

FOI number: **HBC\_FOI\_2019019**  
Date FOI Received: **08/01/2019**  
Department: **Environmental Health**  
Title: **Food hygiene inspection - Imperial China restaurant, A41**  
Description: **Whether the restaurant is able trade normally and has been given the all clear after previous closure due to vermin infestation.**

**Request:** *(As Redacted sent by requestor)*

I understand Imperial China restaurant on the A41 had been previously closed down last year following a food hygiene inspection. The last report I can see has 1 star from around June 2018 and I was under the impression it was to do with a vermin presence. The restaurant is now open – I'm unsure how long this has been the case but am on the verge of booking 35 people into a celebratory event there and want to be reassured that all is well and they are free to trade normally having been given the all clear? Has there been a follow up inspection?

**Response:** *(Response as Redacted sent by service)*

The restaurant was closed on 10 May 2018 due to a rat infestation. It was permitted to re-open on 21 May 2018.

An inspection on 20 June 2018 resulted in the business scoring one on the food hygiene rating scheme.

A revisit on 14.8.18 showed that there had been an improvement in conditions. However, the business did not request a re-rating to improve its score, thus it still has a score of one.
