

FROM MY NEW ADDRESS

Miss Jean Williams

Dear Grandville Taylor.

I do apologize for
the enclosed form being a little
late.

I wish to say that I would
very much prefer that Revedy
Lodge and its beautiful gardens
remains for everyone's pleasure.

The house is very well cared
for, comfortable and inviting to
visit. The gardens are lovely at
whatever time of year and
really beautiful with all the

and care that Nick gives
them, they are a joy for everyone
to share.

With regard to the Museum
my feelings are the same, I hope
most earnestly that no other
changes have to be made, except
changes to the Museum's advantage.
It holds so many Artistic
treasures and other things of
great interest to the people of
Boston and beyond, and to the
many supporting friends.

With my very good wishes
& kindest regards.
Sincerely
