPF 'town centres first' approach.

Plan	Extant Town Centre Policies	Recommendation
	and local shops c) The appropriateness of the type and scale of development in relation to the centre and its role, function, character and catchment area. The hierarchy of retail centres and their established character and diversity will be maintained through: d) Protecting and enhancing the vitality and viability of the retail cores of the town and district centres by generally resisting the loss of Class A1 retail uses particularly within their Primary Frontages e) Promoting uses which are complementary to the Primary Frontages, normally within adjoining Secondary Frontages f) Taking account of the contribution of non-retail uses to the vitality and viability of centres, having regard to market conditions and impacts on local amenity g) Protecting and enhancing existing Local Centres and other local shops which cater for local day-to-day needs h) Resisting any future out-of-town retailing that would adversely affect existing centres. Projected increases in expenditure and population will be accommodated and should be spread between all centres so that each becomes increasingly self-sufficient in the provision for day-to-day needs, so reducing the need to travel.	The phrase 'new town centre and shopping development' would ideally be replaced with 'main town centre uses' in order to comply with NPPF phraseology. Criterion h) should be updated to explain that out-of-centre development would only be permitted whereby the sequential test was passed, and it was demonstrated that there was no significant adverse impact on designated centres. The floorspace capacity forecasts will be updated in line with the recommendations of our report. We consider that criterion k) is likely to be too prohibitive. The Council should determine any application on its own merits, and within the framework set down in NPPF Paragraphs 26-27.

Plan	Extant Town Centre Policies	Recommendation
	This means providing additional comparison (non-food) floorspace, equating to a net gain of around 2,000 square metres by 2021. The target provision over forthcoming five-year periods will be broadly as follows: i) 1050 square metres by 2016 j) 950 square metres between 2016- 2021. These targets will be reviewed regularly and amended in light of new evidence in relation to forecast expenditure and population. Proposals that would result in provision over and above these targets will be considered on their merits taking into account their appropriateness in scale and function to the relevant centre. With regard to convenience (food) shopping: k) Proposals for any major convenience (food) floorspace (over 1,000 sq metres) over the Plan period will generally be resisted l) Smaller scale local convenience stores coming forward will be considered on their merits taking into account the criteria listed above.	
Site Allocations Local Development Document (2014)	POLICY SA4: RETAIL ALLOCATIONS Retail development will be acceptable in principle within the identified shopping hierarchy of centres: • The Town Centre at Rickmansworth • The District Centres at South Oxhey, Abbots Langley and Chorleywood	The policy is broadly NPPF compliant. However, reference to there being a requirement to demonstrate 'need' should be omitted from the out-of-centre component. Instead, this should be replaced by a requirement to conform to the sequential and impact tests.

Plan	Extant Town Centre Policies	Recommendation
	• The Local Centres at Croxley Green (Watford Road and New Road) and Mill End (Moneyhill Parade) • The Local Shops (local shopping parades, groups and individual shops across settlements within the District). Shop fronts and displays should be appropriate to the character and function of the area. Within identified Primary Frontages, the loss of class A1 retail uses will generally be resisted. Within the identified Secondary Frontages, the retention of retail will be encouraged. Uses complementary to the Primary Frontages will be encouraged. Identified Local Centres and Local Shops will be protected and enhanced where they are catering for local day-to-day needs. The retention of retail uses will be encouraged. Uses complementary to the Local Centre and Local Shops will be encouraged. Applications for new retail development outside the identified centres will only be considered if the applicant has established that there is a need for the development and that there is no suitable and viable site likely to become available within or on the edge of the existing centres that could satisfactorily accommodate the development. In all locations proposals for new retail development, involving gains and/or losses, will be considered taking into account its accessibility, its impact on existing centres and appropriateness of the type and scale of development. New shopping facilities will be encouraged where they are supported by up to	



Plan	Extant Town Centre Policies	Recommendation
	date evidence of need, where they contribute to the vitality and viability and general economic well-being of the area and where they do not impact detrimentally on existing centres.	
St Albans District		
Local Plan (1994)	 **POLICY 51** **SHOPPING AND SERVICE USES, OVERALL STRATEGY** **The Council's overall strategy towards shopping and service uses is based on the following points:** **(i) Existing Centres. The Council will seek to maintain and enhance the vitality and viability of existing centres. Limited additional shopping development may be permitted where consistent with Policies 52-55. This includes the possibility of a department store in St. Albans City Centre (*see Policy 52*). The scale and nature of shopping proposals shall not detract from the character of conservation areas and will reflect the following hierarchy:** **a) Minor Sub-Regional Centre** **St. Albans City Centre** **b) Minor District Centre** **Harpenden Town Centre** **c) Neighbourhood Centres** **NC.1 Southdown (Harpenden)** **NC.2 Redbourn** **NC.3 Wheathampstead** **NC.4 Verulam Estate (St. Albans)** **NC.5 Fleetville (St. Albans)** **NC.6 The Quadrant, Marshalswick (St. Albans)** **NC.7 London Colney** **d) Local shopping facilities (including local centres and village shops) *see Policy 55*;** **Continued on page 90**	Given the age of the policy, we assume that a new policy will be constructed in the emerging Local Plan. The hierarchy approach remains valid. Reference to a desire to attract a new department store is likely to have passed with time, though could remain an objective.

Plan	Extant Town Centre Policies	Recommendation
		

POLICY 51 (Cont.)

(ii) Service uses will be permitted in existing centres as long as proposals do not detract from the shopping role of these centres *(see Policy 57)*;

(iii) Major retail development outside existing town centres. Policy 58 proposes retail warehousing on the gas works site and a supermarket in Hatfield Road, St. Albans and states that out-of-town shopping may be permitted at Barnet Road, London Colney. Any other schemes will be permitted only if the criteria in Policy 58 are complied with.

Plan	Extant Town Centre Policies	Recommendation
Local Plan (1994)		Re-constructed policy in the new Local Plan should refer to the terminology of the NPPF, particularly with regard to Paragraphs 26 and 27. Reference should be made to a town centred first approach, with development outside town centres only being acceptable where it can be demonstrated that the sequential test is passed and that there exist no significant adverse impacts. The Council could consider introducing distinct town centre policies for St Albans and Harpenden. Each has its own specific character and challenges, summarised in our health-checks and at Section 9 of the main report.

POLICY 52
SHOPPING DEVELOPMENT IN ST. ALBANS CITY CENTRE

Within the St. Albans City Centre Inset Map area, shopping proposals will be assessed against Policy 46 (car parking) and the following points:

(i) Major new shopping development (over 1,500 sq. metres gross) will generally be refused apart from the proposed retail warehousing at the gas works site (*see Policy 58*). However, an exception to this policy may be made if the proposed redevelopment would result in significant improvement to the quality of shopping in the City Centre, including a department store on an environmentally suitable site. Land at the Civic Centre may become available for such redevelopment (*see Policy 116, site 2E*);

(ii) Small scale retail development (under 1,500 sq. metres)

a) Proposed sites. Small scale retail development (or service uses where consistent with Policy 57) will generally be permitted on the sites listed below and shown on the Inset Map:

REF.	LOCATION	DETAILED GUIDANCE
S.1	10-28 Catherine Street	Policy 115, site 1B
S.2	Drovers Way (rear of 61-77 St. Peters St)	Policy 116, site 2A
S.3	Drovers Way (rear of 25-47 St. Peters St)	Policy 116, site 2B
S.4	15 Victoria Street (former Queensway)	Policy 116, site 2D
S.5	1B-3B London Road	Policy 118, site 4A
S.6	Coupers, 21/23 London Road	Policy 118, site 4B
S.7	Godfrey Davis, 29 London Road	Policy 118, site 4C
S.8	61-63 Lattimore Road & 80, 80A Victoria St	Policy 120, site 6A
S.9	1-3 Victoria Parade, Victoria Street	Policy 120, site 6B
S.10	100 & 118 London Road (frontage of Marlboro Motors)	Policy 121, site 7A
S.11	113-117 London Road & 1-6 Francis Court	Policy 121, site 7D
S.12	Drovers Way (rear of 61-67 St. Peters Street)	Policy 116, site 2F

b) Within defined frontages. Small scale retail development will generally be permitted within the frontages listed below and shown on the Inset Map:

Primary Shopping Frontages

PSF 1	3-37 Chequer Street
PSF 2	2A-38 Chequer Street
PSF 3	Christopher Place (inner courtyard only)
PSF 4	3-21 French Row
PSF 5	1-13 George Street
PSF 6	18-28 George Street
PSF 7	The Maltings
PSF 8	1-37 Market Place
PSF 9	6-38 Market Place
PSF 10	1-57 St. Peters Street
PSF 11	2-20 High Street
PSF 12	3-33 High Street

Plan	Extant Town Centre Policies	Recommendation
Watford Borough		
Core Strategy (2013)	Policy TLC 1 Retail and Commercial Leisure Development Watford town centre will remain the main focus for; comparison goods shopping within the primary shopping area, leisure, entertainment, civic and cultural activities. Development proposals within the town centre which have the principle of "family friendliness" at their heart will be encouraged. Whilst it is expected that most of the additional floor space identified in Table 3 will be delivered on sites within the primary shopping area it is accepted that some of the floor space will be delivered at other SPAs such as at Watford Junction SPA, the Lower High Street SPA, Western Gateway SPA and the Health Campus SPA, subject to the proposals being of an appropriate scale of development and to there being no significant adverse impact on the vitality and viability of the town centre or planned investment at Charter Place. The retail capacity forecast figures set out in Table 3 provide broad guidance only and will be updated from time to time, subject to the provisions of national policy in terms of the sequential test and impact assessment. New leisure and cultural facilities will be acceptable in principle within the town centre. Facilities may also be acceptable at identified edge of centre locations and the Watford Junction SPA subject to there being no significant adverse impact on the vitality and viability of the town centre or planned investment at Charter Place. To maintain and enhance existing social and cultural venues in the town centre that provide all formal and informal cultural and leisure activities: the loss of an	Complies with the NPPF. No suggested changes.

Plan	Extant Town Centre Policies	Recommendation
	existing facility will be resisted unless it can be demonstrated that the facility is no longer needed, or it can be established that the services provided by the facility can be served in an alternative location or manner that is equally accessible by the community. Development in and around the town centre will need to contribute towards improving town centre accessibility and reducing the impact of the ring road. Proposals for new retail floorspace outside the town centre will only be permitted in accordance with the impact and sequential test approach set out in SS1.	
Core Strategy (2013)	Policy TLC 2 Neighbourhood Centres To promote the sustainability of neighbourhood centres, where appropriate, new residential development will be required to make a positive contribution to each neighbourhood, enhancing local character and improving the range and accessibility of local facilities. The following principles will be applied to determine the appropriate scale of development for a particular neighbourhood: • For residential proposals within or adjacent to a neighbourhood centre, slightly higher residential densities will be allowed, to enhance the viability and integration of the centre, and to reflect its accessibility. • All proposals will be considered as part of a design-led approach appropriate to each centre, reflecting the character and scale of each centre. The council will encourage its partners to support the network of	Complies with the NPPF. No suggested changes.

Plan	Extant Town Centre Policies	Recommendation
	centres in planning and delivering their own service provision, and seek improved public transport provision and provision for walking and cycling, as well as sufficient short-term parking provision. Where opportunities exist to strengthen and enhance existing neighbourhood centres, development should contribute to meeting the future needs of the local community. Details of facilities needed to support new development in the Watford Junction and Western Gateway SPAs can be found in Chapter 5. The vitality of neighbourhood centres will be protected and where possible enhanced; this will be achieved in the following ways: • through encouraging a range of local facilities in the neighbourhood centres; • to control the balance of A1 and other uses through development management policies; and • through working with partners to manage issues around derelict and vacant properties. Where opportunities arise to strengthen the existing neighbourhood centre network through the provision of enhanced convenience floor space proposals, which can be demonstrated do not threaten the vitality and viability of existing retail facilities, these will be encouraged.	
Core Strategy (2013)	Policy SS 1 Spatial Strategy (Extract) Retail, Leisure and Culture Retail, leisure and cultural facilities to support Watford's regional role will be focused in the town centre with an appropriate	The capacity figures will need to be updated in line with our study.

Plan	Extant Town Centre Policies	Recommendation
	level of additional facilities in the Special Policy Areas (as defined in the Special Policy Area policies) and in neighbourhood centres. Within the next 5 years the council seeks delivery of a net additional 10,000 sqm comparison floorspace within the town centre at Charter Place, and a 2,500 sqm (net convenience floorspace) supermarket at Ascot Road within SPA6 Western Gateway. New retail floor space of all types in excess of 1,000 sqm (and in excess of 2,500 sqm net convenience floorspace in SPA6) and extensions to existing stores in excess of 200 sqm will only be permitted outside the primary shopping area of the town centre if: a. (other than in relation to proposals set out in the policies for SPA2, SPA4 and SPA6) the proposal complies with the sequential test and b. (in relation to all proposals) it does not have a significant adverse impact on the vitality and viability of the town centre or the planned Charter Place investment in the town centre.	We support the local thresholds for Watford Town Centre. The Council may also wish to consider specific guidance for Watford North.

Appendix J | Local & Neighbourhood Centre Assessment

APPENDIX J – LOCAL AND NEIGHBOURHOOD CENTRE ASSESSMENT

Dacorum Borough

Centre	Current Designation	No. of Units[1]	Composition / Notable Stores / Services	Recommended Designation
Woodhall Farm	Local Centre (District)	5	Consists of small grocery store, pharmacy, takeaway, dry cleaners and a Sainsbury's Superstore which accounts for 0.29% market share for main food shopping, and 0.45% market share for top-up shopping across the Study Area. Two medical centres and a primary school are located adjacent to the core retail area.	Local Centre
Adeyfield	Local Centre (Neighbourhood)	25	Grouping of shops including convenience store, shops, cafes pharmacy, and services. Also includes a community centre.	Local Centre
Apsley	Local Centre (Neighbourhood)	35	Comprises a High Street set up with a range of shops, services and community facilities. When considered in conjunction with the various retail warehousing and retail parks adjacent, including Sainsbury's, Wickes, and Dunelm, the centre provides a function more complex than a Local Centre.	Local Centre
Bennetts End	Local Centre (Neighbourhood)	20	Grouping of shops including convenience store, pharmacy, takeaways and cafes, and other services. The Bennetts End Community centre is also adjacent.	Local Centre
Boxmoor	Local Centre (Neighbourhood)	15	A range of mostly small, independent retail units and services.	Neighbourhood Centre

[1] Estimated based on Policy 43 of Dacorum Borough Local Plan 1991-2011 and desktop review

Centre	Current Designation	No. of Units[1]	Composition / Notable Stores / Services	Recommended Designation
Bovingdon	Local Centre (Neighbourhood)	24	Range of small retail units including Costcutter and Co-operative food stores. Permission has been granted for a Tesco Express	Local Centre
Maylands	Local Centre (Neighbourhood)	24	Rapidly growing area, with numerous extant planning permissions and development occurring. Range of shops and services will be provided.	Local Centre
Chaulden	Local Centre (Neighbourhood)	9	Small local independent retailers anchored by Co-Operative Food store.	Neighbourhood Centre
Gadebridge	Local Centre (Neighbourhood)	7	Small local independent retailers anchored by Nisa Local.	Neighbourhood Centre
Grovehill	Local Centre (Neighbourhood)	12	Small local independent retailers anchored by Tesco Express and including post office, pharmacy and medical centre.	Neighbourhood Centre
Highfield (Bellgate)	Local Centre (Neighbourhood)	10	Small strip of shops including Tesco Express and Co-operative Food store.	Neighbourhood Centre
Highfield (The Heights)	Local Centre (Neighbourhood)	6	Small local independent retailers anchored by Co-Operative Food store.	Neighbourhood Centre
Kings Langley	Local Centre (Neighbourhood)	24	High street arrangement with a range of convenience and comparison retail units as well as retail and leisure services including restaurants, cafes and servicing the wider local area.	Local Centre
Leverstock Green	Local Centre (Neighbourhood)	7	Small strip of shops including SPAR supermarket, pub and bakery.	Neighbourhood Centre
Markyate	Local Centre (Neighbourhood)	12	Series of small local shops and services including restaurants and pubs.	Neighbourhood Centre
Miswell Lane	Local Centre (Neighbourhood)	14	Small local independent retailers, located nearby to Tring and therefore functioning as a secondary neighbourhood focussed centre.	Neighbourhood Centre
Nash Mills	Local Centre (Neighbourhood)	5	Small local independent retailers anchored by Tesco Express.	Neighbourhood Centre
Northchurch	Local Centre (Neighbourhood)	5	Small neighbourhood centre comprising Tesco Express and leisure services.	Neighbourhood Centre

Centre	Current Designation	No. of Units[1]	Composition / Notable Stores / Services	Recommended Designation
Warners End	Local Centre (Neighbourhood)	10	Small shopping area anchored by Tesco Express and comprising a series of small shops and services.	Neighbourhood Centre

Hertsmere Borough

Centre	Current Designation	No. of Units[2]	Composition / Notable Stores / Services	Recommended Designation
Leeming Road (Borehamwood)	Local Centre	40	Local shopping facility anchored by Cooperative Foods store and providing a range of convenience and comparison goods shops, retail services and leisure services.	Local Centre
Manor Way (Borehamwood)	Key Neighbourhood Parade	20	Local shopping strip including convenience supermarket and comparison goods stores, and retail and leisure services. A community centre is located within Ripon Park.	Local Centre
Harcourt Road (Bushey)	Key Neighbourhood Parade	9	Small strip of shops including Tesco Express and Londis and other small services.	Neighbourhood Centre
Bushey Hall Road (Bushey)	Key Neighbourhood Parade	11	Small parade of mostly independent retailers including post office, café, takeaway, and minor retail services.	Neighbourhood Centre
Cranborne Parade (Potters Bar)	Key Neighbourhood Parade	10	Small parade of shops including Tesco Express, takeaway, betting shop, tattoo parlour.	Neighbourhood Centre
Elstree Village Centre	Neighbourhood Centre	9	Small convenience store, pharmacy, newsagent and restaurant.	Neighbourhood Centre
Andrew Close (Shenley)	Neighbourhood Centre	6	Tesco Express, real estate agents, takeaway and pharmacy.	Neighbourhood Centre
Croxdale Road	Neighbourhood Parade	7	Small local independent retailers.	Neighbourhood Centre
Hartforde Road	Neighbourhood Parade	8	Small parade of mostly convenience stores including McColl's and bakery.	Neighbourhood Centre
Howard Drive	Neighbourhood Parade	10	Small local retail units including McColl's convenience store and local pharmacy.	Neighbourhood Centre
Rossington Avenue	Neighbourhood Parade	6	Small stores of neighbourhood significance including convenience store.	Neighbourhood Centre
Aldenham Road	Neighbourhood Parade	3	Small parade of three independent retailers serving neighbourhood.	Neighbourhood Centre

[2] Estimate based on Hertsmere Borough Council's Policies Map Local Plan 2012-2027 document and desktop review

Centre	Current Designation	No. of Units[2]	Composition / Notable Stores / Services	Recommended Designation
Bournehall Avenue	Neighbourhood Parade	2	Costcutters and hairdressing salon.	Neighbourhood Centre
Bushey Mill Lane	Neighbourhood Parade	10	Small set of local independent retailers including takeaway, convenience store, and retail services.	Neighbourhood Centre
Park Avenue	Neighbourhood Parade	3	Small independent supermarket and restaurant.	Neighbourhood Centre
High Street North (1 & 2) Potters Bar	Neighbourhood Parade	20	Consists of three separate parades of shops just north of the Potters Bar providing a range of services for the local area.	Neighbourhood Centre
Battlers Green Drive	Neighbourhood Parade	5	Small local shops including small Costcutter convenience store, post office, café and restaurant.	Neighbourhood Centre

Three Rivers District

Centre	Current Designation	No. of Units[3]	Composition / Notable Stores / Services	Recommended Designation
Croxley Green (Watford Road)	Local Centre	25	Centre offering a variety of convenience, comparison and services units serving the local area. Includes multiple small scale independent supermarkets.	Local Centre
Croxley Green (New Road)	Local Centre	19	Centre consisting 19 units and offering a variety of convenience and comparison units as well as retail and leisure services serving the local area. Anchored by a Co-operative Food store.	Local Centre
Mill End (Money Hill Parade)	Local Centre	37	Centre consisting of two parades of shops offering a variety of convenience and comparison goods, leisure services and retail services, servicing the local area. Main convenience store is a Welcome Rickmansworth/Co-operative Food supermarket.	Local Centre
2-8 Chalfont Road, Maple Cross	Local Centre	3	Three units including McColl's and independent takeaway.	Neighbourhood Centre
57-63 High Street, Bedmond	Other Local Shops	3	Two small independent convenience goods stores and motor garage.	Neighbourhood Centre
61-65 Station Road, Kings Langley	Other Local Shops	4	Small local independent retailers.	Neighbourhood Centre
15 Bridge Road and 5 Old Mill Road, Hunton Bridge	Other Local Shops	5	Small local independent retailers and pub serving neighbourhood.	Neighbourhood Centre
17-22 School Mead, Abbots Langley	Other Local Shops	6	Small convenience store, local takeaways and minor retail services.	Neighbourhood Centre
5-7a and Sherwood News, College Road, Abbots Langley	Other Local Shops	2	Small local independent convenience store.	Neighbourhood Centre
1-14 Katherine Place, Abbots Langley	Other Local Shops	7	Small shopping facility with car parking consisting of predominantly independent retailers and anchored by Tesco Express.	Neighbourhood Centre

[3] Estimate based on list provided by Three Rivers District Council and desktop review

Centre	Current Designation	No. of Units[3]	Composition / Notable Stores / Services	Recommended Designation
Sarratt Post Office, The Green, Sarratt	Other Local Shops	1	Small Londis convenience store including post office.	Individual shop
41-55 and 295-309 Baldwins Lane, Croxley Green	Other Local Shops	6	Small parade of predominantly independent retailers and Londis convenience store.	Neighbourhood Centre
193-197 Watford Road, Croxley Green	Other Local Shops	5	Small set of shops including tattoo parlour, antique store and Co-op Food supermarket.	Neighbourhood Centre
4-12 Scots Hill, 1-3 The Green and 1-4 New Parade, Croxley Green	Other Local Shops	8	Set of shops including convenience store, local services, takeaways and a public house.	Neighbourhood Centre
1-11 Tudor Parade, Mill End / Berry Lane, Mill End	Other Local Shops	7	Small parade of shops including convenience stores, pharmacy and takeaway.	Neighbourhood Centre
68-82 Church Lane, Mill End	Other Local Shops	8	Small parade of shops including convenience stores, pharmacy and takeaway.	Neighbourhood Centre
2-28 Main Avenue, Moor Park	Other Local Shops	8	Small parade of shops including convenience stores, pharmacy and post office.	Neighbourhood Centre
10-24 Hallowes Crescent, South Oxhey	Other Local Shops	8	Small parade of shops including convenience stores, pharmacy and post office.	Neighbourhood Centre
305-317 Prestwick Road, South Oxhey	Other Local Shops	6	Small parade of shops including convenience stores, pharmacy and tattoo parlour.	Neighbourhood Centre
1-18 The Parade, Delta Gain, Carpenders Park	Other Local Shops	9	Small parade of local shops including Co-op store, pharmacy, real estate agent, post office and takeaway.	Neighbourhood Centre
18-48 Little Oxhey Lane, South Oxhey	Other Local Shops	7	Small parade of shops including small convenience stores, takeaways, pharmacy, café and betting shop.	Neighbourhood Centre
46-52 Heronsgate Road, Heronsgate	Other Local Shops	4	Small retailers including independent travel agent and beauty spa.	Neighbourhood Centre

Centre	Current Designation	No. of Units[3]	Composition / Notable Stores / Services	Recommended Designation
2-4 Station Approach, Chorleywood	Other Local Shops	3	Small local independent retailers including upholstery store, a vacant unit, and Sky Vision.	Neighbourhood Centre
Wyatts House and Shell Filling Station, Rickmansworth Road, Chorleywood	Other Local Shops	3	Shell filling station including convenience store and estate agents.	Neighbourhood Centre

St Albans District

Centre	Current Designation[4]	No. of Units	Composition / Notable Stores / Services	Recommended Designation
Southdown	Neighbourhood Centre	30	Small centre providing a range of convenience and comparison goods shops, retail services and leisure services providing for the local community. Major food store is a Co-operative Food supermarket.	Local Centre
Redbourn	Neighbourhood Centre	20	High Street arrangement comprising local convenience and comparison goods stores as well as some local services, anchored by a Co-operative Food supermarket.	Local Centre
Wheathampstead	Neighbourhood Centre	23	High Street arrangement comprising local convenience and comparison goods stores as well as some local services, anchored by a Tesco Express.	Local Centre
Fleetville	Neighbourhood Centre	40	Centre providing for the local area including convenience goods stores, comparison retailers, retail services, leisure services and financial and business services. The centre includes a large Morrison's store at the edge of the centre.	Local Centre
Verulam Estate	Neighbourhood Centre	2	Waitrose store and chemist with separated car park and located adjacent to a school. The Waitrose which accounts for 0.87% market share for main food shopping, and 0.45 market share for top-up shopping across the Study Area.	Local Centre
The Quadrant Marshalswick	Neighbourhood Centre	33	A shopping facility including off road car parking and providing a comprehensive offer of convenience and comparison goods and a range of services. Anchored by Sainsbury's Local and Budgens.	Local Centre

[4] Estimated based on St Albans District Local Plan Review 1994 and desktop review

Centre	Current Designation[4]	No. of Units	Composition / Notable Stores / Services	Recommended Designation
London Colney	Neighbourhood Centre	24	Centre providing for the local area including convenience goods stores, comparison retailers, retail services, leisure services and financial and business services. Anchored by Co-op Food supermarket.	Local Centre
8-26 High Oaks, St Albans	Local Centre	8	Parade of shops offering mostly basic convenience goods and small scale services.	Neighbourhood Centre
34-41A Abbey Avenue, St Albans	Local Centre	5	Small parade of shops including convenience store and basic services.	Neighbourhood Centre
23-39A Vesta Avenue, St Albans	Local Centre	9	Parade of shops including convenience store and basic retail and leisure services.	Neighbourhood Centre
28-38 Abbots Avenue West, St Albans	Local Centre	5	Small parade of shops including a convenience store and hairdresser.	Neighbourhood Centre
St Brelades Place, St Albans	Local Centre	8	Small, contained shopping centre with off road parking anchored by Tesco Express and offering a cycle shop, leisure services and some health and beauty units.	Neighbourhood Centre
2-36 Beech Road, St Albans	Local Centre	12	Shopping parade featuring a Shell filling station, Tesco Express, takeaways and a pharmacy.	Neighbourhood Centre
19-23 & 40-42 Sandridge Road, St Albans	Local Centre	1	Small convenience store.	Individual Shops
15-23 Central Drive, St Albans	Local Centre	5	Small parade of shops including photographer studio, newsagents, café and hairdresser.	Neighbourhood Centre
38-52 Newhouse Park, St Albans	Local Centre	8	Small shopping facility with off street parking and offering basic convenience goods and services.	Neighbourhood Centre
399-421 & 444 Hatfield Road, St Albans	Local Centre	12	Strip of shops offering a range of local services	Neighbourhood Centre
211-217 and 243-249 Camp Road, St Albans	Local Centre	2	Two small retail units in residential area	Individual Shops

Centre	Current Designation[4]	No. of Units	Composition / Notable Stores / Services	Recommended Designation
191-205 Cell Barnes Lane, St Albans	Local Centre	6	Shopping strip anchored by Co-operative Food supermarket and providing a range of basic services.	Neighbourhood Centre
Highfield Local Centre	Local centre	7	Local centre developed since Local Plan 1994 was adopted. Consists convenience store and basic local services.	Neighbourhood Centre
381-397 Luton Road, Harpenden	Local Centre	4	Small parade offering a convenience store and post office, dental practice and other store.	Neighbourhood Centre
95-105 Luton Road, Harpenden	Local Centre	3	Very small parade offering convenience store, beauty salon and restaurant.	Neighbourhood Centre
50-54 Westfield Road, Harpenden	Local Centre	3	Small set of shops with limited convenience goods offer.	Neighbourhood Centre
121-125 & 138-146 Lower Luton Road, Harpenden	Local Centre	4	Small shopping parade featuring Co-operative food store and takeaways.	Neighbourhood Centre
103-107 Station Road, Harpenden	Local Centre	4	Small shopping parade featuring convenience store, veterinarian and other retail units.	Neighbourhood Centre
1-5 Shenley Lane, London Colney	Local Centre	3	Centre consists of three units including two separated restaurants and one vacancy	Individual Shops
81-97 Old Watford Road, Bricket Wood	Local Centre	6	Small shopping parade offering convenience store, hair dresser, bicycle store, cleaning store and two restaurants	Neighbourhood Centre
95-127 Oakwood Road, Bricket Wood	Local Centre	9	Small shopping parade offering convenience store and local services	Neighbourhood Centre
19-27 Blackboy Wood, Bricket Wood	Local Centre	2	Small parade offering a convenience store and restaurant	Neighbourhood Centre
