Statement of Responsibilities

The Council's Responsibilities

The Council is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Council, that officer is the Director of Resources.
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.
- Approve the Statement of Accounts.

Responsibilities of the Director of Resources

The Director of Resources is responsible for the preparation of the Council's Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC *Code of Practice on Local Authority Accounting in the United Kingdom* (the Code).

In preparing this Statement of Accounts the Director of Resources has:

- Selected suitable accounting policies and then applied them consistently.
- Made judgements and estimates which were reasonable and prudent.
- Complied with the local authority Code.

The Director of Resources has also:

- Kept proper accounting records that were up to date.
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

Certificate of the Director of Resources:

I certify that this Statement of Accounts presents a true and fair view of the financial position of Hertsmere Borough Council at 31 March 2015 and its Income & Expenditure for the year then ended.

Sajida Bijle

Director of Resources

Date: 21 September 2015

Independent Auditors' Report to the Members of Hertsmere Borough Council

We have audited the financial statements of Hertsmere Borough Council for the year ended 31 March 2015 under the Audit Commission Act 1998. The financial statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement, the Collection Fund and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2014/15.

This report is made solely to the members of Hertsmere Borough Council as a body, in accordance with Part II of the Audit Commission Act 1998 and as set out in paragraph 48 of the Statement of Responsibilities of Auditors and Audited Bodies published by the Audit Commission in March 2010. Our audit work has been undertaken so that we might state to the members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of the Director of Resources and auditor

As explained more fully in the Statement of Responsibilities – Statement of the Director of Resources, the Director of Resources is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2014/15, and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards also require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Authority's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Director of Resources; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the explanatory foreword to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the financial position of Hertsmere Borough Council as at 31 March 2015 and of its expenditure and income for the year then ended; and
- have been properly prepared in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2014/15 and applicable law.

Opinion on other matters

In our opinion, the information given in the explanatory foreword for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we report by exception

We are required to report to you if:

- in our opinion the annual governance statement does not reflect compliance with 'Delivering Good Governance in Local Government: a Framework' published by CIPFA/SOLACE in June 2007; or
- we issue a report in the public interest under section 8 of the Audit Commission Act 1998; or
- we designate under section 11 of the Audit Commission Act 1998 a recommendation as one that requires the Authority to consider it at a public meeting and to decide what action to take in response; or
- we exercise any other special powers of the auditor under the Audit Commission Act 1998.

We have nothing to report in these respects.

Conclusion on the Authority's arrangements for securing economy, efficiency and effectiveness in the use of resources**Respective responsibilities of the Authority and the auditor**

The Authority is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

We are required under Section 5 of the Audit Commission Act 1998 to satisfy ourselves that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The Code of Audit Practice issued by the Audit Commission requires us to report to you our conclusion relating to proper arrangements, having regard to relevant criteria specified by the Audit Commission in October 2014.

We report if significant matters have come to our attention which prevent us from concluding that the Authority has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

Scope of the review of arrangements for securing economy, efficiency and effectiveness in the use of resources

We have undertaken our review in accordance with the Code of Audit Practice, having regard to the guidance on the specified criteria, published by the Audit Commission in October 2014, as to whether the Authority has proper arrangements for:

- securing financial resilience; and
- challenging how it secures economy, efficiency and effectiveness.

The Audit Commission has determined these two criteria as those necessary for us to consider under the Code of Audit Practice in satisfying ourselves whether the Authority put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2015.

We planned our work in accordance with the Code of Audit Practice. Based on our risk assessment, we undertook such work as we considered necessary to form a view on whether, in all significant respects, the Authority had put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

Conclusion

On the basis of our work, having regard to the guidance on the specified criteria published by the Audit Commission in October 2014, we are satisfied that, in all significant respects, Hertsmere Borough Council put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2015.

Certificate

We certify that we have completed the audit of the financial statements of Hertsmere Borough Council in accordance with the requirements of the Audit Commission Act 1998 and the Code of Audit Practice issued by the Audit Commission.

29 September 2015

Explanatory Foreword

Overview from the Director of Resources

Introduction

I am pleased to introduce the Council's Statement of Accounts for 2014/15. Compared to metropolitan boroughs, Hertsmere Borough Council is a small council with a population just over 100,000 and is made up of distinctly individual communities and several smaller settlements. Although the Council is located within Hertfordshire, it faces many similar challenges to those faced by its neighbouring London boroughs. Its close proximity to the city also brings its own challenges, particularly when the Council competes for highly skilled labour in an area paying London weighted salaries that can only be offered by the larger London Boroughs.

The Council is continuing with its programme of continuous improvement in performance and service delivery. Key to this is the maintenance of the Corporate Governance framework. The Council's Annual Governance Statement provides further details of the strategies to achieve this which have been developed and reviewed during the year. The Audit Committee, which meets quarterly and is attended by the external auditors, works to promote and safeguard financial probity throughout the Council.

The Accounts and Audit Regulations (England) 2011 require the Statement of Accounts to be certified as true and fair by the Chief Financial Officer by 30 June and approved, audited and published by 30 September each year. The Annual Governance Statement, which is set out at page 90 below, has been approved by each of the Executive, Audit and Standards committees.

Once again I would like to take this opportunity to thank formally the Head of Finance and Business Services and all the finance staff and service managers for their assistance in preparing these accounts, and for their support throughout the year.

If you would like to have any further information on the accounts, you can forward details of your request to the Council by post using the following address:

You may wish to send your query by using our website (www.hertsmere.gov.uk).

How we have managed the Council's resources in 2014/15

Managing Resources

In 2014/15 the budget for the Council's cost of services was set at £12.295 million after funding from reserves. The actual spend for the year is £11.761 million, which has resulted in an overall favourable variance of £0.534 million as follows:

How the Council's Resources have been Managed in 2014/15				
Services:	Spending 2014/15			Explanation for Variance: Favourable / (Adverse)
	Budget	Actual	Variance	
	£'000	£'000	£'000	
Cultural & Related Services: Museums & galleries, theatres, recreation and sport facilities, allotments, community centres, tourism, parks and open spaces.	3,181	3,077	104	Net savings on premises-related expenditure.
Environmental & Regulatory Services: Cemeteries, churchyards, food safety, pollution reduction, health & safety, pest control, public health, licensing, community safety, flood defence, household & trade waste collection, recycling and street cleansing.	4,984	4,913	71	Net fluctuations in income: trade and clinical waste income were above budget and landfill charges were saved but paper recycling income fell considerably below budget.
Planning Services: Building regulations & control, development control, local & regional planning, environmental initiatives, economic and community development.	(318)	(251)	(67)	Increase in income from planning application fees offset by shortfall in income from commercial properties due to vacancies.
Highways & Transport Services: Routine maintenance of footpaths and unadopted highways, street lighting, traffic management, road safety and public parking services.	(70)	(119)	49	Effect of higher than budgeted income from parking (set aside to fund capital expenditure on car parks) plus savings on staff costs (before the allocation of overheads)
Housing Services: Housing strategy, private sector housing renewal, homelessness, housing benefits, administration costs and other housing property.	381	334	47	Demand for homeless temporary accommodation rose but remained below budget
Central Services: Democratic representation & corporate management, collection of local taxes, registration of electors, conducting elections, emergency planning, and local land charges.	4,174	3,844	330	Contingency sum was partly unspent; court costs in excess of budget were recovered.

	Spending 2014/15			
	Budget	Actual	Variance	
	£'000	£'000	£'000	
Net cost of services	12,332	11,798	534	
Less: Transfer from reserves	(37)	(37)	-	
Surplus per Financial Monitoring Report	12,295	11,761	534	

Reconciliation from the Financial Monitoring Report to the Statement of Accounts

In order to arrive at the movement on the council fund reported in the final Statement of Accounts, a number of adjustments have been made to the year end financial monitoring report previously reported:

	£'000	2014/15 £'000
Surplus per Financial Monitoring Report before year-end adjustments		534
Monitoring adjustments:		
Hertsmere's share of growth in business rates income	1,268	
Hertsmere's share of surplus on collection of council tax	209	
One-off VAT recovery in respect of trade waste collection	55	
Engineering income in excess of budget	45	
Housing and council tax benefit grant claim:		
Deficit on claim	(58)	
Drawn from equalisation reserve	58	
Elstree Film Studios (EFS):		
Additional income billed	250	
Transfer to reserves to fund current and future capital programme	(250)	
Contribution to innovation and investment fund	(738)	
Contribution to business rates equalisation reserve	(773)	
Set aside to fund one-off pension fund contribution	(500)	
Other minor adjustments	43	
Total monitoring adjustments		(391)
Adjusted Financial Monitoring Report surplus		143
Accounting adjustments:		
Timing difference: the accounting arrangements for council tax and business rates (NNDR) mean that the effect of recognising surpluses on collection in the current year will be deferred for up to two years. As a result of the same arrangements, the majority of the deficit incurred on the collection of business rates in 2013/14 is now being charged to the council fund		(4,247)
Decrease in the council fund for the year		(4,104)

The movement in the Council fund for the year does not equate to the deficit on provision of services of £0.138 million shown in the Comprehensive Income and Expenditure Statement on page 21. This statement, which is prepared in accordance with generally accepted accounting practice, shows the accounting cost in the year of providing services, rather than the amount to be funded from taxation. In the Movement in Reserves Statement (or MiRS), any transactions which cannot be charged to taxation are removed; a good example is the charge for depreciation of the Council's assets. However, other transactions which statutory regulations require to be included are then charged in the MiRS, for example purchasing capital items using a contribution from revenue.

The following table reconciles the deficit on provision of services for the year to the movement in the Council fund.

	£'000	2014/15 £'000
Deficit on provision of services per Comprehensive Income and Expenditure Statement		(138)
Accounting adjustments in MiRS:		
Add back depreciation and other charges associated with capital items	5,280	
Add back decrease in value of investment properties	110	
Deduct increase in value of property, plant and equipment	(142)	
Deduct funding from capital grants and contributions	(1,360)	
Deduct capital expenditure which is funded by a contribution from revenue	(852)	
Transfer receipts from sales of assets to capital receipts reserve	(547)	
Add back actuary's calculation of the total charge for pension benefits:		
- Current service cost	1,616	
- Net interest expense	1,387	
Deduct pension fund contributions actually payable by the Council	(2,070)	
Effect of timing differences on recognition of Collection Fund results:		
Transfer the surpluses on the Collection Fund for 2014/15 to the Collection Fund Adjustment Account:		
- NNDR	(2,260)	
- Council Tax	(209)	
Transfer the (deficit)/surplus on the Collection Fund for previous years from the Collection Fund Adjustment Account		
- NNDR	(1,858)	
- Council Tax	80	
Other minor adjustments	(5)	
Total accounting adjustments (Note 15)		(830)
Net decrease in Council fund before transfers to or from earmarked reserves		(968)
Net transfer to earmarked reserves (Note 33)		(3,136)
Movement in the Council fund for the year		(4,104)

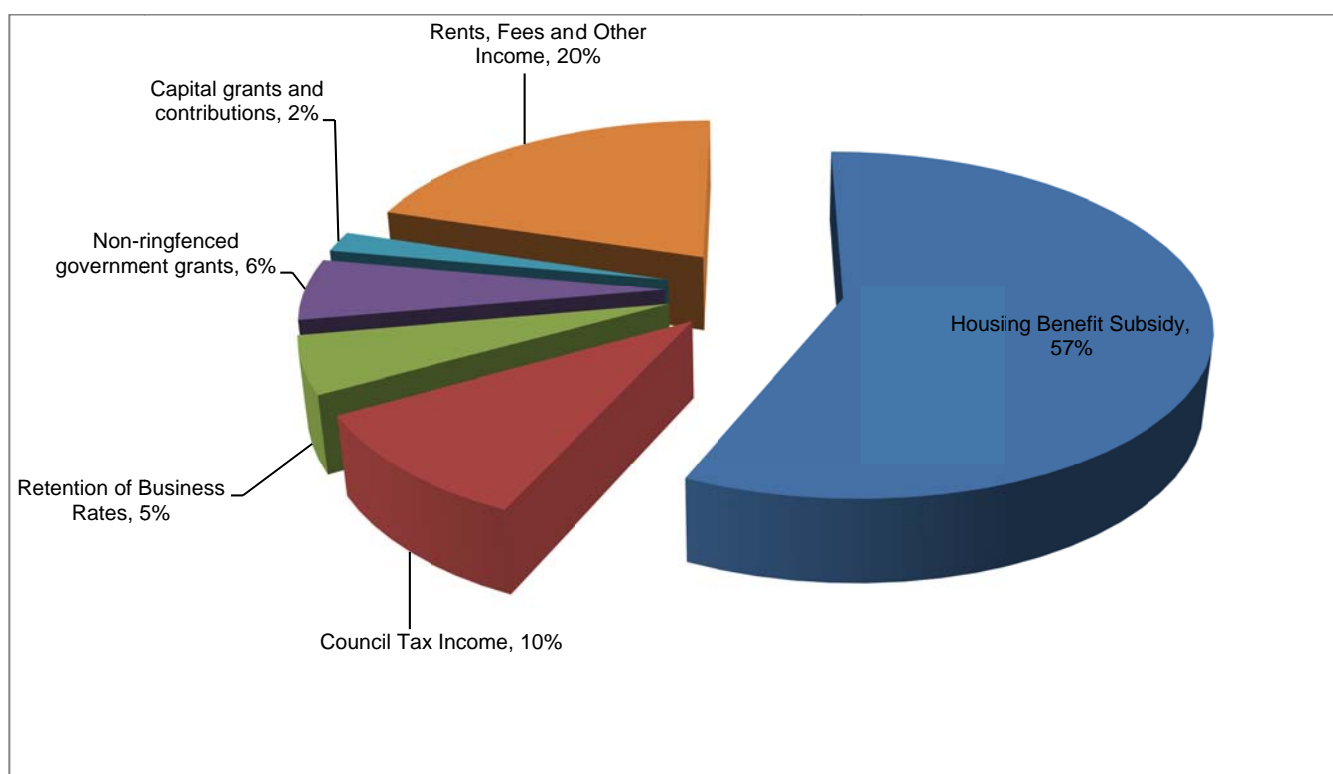

Illustrative Review of the Key Components of 2014/15

Actual performance as per the Statement of Accounts

This information relates to the contents of the accounts which follow this explanatory foreword. In addition to the income and expenditure referred to on the previous three pages, the accounts include charges for such items as depreciation of the Council's assets and income that were not included as part of the budget at the beginning of the year.

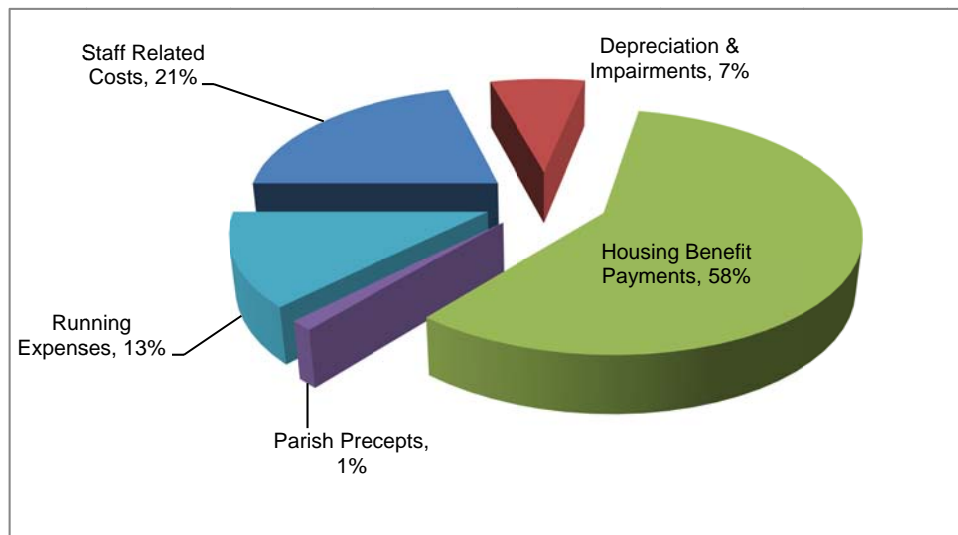

Revenue Funding

The Council's revenue spending is funded from various sources as illustrated below. 'Other income' includes fees, charges for services, bank interest and recharges between Council services.

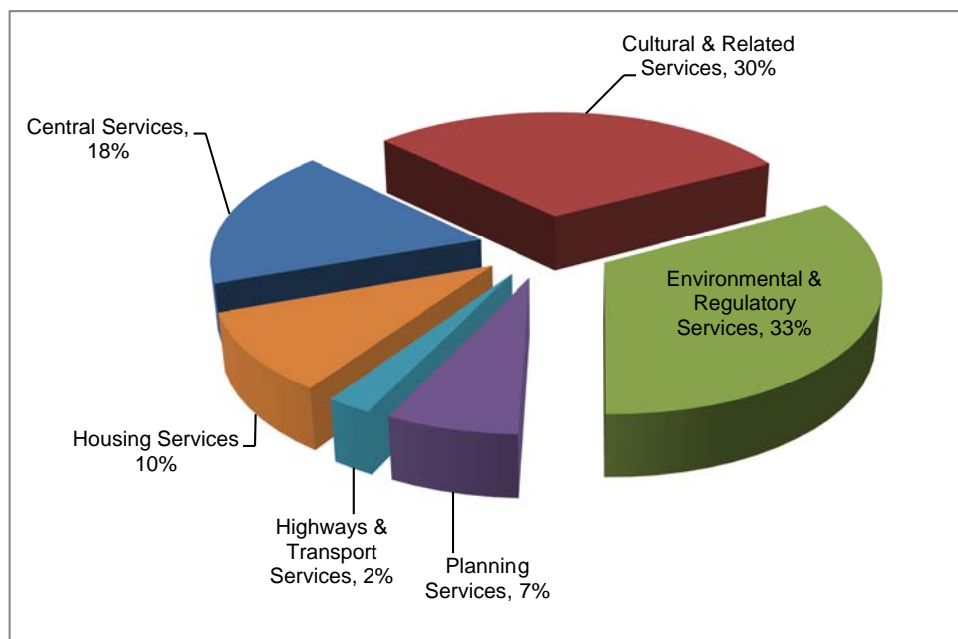

Revenue Expenditure

This chart shows the main categories of expenditure over all Council fund services. Running expenses include maintenance of buildings, purchases of supplies and services and gross recharges between Council services. Employee costs account for 21% of total expenditure.

Services Provided

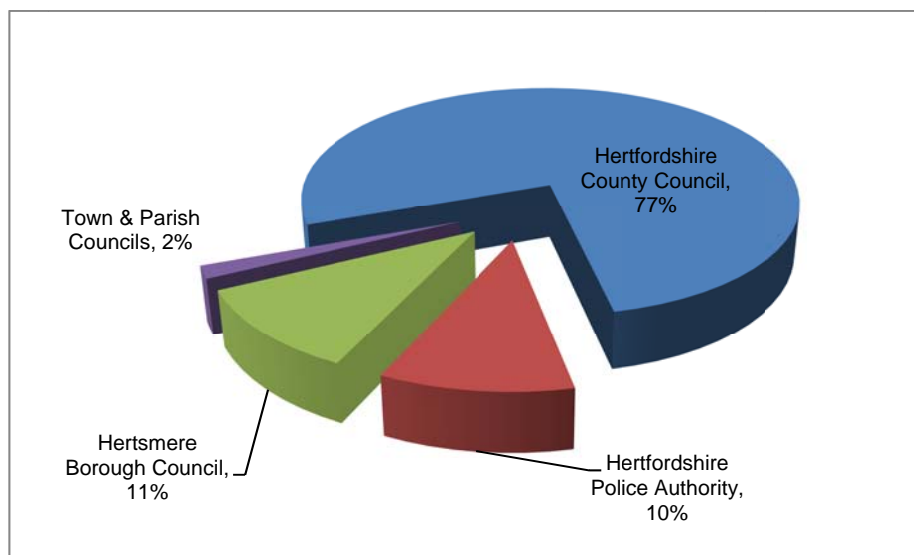

The chart in this section shows the proportion of Council's actual expenditure (including depreciation and impairment) on the different service areas during the year. Please see the table on page 8 for a description of the areas covered under each service.

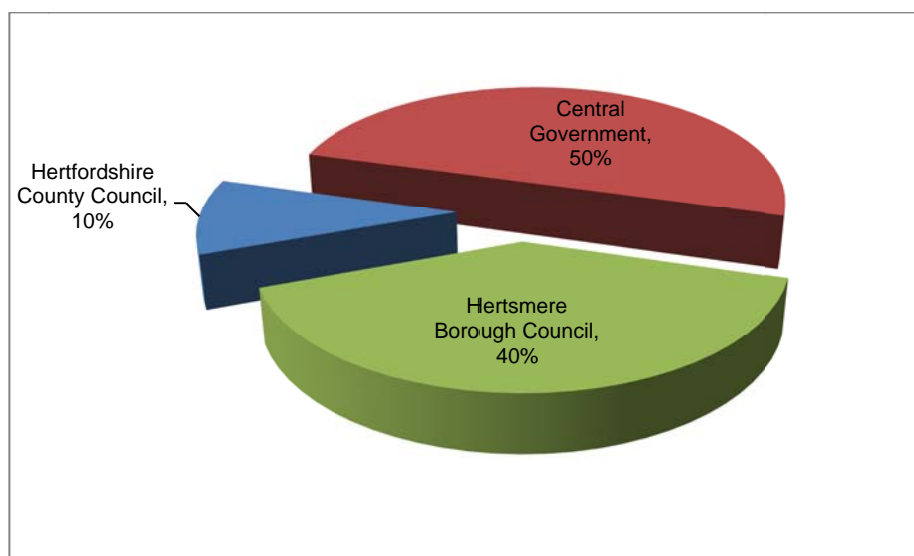

Council Tax and Business Rates– Where the Money Goes

Hertsmere collects Council Tax and Business Rates on behalf of other precepting authorities. The charts below show how the amounts collected are split amongst these authorities.

Council Tax

Business Rates

The Council Fund and the Council's services

Funding for local authorities

2014/15 was the final year of the coalition government's four-year spending review, ending just over a month before the general election of May 2015. The period saw a gradual reduction in the amount of general government grant available to local authorities, a degree of compensation being provided by incentives such as the New Homes Bonus grant (based on the amount of extra council tax revenue raised for new-build homes, conversions and long-term empty homes brought back into use) and the scheme for the retention of business rates which permits local authorities to retain part of the growth in business rates over an agreed baseline. The election returned a Conservative government which has signalled its intention to continue to encourage local authorities to move away from a historic reliance on central government funding and to concentrate on enhancing the growth of income within their own geographical areas.

Despite the ongoing pressures on local government finances and continuing austerity measures, the Council has successfully managed to deliver its services within budget with an entrepreneurial and commercial approach whilst freezing its council tax for the last five years.

The Council Fund

The Council maintains an unallocated reserve, the Council Fund. The maintenance of such a fund is necessary both to cover unforeseen expenditure and to provide adequate levels of reserves for the Council's operations. Furthermore, the Council bears the risk of losing funding in the order of £0.2 million in any one year if the collection of business rates falls below the baseline level set by the government. Such a loss is a charge on the Council Fund.

Members of the Council make every effort to maintain levels of service provision and regularly consult residents on their priorities for spending. Historically, levels of investment income provided a useful supplement to the basic budget for service provision. However, in addition to experiencing reductions in grant funding, the Council has for some years now been unable to rely on such levels of investment income given the returns available on investments that it is prudent for the Council to make; nor can it compensate for losses in grant income simply by increasing fees and charges. It is therefore vital that robust levels of reserves are maintained in order to safeguard services.

The Collection Fund

The balance on the Collection Fund relates to the surpluses or deficits arising on the collection of local taxation. It is advisable, particularly since the implementation in 2013/14 of a new scheme for the retention of business rates by local authorities, to consider the balance on the Council Fund in conjunction with the balance on the Collection Fund Adjustment Account when considering the resources available to the Council. This is because accounting requirements specific to local authorities effectively defer the realisation of surpluses and deficits on the collection of council tax and business rates until they are actually distributed, which takes place over the two years following the year in which the surplus or deficit was originally incurred. At 31 March 2014, the combined balances on the Council Fund and the Collection Fund Adjustment Account totalled £7.783 million and this total increased to £7.926 million at 31 March 2015, an increase of £143,000 (see page 9 for details of how this was achieved) or 1.8%, in excess of the March 2015 RPI index of 0.9%. The Council's financial strategy envisages maintaining the value of the Council Fund by at least the increase in RPI.

The Council now awaits details of the 2015 Comprehensive Spending Review which will spell out the levels of funding available to local authorities over the next five years. Early indications from the Chancellor's recent statements are that reductions accumulating to between 25% and 40% can be expected. The Council will republish its Medium Term Financial Plan which will incorporate available information about funding levels. Such a challenging spending review emphasises the need for careful planning and the advisability of maintaining robust levels of reserves to ease the transition to a reduced cost base.

Earmarked reserves

Earmarked reserves are funds generated through the revenue account that have been specifically set aside for future revenue and capital projects. The Council has once again been able to make good use of its earmarked reserves by using them to help pay for the shortfalls in income, and redirecting those that were reserved for projects no longer required or considered a priority. During the year a net £3.136 million was transferred from the Council Fund for future expenditure, including the replacement of waste vehicles, a contribution towards the elimination of the deficit on the pension fund, the Council's funds for innovation and investment and capital works and a reserve which helps to smooth the fluctuations in income from business rates. This transfer is net of £1.831 million which was spent on previously earmarked projects, including works to land drainage and the purchase of waste vehicles and the renewal of the Council's car parks. Total funds earmarked for future use at 31 March 2015 were £18.573 million. The breakdown of this sum is given at note 33.

Capital expenditure programme and associated financing

During the year the Council incurred expenditure of £2.889 million on capital projects, which can include anything from the purchase or replacement of vehicles and equipment to the refurbishment of existing assets. Significant projects undertaken during the year included continuing enhancements to facilities at Elstree Studios and the construction of housing for rent. The contaminated area of land behind the Studios, covering nearly 4 acres, has now been cleared and the way is open to build new revenue-enhancing facilities. This is an example of the Council's policy of making capital investments that will either save future revenue expenditure or will increase future income.

The Council has borrowed £1 million from the Hertfordshire Growing Places Fund established by Hertfordshire Local Enterprise Partnership. This loan has assisted with financing the enhancements to facilities at Elstree Studios and a further £1 million is available to be taken up for this purpose before the end of 2016.

During the year the Council generated capital receipts of £0.546 million through mortgage repayments and Right to Buy sales of properties previously owned by the Council but transferred to local Housing Associations. The receipts went into the usable capital receipts reserve and will be used for future capital projects. Usable capital receipts for such projects totalled £6.284 million at the balance sheet date.

At that date the Council was committed to spending a further £5.979 million; it is anticipated that £2.662 million of this sum will be funded through earmarked reserves or capital grants. Significant work will continue on a wide range of community facilities, the resurfacing of several car parks, the purchase of new street scene vehicles and the development of housing for affordable rents on Council-owned land. Funds have also been committed for further structural repairs and refurbishment of the Council's many properties including the civic offices.

Further analysis of the projects carried out during the year and those committed for the future, together with details of the associated funding, can be seen in note 18 to the accounts.

Pension fund liability

The Council's net pension fund deficit has increased over the last year, from £34.069 million to £37.253 million. The value of assets held within the scheme increased from £63.550 million to £71.303 million and the liabilities increased from £97.619 million to £108.556 million. The fall in bond yields which dictates the discount used to calculate the future value of liabilities outweighed the positive asset return achieved in the year.

It should be noted that movements on the pension fund liability are not taken to the Council Fund, which is only charged with pension fund contributions actually paid by the Council. Instead they are charged or credited to the Pensions Reserve (see note 34 to the accounts) which absorbs the differences between accounting adjustments and actual charges in accordance with statute.

It is important to recognise that the pension fund liability reflects the outlook using assumptions which cover an extremely long term. The net liability reflects the valuation of assets which themselves can be subject to wide fluctuations over the long term. In common with other employers who participate in the scheme, the Council will continue to fund the scheme at the rate recommended by the actuary to enable the scheme to meet its obligations.

The triennial valuation of the fund was carried out as at 31 March 2013 and the results were incorporated in the actuary's report, with assumptions updated where appropriate.

Significant changes to provisions

The Council's accounts include its share of the provision in respect of the cost of successful appeals against valuations for business rates (see note 29). At 31 March 2014 the Council's share stood at £2.307 million and after taking into account the sums utilised in 2014/15, the provision reduced to £1.412 million at 31 March 2015. In estimating the amount required for the provision, the Council no longer takes into account amounts at risk of going to appeal in future because recent government legislation has ensured that such appeals will not be backdated to earlier years if successful.

The Council's accounting policies

The Council reviews its accounting policies each year and implements any changes necessary to ensure that it complies with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom. No such changes were required in 2014/15 but the Council reviewed the treatment of infrastructure assets in accordance with *The CIPFA Code of Practice on Transport Infrastructure Assets* (the 'Infrastructure Code') which requires that such assets, currently measured at historical cost, should be measured and disclosed at depreciated replacement cost with effect from 1 April 2016 with comparative figures at the previous two balance sheet dates restated as appropriate.

The Infrastructure Code applies to authorities carrying out the functions of a local highway authority with responsibility for highway maintenance. Hertsmere Borough Council does not have such responsibility (which lies with Hertfordshire County Council); nevertheless it has in prior years made financial contributions towards the improvement of the appearance of adopted highways in various parts of the borough. At the conclusion of the review, it was decided that expenditure on assets with a net book value of £1.3 million at 31 March 2014 ought not to have been carried forward in the Council's accounts and the brought forward and comparative balances were restated appropriately. Full details of this restatement can be found at note 17.

Statement of Accounts

The Council's financial statements for the year ended 31 March 2015 are set out following the explanatory foreword. Where appropriate, figures for 2013/14 are also shown to enable comparisons between the two years.

Under provisions contained in the Audit Commission Act 1998 and the Accounts and Audit Regulations 2011, the Statement of Accounts for 2014/15 has been made available for inspection.

In addition to this report, the Council is required to meet certain statutory requirements. Details of these responsibilities and the officer responsible for the task are disclosed in the Statement of Responsibilities.

The core statements included within the Statement of Accounts consist of:

Movement in Reserves Statement

This statement shows the movement in the year on the different reserves held by the Council, analysed into 'usable reserves' (i.e., those that can be applied to fund expenditure or reduce local taxation) and other reserves. The Surplus or (Deficit) on the Provision of Services line shows the true economic cost of providing the Council's services, more details of which are shown in the Comprehensive Income & Expenditure Statement (below). These are different from the statutory amounts required to be charged to the Council Fund Balance for council tax setting purposes. The Net Increase/(Decrease) before transfers to Earmarked Reserves line shows the statutory Council Fund Balance before any discretionary transfers to or from earmarked reserves undertaken by the Council.

Comprehensive Income & Expenditure Statement

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Councils raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.

Balance Sheet

The Balance Sheet shows the values as at the Balance Sheet date of the assets and liabilities recognised by the Council. The net assets of the Council (assets less liabilities) are matched by the reserves held by the Council. Reserves are reported in two categories. The first category of reserves is usable reserves, i.e., those reserves that the Council may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example, the Capital Receipts Reserve may only be used to fund capital expenditure or repay debt.) The second category of reserves comprises those that the Council is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to fund services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations.'

Cash Flow Statement

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during the reporting period. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the Council. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Council.

The Collection Fund

The Collection Fund (England) is an agent's statement that reflects the statutory obligation for billing authorities (i.e., those that raise bills for council tax and business rates) to maintain a separate Collection Fund. The statement shows the transactions of the billing authority in relation to the collection from taxpayers and distribution to local authorities and the government of council tax and business rates.

Group Accounts

The Council does not produce group accounts on the grounds that the results of the subsidiaries in which it holds investments are not material to an understanding of the Council's results. A summary of the balance sheets and trading results of the Council's subsidiaries is set out at note 38.

.

MOVEMENT IN RESERVES STATEMENT

Movement in Reserves during 2013/14

	Council Fund Balance £'000	Earmarked Reserves (Note 33) £'000	Capital Receipts Reserve (Note 33) £'000	Capital Grants Unapplied Account (Note 33) £'000	Total Usable Reserves (Note 33) £'000	Unusable Reserves (Note 34) £'000 (Restated) 50,971	Total Reserves £'000 (Restated) 83,723
Balance at 31 March 2013	7,275	13,606	11,085	786	32,752		
Surplus on provision of services	3,097	-	-	-	3,097	-	3,097

The accompanying notes form an integral part of the Statement of Accounts

- (a) The (surplus)/deficit for the year on provision of services represents the true cost to the Council for the year after taking into account income from council tax and government grants.
- (b) To determine the Council fund balance, capital financing is allocated and other adjustments made on the Movement in Reserves Statement to leave the true surplus or deficit on the Council Fund for the year. **THE ACTUAL MOVEMENT IN THE COUNCIL FUND FOR THE YEAR IS A DECREASE OF £4.104 million (2013/14: INCREASE £2.143 million). A DECREASE OF £4.247 million (2013/14: £1.736 million increase) IS ATTRIBUTABLE TO TIMING DIFFERENCES UNDER ACCOUNTING REGULATIONS GOVERNING THE TREATMENT OF COLLECTION FUND SURPLUSES AND DEFICITS. THE COUNCIL MADE AN OPERATING SURPLUS OF £143,000 (2013/14: £188,000)**

Notes to the Accounts

1. Accounting Policies

Basis of Preparation

The Statement of Accounts summarises the Council's performance for the financial year 2014/15 and its position as at 31 March 2015. The principal accounting policies applied in the preparation of the Council's accounts are set out below.

The accounts have been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2014/15 ('the Code') and its associated guidance notes, as issued by the Chartered Institute of Public Finance and Accountancy (CIPFA). The Code is based on approved accounting standards issued by the International Accounting Standards Board (IASB) and interpretations of the International Financial Reporting Interpretations Committee (IFRIC), except where these are inconsistent with specific statutory requirements.

The accounts have been prepared under the historical cost convention, as modified for the revaluation of certain non-current assets.

The accounting policies are reviewed regularly to ensure that they remain the most appropriate to the Council's particular circumstances. Any change to the accounting policies will only be made if it is judged that the new policy will result in the accounts providing reliable and more relevant information about the Council's financial position or if the change is required by the Code.

Revenue Recognition

Revenue is measured at fair value of the consideration received or receivable on an accruals basis in the period in which the supply or service is delivered by the Council. Revenue includes fees, charges, rents and any other income receivable by the Council for services provided; and excludes any discounts, refunds and value added tax.

Council tax is measured at the full amount receivable (net of any impairment losses).

Property, Plant and Equipment

Basis of Recognition

The cost of an item of property, plant and equipment is recognised (and hence capitalised) on the Council's Balance Sheet provided that the asset yields benefits to the Council, and the service it provides is for a period of more than one year. However, due to the high administrative burden that would be required if all such items were included on the asset register, a de-minimis level has been set to determine which items will be capitalised and which will be expensed in the Surplus or Deficit on the Provision of Services. The de-minimis level is applied against the collective total of project costs except for items of Vehicles, Plant & Equipment which are measured on an individual item basis.

Asset Category:	De-minimis level:
Council dwellings	£5,000
Other land & buildings	£5,000
Vehicles, plant, furniture & equipment	£5,000
Infrastructure assets	£1,000
Community assets	£1,000

Where an item of Property, Plant and Equipment has major components, the cost of which is significant in relation to the total cost of the item, the components are depreciated separately. Where such components have significantly different asset lives, the depreciation is charged over the useful economic life of each component. Where a component is replaced or restored (i.e. enhancements) the carrying amount of the old component is derecognised and the cost of the new component is reflected in the carrying amount of the asset.

Measurement

An item of property, plant and equipment that qualifies for recognition as an asset is initially measured at cost and capitalised on an accruals basis. The cost of an asset comprises all expenditure directly attributable to bring the asset into working condition for its intended use. Assets are subsequently valued using the following basis and are carried net of accumulated depreciation and impairment.

Asset Category:	Basis of Valuation:
Council dwellings	Fair value (Existing use)
Other land & buildings	Fair value (Existing use) except in the case of specialised assets where depreciated replacement cost may be used
Vehicles, plant & equipment	Historical cost
Infrastructure assets	Historical cost
Community assets	Historical cost
Assets under construction	Historical cost

In the case of specialised assets, depreciated replacement cost is established using the modern equivalent asset methodology, which provides the current cost of replacing an asset with its modern equivalent, less deductions for all physical deterioration and all relevant forms of obsolescence and optimisation.

The Council ensures that the carrying amount of items of property (council dwellings and other land and buildings, see note 17) does not differ materially from that which would be determined using fair value at the end of each reporting period. Such items are grouped for valuation purposes in a manner which ensures that each asset is revalued in full at an interval of not less than three years. All assets are reviewed annually for evidence of material changes in fair value.

Increases and decreases on revaluation

An increase in the carrying amount of an asset arising on revaluation is credited to the Revaluation Reserve unless the increase is reversing a previous revaluation decrease charged to the Surplus or Deficit on the Provision of Services on the same asset or reversing a previous impairment loss (see below) charged to the Surplus or Deficit on the Provision of Services on the same asset.

A decrease in the carrying amount of an asset arising on revaluation is charged to the Revaluation Reserve up to the value of the credit balance existing in respect of the asset and thereafter in the Surplus or Deficit on the Provision of Services.

Depreciation

Items of property, plant and equipment other than land, community assets to be held in perpetuity and having no determinable useful life and assets under construction, are depreciated over their expected useful economic lives on a straight line basis over the following number of years:

Infrastructure Assets	Up to 20 Years
Other Land & Buildings	Up to 50 Years
Leisure Centres	Up to 30 Years
Council Dwellings	20 Years
Council Garages	20 Years
Car Parks & Depots	20 Years
Vehicles, Plant & Other Equipment	3 to 14 Years

Impairment

The council's assets are reviewed for any evidence of impairment (e.g., a significant decline in the asset's carrying amount which is specific to the asset, obsolescence or damage) at each balance sheet date. Any impairment loss is charged to the Revaluation Reserve up to the value of the credit balance existing in respect of the asset and thereafter in the Surplus or Deficit on the Provision of Services.

Disposals

On disposal of assets the difference between the net disposal proceeds after any fees and repayment of secured debt and the carrying amount of the asset is included in the Comprehensive Income & Expenditure Statement. However such a gain or loss on derecognition is not a proper credit or charge in the Council Fund and is subsequently reported in the Movement in Reserves Statement with an amount equal to the net disposal proceeds being credited to the Capital Receipts Reserve and an amount equal to the carrying amount of the asset being charged to the Capital Adjustment Account.

Charges to the Comprehensive Income & Expenditure Statement for the Use of Assets

Service revenue accounts, support services and trading accounts are charged with the real cost of utilising assets through depreciation, revaluation and impairment losses as disclosed above. However local government statute does not require the council to raise council tax to cover these charges and they are subsequently transferred from the Council Fund to the Capital Adjustment Account and reported in the Movement in Reserves Statement.

Heritage assets

Heritage assets are those assets that are intended to be preserved in trust for future generations because of their cultural, environmental or historical associations. Such assets are recognised and measured (including the treatment of revaluation gains and losses) in accordance with the Council's accounting policies for property, plant and equipment. However, some of the measurement rules are relaxed when the Council is of the view that to obtain a valuation of the asset would involve a cost disproportionate to the benefit of the user of the accounts.

Heritage assets are not subject to depreciation except where it has been determined that they have a finite useful life. The carrying amounts of such assets are reviewed when there is evidence of impairment and any such impairment is recognised and measured in accordance with the Council's accounting policies for property, plant and equipment.

The proceeds of disposal of heritage assets are accounted for in accordance with the Council's accounting policies for property, plant and equipment.

Investment Property

Properties that are held for the purpose of earning rentals, for capital appreciation or for both purposes are classified as investment properties. The de-minimis level applied for the purpose of considering such assets for recognition in the council's Balance Sheet is £5,000. Where part of an investment property is replaced, the carrying amount of the part which is replaced is derecognised and the cost of the new part is reflected in the carrying amount of the asset.

Investment properties are initially recognised at cost and are subsequently measured at fair value (market value) at the balance sheet date. A gain or loss arising from a change in the fair value of an investment property is recognised in the Comprehensive Income & Expenditure Statement. On disposal of an investment property the difference between the net disposal proceeds and the carrying amount of the property is included in the Comprehensive Income & Expenditure Statement. However such a gain or loss on derecognition is not a proper credit or charge in the Council Fund and is subsequently reported in the Movement in Reserves Statement with an amount equal to the net disposal proceeds being credited to the Capital Receipts Reserve and an amount equal to the carrying amount of the asset being charged to the Capital Adjustment Account.

Investment properties are not subject to depreciation.

Intangible Assets

Intangible assets are identifiable non-monetary assets without physical substance. They are recognised only where it is probable that expected future benefits attributable to the asset will flow to the council. They are measured initially at cost. Subsequent expenditure is charged to Surplus or Deficit on the Provision of Services when incurred.

The depreciable amount of an intangible asset with a finite useful life is amortised on a systematic basis over its useful life, beginning when the intangible asset is available for use.

Internally generated intangible assets

Internally generated assets are recognised only if all of the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or for sale
- the intention to complete the intangible asset and use it
- the ability to sell or use the intangible asset
- how the intangible asset will generate probable future economic benefits or service potential
- the availability of adequate technical, financial and other resources to complete the intangible asset and to use or sell the intangible asset
- the ability to measure reliably the expenditure attributable to the intangible asset during its development

Software

Software which is integral to the operation of hardware e.g. an operating system, is capitalised as part of the relevant item of property, plant and equipment. Software which is not integral to the operation of hardware e.g. application software, is capitalised as an intangible asset. All software is given a finite useful life, based on assessments of the period that the software is expected to be of use to the Council.

Assets Held for Sale

Properties which meet the following criteria are classified as assets held for sale:

- management is committed to the disposal and the property is being actively marketed
- the property is available for sale immediately in its present condition
- the sale is highly probable.

Such assets are measured at the lower of fair value (market value less costs to sell) and carrying value at the time the asset is classified as held for sale and are not subject to depreciation.

Revenue Expenses Funded by Capital Under Statute

Revenue expenses funded by capital under statute arise when the Council incurs expenditure financed by the Capital Adjustment Account that is not capitalised on the Balance Sheet. Expenditure is initially expensed through the Surplus or Deficit on the Provision of Services and is then allocated to the Capital Adjustment Account through the Movement in Reserves Statement, so that there is no impact on council tax.

Grants and Other Contributions

There are several instances whereby the Council may receive a grant or contribution towards expenditure from central government or other bodies. Where there is reasonable assurance that the grants or contributions will be received and that the Council will comply with the conditions attached to them, grants and contributions which relate to both revenue and capital expenditure are accounted for on an accruals basis and recognised immediately in the Comprehensive Income and Expenditure Statement as income as follows:

Specific Revenue Grants

Specific revenue grants are credited to service revenue accounts, support services, trading accounts and corporate accounts.

General Revenue Grants

General revenue grants, such as the Revenue Support Grant (RSG), are credited after net operating expenses.

Capital Grants and Contributions

Capital grants and contributions relate to specific capital expenditure. Where assets are capitalised, the associated grants and contributions are credited to the Comprehensive Income and Expenditure Statement

The receipt of a capital grant or contribution is not a proper credit to the Council Fund and where a such a grant or contribution has been recognised as income in the Comprehensive Income and Expenditure Statement and the expenditure to be financed from that grant or contribution has been incurred at the Balance Sheet date, the grant or contribution is transferred from the Council Fund to the Capital Adjustment Account. This transfer is reported in the Movement in Reserves Statement.

Section 106

Capital contributions received under Section 106 are recognised on receipt as a liability and are released to the Comprehensive Income and Expenditure Statement following the completion of off-site facilities related to the development in question.

The Council currently has no Section 106 funding from revenue projects.

Financial Assets

Recognition

Financial assets are recognised in the Balance Sheet when the council becomes party to the financial instrument contract or, in the case of debtors, when the goods or services have been delivered. Financial assets are derecognised when the contractual rights have expired or the asset has been transferred

Measurement

Financial assets are classified into two types:

- Loans and receivables – assets with a fixed or determinable payments but not quoted in an active market (e.g., trade debtors, fixed term investments)
- Available for sale assets – assets with a quoted market price and no fixed determinable payments (e.g., equity investments)

Loans and receivables are initially measured at fair value and carried at their amortised costs. The Council has the following loans and receivables:

Debtors

Debtors are carried at original invoice or contractual amount less an estimate made for impairment (below). Bad debts are written off when identified. Debtors falling due after more than one year are classified as long-term assets, which also include council house mortgages.

Impairment

Where the future receipt deriving from a debtor is uncertain, allowance is made for the impairment of the asset. The Council bases such allowances on a review of all outstanding amounts at the year end, taking into account known disputes in respect of invoices, previous experience of the collection of debts, the age of any outstanding invoices and the categories of debtors.

Cash and Cash Equivalents

Cash is cash in hand and deposits with any financial institution repayable without penalty on notice of not more than 24 hours.

Cash equivalents include investments that mature in 3 months or less from the date of acquisition, are readily convertible to known amounts of cash with insignificant risk of change in value and are held for the purpose of meeting short-term cash commitments and not for investment purposes.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and that form an integral part of the Council's cash management.

Due to their nature and short term maturity, the fair values for debtors due within one year and cash and cash equivalents are estimated using their carrying values.

Investments

The Council has investments, which may be both long and short-term, with various financial institutions. Investments are carried at their amortised cost, which comprise their principal amount plus accrued interest at the Balance Sheet date.

The fair value of investments is determined by discounting the future cash flows using a relevant market rate of interest comparable to the rate for the same investment from a comparable institution, available at the Balance Sheet date.

The Council currently has no available for sale assets.

Financial Liabilities

Recognition

Financial liabilities are recognised on the statement of financial position when the Council becomes party to the contractual provisions of the financial instrument or, in the case of creditors, when the goods or services have been received. Financial liabilities are de-recognised when the liability has been discharged, that is, the liability has been paid or has expired.

Measurement

Financial liabilities are initially measured at fair value and are carried at their amortised cost. The Council has the following liabilities measured at amortised cost.

Creditors

Creditors are carried at their original invoice amount.

Bank Overdrafts

Bank overdrafts comprise amounts owed to banks and similar institutions, and are repayable on demand.

Due to their nature and short term maturity, the fair values for creditors and bank overdrafts are estimated using their carrying values.

Loans

Borrowings are carried at their amortised cost, which comprise their principal amount plus accrued interest as at the Balance Sheet date.

The fair value of borrowings is determined by discounting the future cash flows using a relevant market rate of interest comparable to the rate for the same loan to a comparable institution, available at the Balance Sheet date.

Provisions

Provisions are recognised when the Council has a present legal or constructive obligation as a result of a past event, it is probable that the Council will be required to settle the obligation and a reliable estimate can be made of the obligation. The amount recognised as a provision is the best estimate of the expenditure required to settle the obligation at the end of the reporting period, taking into account the risks and uncertainties.

Financial guarantees

Financial guarantees are recognised when the Council enters into an agreement which requires it to make specified payments to reimburse the other party to the agreement for a loss that party incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument. Initial recognition of the guarantee is at fair value based on an estimate of the probability of the guarantee being called and the likely amount payable.

In subsequent years the fair value of the guarantee is amortised over the period of the underlying risk exposure to the extent that the exposure is expected to fall over the life of the guarantee. Where payment of the guarantee becomes probable, the fair value of the guarantee will be deemed to be equivalent to the amount that would be determined for a provision in accordance with International Accounting Standard (IAS) 37, *Provisions, Contingent Liabilities and Contingent Assets*.

Inventories

Inventories are valued at the lower of cost or net realisable value, using the first-in, first-out (FIFO) method.

Cost of Support Services

All management, administration and central support services have been fully charged to services using appropriate apportionments as prescribed by Service Reporting Code of Practice (SERCOP). Costs of the corporate and democratic core are not re-allocated. These include all executive decision processes that determine Council policies and the cost of running various executive committees.

Contingent Assets & Liabilities

Contingent assets and liabilities arise from past events but where the future asset or obligation are uncertain and cannot be reliably ascertained. Material contingent assets and liabilities are disclosed in the Notes to the Accounts but are not provided for in the core financial statements.

Reserves

Usable reserves

Usable reserves are those reserves that can be applied to fund revenue or capital expenditure or reduce local taxation.

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Earmarked reserves are created by appropriating amounts from the Council Fund; such transfers are reported in the Movement in Reserves Statement. When expenditure is financed from a reserve, it is charged to the appropriate service revenue account in that year, including it in the Surplus or Deficit on the Provision of Services as required under the Code. The amounts are subsequently charged to the appropriate reserve as reported in the Movement in Reserves Statement.

All other movements in usable reserves, including adjustments between accounting basis and funding basis under regulations, are reported in the Movement in Reserves Statement.

Unusable reserves

Certain reserves are maintained to manage the accounting process for property, plant and equipment, financial instruments, retirement and other employee benefits and the collection of council tax and do not represent resources available to the Council. Specific details relating to these reserves are included elsewhere in these accounting policies and details on all reserves are included within the reserves note to the accounts.

Pensions

The Council participates in the Hertfordshire Local Government Pension Scheme, a defined benefit scheme operated by Hertfordshire County Council.

The expected costs of providing pensions, as calculated periodically by professionally qualified actuaries, is charged to the Comprehensive Income and Expenditure Statement in order to spread the cost over the service lives of employees in the schemes. Further costs arise in respect of certain pensions paid to retired employees on an unfunded basis.

The Council's share of the schemes assets and liabilities are included at fair value, as calculated annually by the actuary, which in turn gives rise to actuarial gains or losses.

The scheme's liabilities are discounted to their current price using a discount rate which has been based on the gross redemption yield for the iBoxx sterling corporate index AA, measured by reference to yields on high quality bonds, over a period of time which recognises the estimated term of the Council's benefit obligation, determined using a weighted average duration of liabilities.

The scheme's assets are valued using the following methods:

Quoted securities	- Current bid price
Unquoted securities	- Professional estimate
Unitised securities	- Current bid price
Property	- Market value

Statutory provisions restrict the amount that the Council can fund through council tax to the amounts actually payable each year, and as a result all other movements are funded by the pension reserve, by means of transfers which are reported in the Comprehensive Income and Expenditure Statement and the Movement in Reserves Statement.

Short Term Employee Benefits

Salaries, wages and employment related payments are recognised in the period in which the service is received from employees. The cost of annual and flexible leave entitlement earned but not taken by employees at the end of the period is recognised in the financial statements to the extent that employees are permitted to carry forward leave into the following period. The estimation of such costs is based on records of annual and flexible leave taken and contractual entitlements to payment.

Leases

The determination of whether an arrangement is, or contains, a lease is based upon the substance of the arrangement at inception date.

Finance leases, which transfer to the council substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at the inception of the lease at the fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly against income.

Assets held under finance leases are depreciated over the shorter of the estimated useful life of the asset and the lease term.

All other leases are classified as operating leases. Payments under operating leases are charged to the Comprehensive Income and Expenditure Statement on a straight-line basis over the period of the lease.

Interests in Companies and Other Entities

The Council has interests in companies that have the nature of subsidiaries but does not prepare group accounts on the grounds that the results of the subsidiaries in which it holds investments are not material to an understanding of the Council's results. In the Council's accounts, the interests in companies are recorded as investments.

Prior Period Adjustments, Changes in Accounting Policies and Estimates and Errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Authority's financial position or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period. Note 17 includes details of such a correction made in respect of the Council's treatment of transport infrastructure assets.

2. Accounting Standards that have been Issued but have not yet been adopted

Amendments to the following International Financial Reporting Standards (IFRS), International Accounting Standards (IAS) and reports by the IFRS Interpretations committee (IFRIC) have been issued by the International Accounting Standards Board and are mandatory for the Council's accounting period beginning 1 April 2015 but have not yet been adopted. It is not anticipated that their implementation will have a material impact on the Council's Statement of Accounts.

- IFRS 13 *Fair Value Measurement*
- *Annual Improvements to IFRS 2011–2013 Cycle*
- IFRIC 21 *Levies*

3. Critical Accounting Estimates and Judgements

The preparation of accounts in accordance with the Code requires management to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant.

The key areas of judgement and estimation uncertainty routinely applied by management are set out in the accounting policies above and in individual notes to the accounts which support the amounts disclosed in the Council's Balance Sheet. In addition, the following critical judgements have been applied in preparing the Statement of Accounts:

- There is a high degree of uncertainty about future levels of funding for local government. However, the Council has determined that this uncertainty is not sufficient to provide an indication that the assets of the Council might be impaired as a result of a need to close facilities and reduce levels of service provision.
- The Council has participated in the Local Authority Mortgage Scheme and has deposited £1 million with Lloyds Bank. In determining the fair value of the financial guarantee provided to Lloyds Bank (note 28), the Council has estimated a default rate of 2% over the life of the scheme.
- The Council has an obligation to meet a proportion of insurance claims paid by Mutual Municipal Insurance following the appointment of a Scheme Administrator. After considering all available information concerning the likelihood of future calls, the Council provided for approximately 28% of the estimated liability and has to date drawn down just over 50% of this sum.
- The Council is not represented on the board of Hertsmere Leisure Trust, a charitable organisation that operates the leisure facilities owned by the Council and formerly operated by the Council. Accordingly it has been determined that the Council does not have control of the Trust and that the Trust is not a subsidiary of the Council.
- The Council has considered its relationships with other entities with which it has entered into collaborative arrangements, details of which are given at note 38, and has concluded that the inclusion of such interests in a set of group financial statements should only be made where there is a material effect on the Council's financial position and its obligations and such an effect is therefore material for an understanding of its financial affairs.
- The Council has made provision in its Collection Fund of £3.532 million for the future cost of making repayments of business rates to payers who successfully appeal against the rateable value of their property as determined by the local Valuation Office at 1 April 2010 or at a later date (see note 4 to the Collection Fund. Note 29 to the Statement of Accounts discloses the share of this provision allocated to the Council, £1.412 million, 40% of the total). This provision is based on estimates of the likelihood of the success of appeals submitted by 31 March 2015. Government regulations state that appeals submitted after that date which are successful will not be the subject of backdating beyond the year of submission so the Council has made no further provision for the cost of future appeals.

4. Assumptions made about the Future and Other Major Sources of Estimation Uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Council's balance sheet at 31 March 2015 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

Item	Uncertainty	Effect if actual results differ from assumptions
Property, Plant and Equipment	Assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred in relation to individual assets.	<p>If the useful life of assets is reduced, depreciation increases and the carrying amount of the asset falls.</p> <p>It is estimated that the annual depreciation charge for buildings would increase by £82k for every year that useful lives had to be reduced.</p>
	The valuation of certain items of Property, Plant and Equipment is based on a number of estimated factors such as remaining useful life, regularity of rent reviews and levels of repairs and maintenance. Uncertainty in such areas is mitigated by the use of professional advisors to carry out revaluations.	
Pensions Liability	Estimations of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in mortality rates and expected returns on pension fund assets. The Council concurs with the assumptions to be applied by the independent actuary to the Hertfordshire Local Government Pension Scheme.	<p>The effect on the net pensions liability of changes in individual assumptions can be measured. For instance, a 0.5% decrease in the discount rate assumption would result in an increase in the pension liability of £10.2 million.</p> <p>However, the assumptions interact in complex ways. Note 32 sets out details of the assumptions made by the independent actuary to the Hertfordshire Local Government Pension Scheme together with further examples of the sensitivity of the estimation of the pensions liability to individual actuarial assumptions.</p>

5. Exceptional Items

Prior year items

The Council's leisure centres were valued as at 31 March 2014 and as a result impairment losses of £4,950k recognised in the Comprehensive Income and Expenditure Statement in earlier years were reversed. In view of the materiality of this sum it was disclosed separately in order to avoid distortion of the results of the service with which these assets are associated.

6. Events after the Balance Sheet Date

No adjustment to the Statement of Accounts is required in respect of transactions which took place after the balance sheet date.

7. Trading Operations

The Council has established the following three trading units which the service manager is required to operate in a commercial environment and balance the unit's budget by generating income from other parts of the Council or other organisations. The following sums have not been allocated to the relevant services in the Comprehensive Income and Expenditure Statement.

2013/14 Deficit/ (Surplus) £'000		Expenditure £'000	Less: Income £'000	2014/15 Deficit/ (Surplus) £'000
(26)	Building Control: The Regulations require Local Authorities to break even in their BRFE trading account over a three-year rolling period. The cumulative (surplus) / deficit is transferred to a separate holding account.	341	(395)	(54)
120	Cemeteries / Burial Grounds: The Council maintains two closed cemeteries (not available for burials) and one lawn cemetery that incurs expenditure – the trading objective is to minimise the subsidy funded from council tax.	190	(79)	111
(82)	Trade Refuse: The Council has a duty under the Environmental Protection Act to provide, where requested, a commercial waste service for which a charge is made.	465	(581)	(116)
12	Net surplus on trading accounts	996	(1,055)	(59)

8. Taxation and non-specific Grant Income

During the year, the Council credited the following items of taxation, grants and contributions to the Comprehensive Income and Expenditure Statement:

2013/14 £'000		2014/15 £'000
	<i>Council tax income:</i>	
5,944	Amount collectable from council tax	6,019
877	Amount collectable on behalf of parishes	916
132	Share of surplus on collection fund for the year	209
6,953		7,144
	<i>Non-domestic rates income and expenditure (see note below):</i>	
16,994	Amount collectable from business rates	16,915
(14,526)	Tariff payable to central government	(14,808)
(1,868)	Share of surplus/(deficit) on collection fund for the year	2,260
1,308	Safety net grant receivable from central government	-
-	Growth levy payable to central government	(1,268)
292	Grant in respect of small business and other rates reliefs	647
2,200		3,746
	<i>General Government Grants:</i>	
3,641	Revenue support grants	2,850
(76)	Allocated to support parishes	(76)
960	New Homes Bonus	1,329
4,525		4,103
	<i>Capital grants and contributions:</i>	
	Recognised capital grants and contributions:	
310	Disabled facilities grant	375
-	Lottery funding	62
239	Section 106 monies utilised (note 30)	904
674	Other capital contributions	19
1,223		1,360
	<i>Principal government grants credited to services:</i>	
	<i>Environmental Services:</i>	
242	Recycling grant	206
	<i>Housing services:</i>	
38,702	Housing benefit subsidy	39,961
632	Grant for the administration of housing benefits	604
39,576		40,771

Note: The total amount of business rates collected by the Council, less certain reliefs and other deductions, has been allocated amongst the Council, Hertfordshire County Council as a preceptor and DCLG. The Council's share is subject to a tariff, being the amount by which the share exceeds the funding level determined by central government as being appropriate to the borough's needs.

The Council's Comprehensive Income and Expenditure Statement includes a share of any surplus or deficit arising for the year on the collection of business rates. Where, after taking into account any losses on collection, the Council's income falls below a threshold set by central government, a safety net grant is paid by central government. Should the Council's income exceed the threshold, a levy is payable to central government but the Council may retain a proportion of the surplus.

A surplus of £2.260 million (2013/14: deficit £1.868 million) on the collection of business rates and a levy of £1.268 million payable to central government (2013/14: safety net grant receivable from central government £1.308 million) have been recognised in the Comprehensive Income and Expenditure Statement for the year. A deficit arose in 2013/14 because it was necessary to establish a provision for the future cost of successful appeals against valuations for business rates as they affect the years 2013/14 and earlier.

9. Members' Allowances & Expenses

The following allowances and expenses were paid to members during the year:

2013/14 £'000		2014/15 £'000
Allowance / Expense:		
209	Basic allowance	214
117	Special responsibility allowance	117
2	Attendance allowance	-
3	Travel allowance	1
5	Other	-
336	Total	332

10. Employees' Remuneration

Under the Accounts and Audit Regulations 2011, Local Authorities are required to disclose:

(i) the remuneration of the council's senior employees, analysed over the following categories:

2013/14		Salary exclud- ing allow- ances	Car allow- ance	Fees as Return- ing Officer	Medical insur- ance	Pension - empl- oyers' contri- butions made by the Council (note a) £'000	2014/15
£'000 Total	Post	£'000	£'000	£'000	£'000	£'000	£'000 Total
173	Chief Executive	139	6	8	3	24	180
	Director of Resources/ Section 151 Officer	95	6	-	-	15	116
117	Director of Environment	95	6	-	3	15	119
405	Total	329	18	8	6	54	415

(a) Employers' contributions to the pension scheme represent the amount determined at the last actuarial valuation as being required to meet the cost of future pension accrual.

(ii) the number of employees in the accounting period, in addition to senior employees included at (i) above, whose remuneration was £50k or more in bands of £5k. For this purpose, remuneration means all amounts paid to or receivable by an employee and includes sums due by way of taxable expenses and the estimated money value of any other benefits. Pension contributions payable by the Council are excluded.

2013/14 Employees No.		2014/15 Employees No.
	Remuneration band:	
5	£50,000-£54,999	3
3	£55,000-£59,999	2
1	£60,000-£64,999	1
4	£70,000-£74,999	4
13		10

11. Termination Benefits

The Council terminated the contracts of a number of employees in 2014/15 incurring liabilities of £19k (2013/14: £11,000).

The number of contracts terminated ('exit packages') with total cost per band and total cost of compulsory and other redundancies are set out in the table below.

Exit package cost band	Number of compulsory redundancies		Number of other departures agreed		Total number of exit packages by cost band		Total cost of exit packages in each band	
	2013/14	2014/15	2013/14	2014/15	2013/14	2014/15	2013/14 £'000	2014/15 £'000
£0-£20,000	-	-	4	4	4	4	11	19
Total	-	-	4	4	4	4	11	19

12. Audit fees

During the year the Council incurred the following fees relating to external audit and inspection:

2013/14 £'000		2014/15 £'000
	Audit Fees:	
56	External audit services carried out	59
29	Certification of grant claims and returns	32
1	National Fraud Initiative	2
86	Total	93

Other services include fees for the national fraud initiative.

13. Comparative information in respect of preceding periods

As set out in note 17 below, the Council has reviewed the accounting treatment previously applied to transport infrastructure assets and has restated the comparative information provided in respect of preceding periods.

14. Discontinued Operations

All the Council's operations were regarded as continuing activities.

15. Adjustments Between Accounting Basis and Funding Basis under Regulation

The Comprehensive Income and Expenditure Statement shows the Council's actual financial performance for the year and is measured in terms of resources consumed and generated. However, the Council is required to raise council tax on a different accounting basis with the two main differences being as follows:

- Capital investment is accounted for as it is financed rather than when the fixed asset is consumed; and
- Retirement benefits are charged as amounts become payable to pension funds and pensioners rather than as future benefits are earned.

The Council Fund compares the Council's spending against the council tax it raised for the year, taking into account the use of reserves built up in the past and contributions to reserves earmarked for future specific expenditure.

The following note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Council in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure. Movements in earmarked reserves are set out in note 33.

Movement in Usable Reserves (note 33)				
Year ended 31 March 2015	Council Fund Balance £'000	Capital Receipts Reserve £'000	Capital Grants Unapplied Account £'000	Movement in Unusable Reserves (note 34) £'000
Adjustments primarily involving the Capital Adjustment Account:				
<i>Reversal of items debited or credited to the Comprehensive Income and Expenditure Statement:</i>				
Charges for depreciation, impairment and amortisation of non-current assets:				
Property, plant and equipment	3,720			(3,720)
Heritage assets	22			(22)
Intangible assets	154	-	-	(154)
Reversal of impairment charges recognised in the Surplus or Deficit on Provision of Services: property, plant and equipment	(142)			142
Capital grants and contributions applied	(1,338)	-	-	1,338
Revenue expenditure funded from capital under statute	1,339	-	-	(1,339)
Amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement:				
Property, plant and equipment	45			(45)
Movement in the market value of investment property charged to the Comprehensive Income and Expenditure Statement	110	-	-	(110)
<i>Insertion of items not debited or credited to the Comprehensive Income and Expenditure Statement:</i>				
Capital expenditure charged against the Council Fund balance:				
Property, plant and equipment	(852)	-	-	852
Adjustments primarily involving the Capital Grants Unapplied Account:				
Capital grants and contributions unapplied credited to the Comprehensive Income and Expenditure Statement	(22)	-	22	-
Application of grants to capital financing transferred to the capital adjustment account	-	-	(11)	11
Adjustments primarily involving the Capital Receipts Reserve:				
Transfer of cash sale proceeds credited as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement				
Property, plant & equipment	(2)	2	-	-
Transfer of other capital receipts not relating to the sale of assets	(546)	546	-	-

Movement in Usable Reserves (note 33)				
Year ended 31 March 2015	Council Fund Balance £'000	Capital Receipts Reserve £'000	Capital Grants Unapplied Account £'000	Movement in Unusable Reserves (note 34) £'000
Adjustments primarily involving the Capital Receipts Reserve (contd.):				
Use of capital receipts reserve to finance new capital expenditure	-	(688)	-	688
Contribution from the capital receipts reserve to finance the payments to the Government capital receipts pool	1	(1)	-	-
Adjustments primarily involving the Collection Fund Adjustment Account:				
<i>Council tax</i>				
Amount by which council tax credited to the Comprehensive Income and Expenditure Statement is different from council tax income calculated for the year in accordance with statutory requirements	(129)			129
<i>Non-domestic rates</i>				
Amount by which non-domestic rates credited to the Comprehensive Income and Expenditure Statement is different from business rate income calculated for the year in accordance with statutory requirements	(4,118)	-	-	4,118
Adjustments primarily involving the Pensions Reserve:				
Reversal of items relating to retirement benefits debited or credited to the Comprehensive Income and Expenditure Statement:	3,003	-	-	(3,003)
Employers' pension contributions payable in the year	(2,070)	-	-	2,070
Adjustment primarily involving the Accumulated Absences Account:				
Amount by which remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in accordance with statutory requirements	(5)	-	-	5
Total adjustments	(830)	(141)	11	960

Movement in Usable Reserves (note 33)				
Year ended 31 March 2014 <i>(Restated)</i>	Council Fund Balance £'000	Capital Receipts Reserve £'000	Capital Grants Unapplied Account £'000	Movement in Unusable Reserves (note 34) £'000
Adjustments primarily involving the Capital Adjustment Account:				
<i>Reversal of items debited or credited to the Comprehensive Income and Expenditure Statement:</i>				
Charges for depreciation, impairment and amortisation of non-current assets:				
Property, plant and equipment	4,426			(4,426)
Heritage assets	23			(23)
Intangible assets	141	-	-	(141)
Reversal of impairment charges recognised in the Surplus or Deficit on Provision of Services: property, plant and equipment	(5,111)			5,111
Capital grants and contributions applied	(1,223)	-	-	1,223
Revenue expenditure funded from capital under statute	1,753	-	-	(1,753)
Amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement:				
Investment property	441			(441)
Asset held for sale	80	-	-	(80)
Movement in the market value of investment property credited to the Comprehensive Income and Expenditure Statement	(1,117)	-	-	1,117
<i>Insertion of items not debited or credited to the Comprehensive Income and Expenditure Statement:</i>				
Capital expenditure charged against the Council Fund balance:				
Property, plant and equipment	(322)	-	-	322
Adjustments primarily involving the Capital Grants Unapplied Account:				
Application of grants to capital financing transferred to the capital adjustment account	-	-	(171)	171
Adjustments primarily involving the Capital Receipts Reserve:				
Transfer of cash sale proceeds credited as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement				
Property, plant & equipment	(82)	82	-	-
Investment property	(507)	507		
Transfer of other capital receipts not relating to the sale of assets	(248)	248	-	-
Use of capital receipts reserve to finance new capital expenditure	-	(5,496)	-	5,496

Movement in Usable Reserves (note 33)				
Year ended 31 March 2014 <i>(Restated)</i>	Council Fund Balance £'000	Capital Receipts Reserve £'000	Capital Grants Unapplied Account £'000	Movement in Unusable Reserves (note 34) £'000
Adjustments primarily involving the Capital Receipts Reserve (contd.):				
Contribution from the capital receipts reserve to finance the payments to the Government capital receipts pool	1	(1)	-	-
Adjustment primarily involving the Financial Instruments Adjustment Account:				
Amount by which finance costs charged to the Comprehensive Income and Expenditure Statement are different from finance costs chargeable in the year in accordance with statutory requirements	(4)	-	-	4
Adjustments primarily involving the Collection Fund Adjustment Account:				
<i>Council tax</i>				
Amount by which council tax credited to the Comprehensive Income and Expenditure Statement is different from council tax income calculated for the year in accordance with statutory requirements	(132)			132
<i>Non-domestic rates</i>				
Amount by which non-domestic rates credited to the Comprehensive Income and Expenditure Statement is different from business rate income calculated for the year in accordance with statutory requirements	1,868	-	-	(1,868)
Adjustments primarily involving the Pensions Reserve:				
Reversal of items relating to retirement benefits debited or credited to the Comprehensive Income and Expenditure Statement:	3,397	-	-	(3,397)
Employers' pension contributions payable in the year	(2,505)	-	-	2,505
Adjustment primarily involving the Accumulated Absences Account:				
Amount by which remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in accordance with statutory requirements	(2)	-	-	2
Total adjustments	877	(4,660)	(171)	3,954

16. Amounts Reported for Resource Allocation Decisions

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the Service Reporting Accounting Code of Practice. However, decisions about resource allocation are taken by the Council's Executive on the basis of budget reports analysed across individual services. These reports are prepared on a different basis from the accounting policies used in the financial statements. In particular:

- No charges are made in relation to capital expenditure (whereas depreciation, amortisation and revaluation and impairment losses in excess of the balance on the Revaluation Reserve are charged to services in the Comprehensive Income and Expenditure Statement.
- The cost of retirement benefits is based on the payment of the employer's pension contributions rather than the current service cost of benefits accrued in the year.
- Expenditure on certain support services is budgeted for centrally and not charged to services.

The income and expenditure of the Council's principal services recorded in the budget reports for the year is as follows:

The income and expenditure of the Council's principal services recorded in the budget report for the year are as follows:

Year ended 31 March 2015

	Planning & Building Control	Housing/ Env' Health	Street Scene/ Engineering/ Asset Man'	Partnerships & Comm' Development	Finance, Revenues, Benefits, IS	Legal & Democratic Services	Central Services	Total
	£'000	£'000	£'000	£'000	£'000	£'000	£'000	£'000
Fees, charges and other service income	(1,477)	(1,008)	(8,559)	(13)	(454)	(216)	(306)	(12,033)
Government grants	-	(75)	-	-	*(41,482)	-	-	(41,557)
Reserve contributions	-	-	(466)	-	-	-	(37)	(503)
Total income	(1,477)	(1,083)	(9,025)	(13)	(41,936)	(216)	(343)	(54,093)

Revaluations

The Council carries out a programme of revaluations which ensures that the carrying amount of items of property (council dwellings and other land and buildings), does not differ materially from that which would be determined using fair value at the end of each reporting period. Such items are grouped for valuation purposes in a manner which ensures that each asset is revalued in full at an interval of not less than three years. All assets are reviewed annually for evidence of material changes in fair value.

Assets included in note 17 within 'Other Land and Buildings' with a value of £36.9 million were revalued in full at 31 March 2015 (2014: £55.3 million).

Valuations as at 31 March 2015 in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institute of Chartered Surveyors (RICS) have been carried out on behalf of the Council by Messrs Wilks Head and Eve LLP, Chartered Surveyors.

Valuations of vehicles, plant, furniture and equipment are based on current prices where there is an active second-hand market or latest list prices adjusted for the condition of the asset.

Infrastructure assets

The Council has reviewed the treatment of infrastructure assets in accordance with *The CIPFA Code of Practice on Transport Infrastructure Assets* (the 'Infrastructure Code') which requires that such assets, currently measured at historical cost, should be measured at depreciated replacement cost with effect from 1 April 2015. The Infrastructure Code applies to authorities carrying out the functions of a local highway authority with responsibility for highway maintenance. Hertsmere Borough Council does not have such responsibility (which lies with Hertfordshire County Council); nevertheless it has in prior years made financial contributions towards the improvement of the appearance of adopted highways in various parts of the borough. Accounting practice dictates that expenditure on assets which are not owned by the authority but which may properly be financed from capital reserves should be written off as incurred. The resultant charge to the General Fund is eliminated by an equivalent transfer from the Capital Adjustment Account. On concluding the above review, the Council has determined that the amendments to the disclosure of expenditure on infrastructure assets set out below should be made and the balances restated accordingly. The Council is satisfied that as a result of these amendments, its treatment of infrastructure assets is compliant with the Infrastructure Code and that accordingly no further adjustments to disclosures will be required.

Impact on the Statement of Accounts for the year ended 31 March 2013	As Previously Reported £'000	Prior Year Adjustments £'000	As Restated £'000
Balance Sheet			
Property plant and equipment: cost	127,275	(3,975)	123,300
Property plant and equipment: accumulated depreciation	(33,569)	2,479	(31,090)
Property plant and equipment: net book value	93,706	(1,496)	92,210
Capital Adjustment Account	(62,538)	1,496	(61,042)

Impact on the Statement of Accounts for the year ended 31 March 2014	As Previously Reported £'000	Prior Year Adjustments £'000	As Restated £'000

Adjustments between accounting basis and funding basis under regulations	1,073	(196)	877

18. Capital Financing Statement

2013/14 £'000		2014/15 £'000
	Capital Investment:	
5,170	Property plant and equipment	1,521
231	Intangible assets	29
58	Investment property	-
1,753	Revenue expenditure funded by capital under statute	1,339
7,212	Total Capital Investment	2,889
	Funded as Follows:	
322	Revenue contribution to capital expenditure	852
1,394	Government grants and other contributions	1,349
5,496	Capital receipt allocations	688
7,212	Total Sources of Funding	2,889

During the year, the Council borrowed £1 million, repayable by February 2020, from the Hertfordshire Local Enterprise Partnership in order to assist with financing the enhancements to facilities at Elstree Film Studios.

Analysis of expenditure

	2014/15 £'000
Significant Projects Undertaken During the Year:	
Enhancements to facilities at Elstree Film Studios	336
Replacement of refuse and recycling vehicles	164
Car park resurfacing	314
Completion of construction of police accommodation	66
Disability access grants	571
Microphone system for council chamber and committee rooms	95
Implementation of planning control system	29
Radlett Café	133
Use of S106 receipts (<i>note 30</i>) :	
Development of housing for rent	559
Other projects	345
Other	277
Total	2,889

Commitments under Capital Contracts

2014/15 onwards £'000		2015/16 onwards £'000
	Remaining budget on capital commitments:	
-	Enhancements to facilities at Elstree Film Studios	434
995	Wyllyotts Centre improvements	995
170	Radlett Café	37
168	Enhance sports pitches and pavilions	238
-	Disability access grants	207
586	Replacement of refuse and recycling vehicles	966
1,792	Development of housing for affordable rents	1,338
-	Car park resurfacing	820
157	Enhancements to finance systems	136
205	Civic offices: perimeter fan coils	205
148	Refurbishment of council owned properties	104
582	Others	499
4,803		5,979
(995)	Less: to be funded from earmarked reserves	(2,381)
-	to be funded from other grants and contributions	(281)
3,808	Balance to be funded from usable capital receipts	3,317

19. Leases**The Council as Lessee****Operating Leases**

The Council uses webcasting equipment financed under the terms of an individual operating lease. Printing devices leased in prior years have been replaced by purchased equipment. The future minimum lease payments due under non-cancellable leases in future years are:

31 March 2014 £'000		31 March 2015 £'000
9	Not later than one year	10
18	Later than one year and not later than five years	10
27	Total	20

Minimum lease payments totalling £10k (2013/14:£12k) in respect of such leases have been charged to the Central Services line in the Comprehensive Income and Expenditure Statement.

20. Heritage assets**Heritage assets held by the authority**

Heritage assets comprise the restored Grade II listed Rose Garden in Herkomer Road, Bushey and the Borough's war memorials.

In addition, the Council holds a small number of paintings and other artefacts and four sets of civic regalia. The collective value of these assets is not considered to be material.

The Council holds no intangible heritage assets.

Valuation

Heritage assets have been valued at cost.

Acquisition, preservation and disposal of heritage assets

The Council gives consideration to acquiring heritage assets where they have cultural, environmental or historical associations which make their preservation for future generations important. The majority of the Council's heritage assets are properties which are easily accessible to the public; a comprehensive list of such assets is maintained within the Council's fixed asset register.

Such assets are preserved and maintained as necessary having regard to budgetary resources. Disposals of such assets are expected to be rare and would take place only after a careful appraisal of all options for the preservation of the asset.

Carrying value

The following table summarises the movement in the carrying value of heritage assets over the year:

31 March 2014 £'000	31 March 2015 £'000
Cost	
1,353 At 1 April and 31 March	1,353
Depreciation	
(88) At 1 April	(111)
(23) Charged in year	(22)
(111) At 31 March	(133)
Net Book Value	
1,242 At 31 March	1,220

21. Investment Property

Rental income from investment property of £375k (2013/14: £379k) has been accounted for in the financing and investment income and expenditure line in the Comprehensive Income and Expenditure Statement.

There are no restrictions on the Council's ability to realise the value inherent in its investment property or on the council's right to the remittance of income and the proceeds of disposal. The Council has no contractual obligations to purchase, construct or develop investment property or for repairs, maintenance or enhancement.

The following table summarises the movement in the fair value of investment property over the year:

31 March 2014 £'000	31 March 2015 £'000
5,407 At 1 April	6,500
57 Additions in year	-
360 Assets reclassified (to)/from property, plant and equipment	-
(441) Disposals	-
1,117 Net gains/(losses) from fair value adjustments	(110)
6,500 At 31 March	6,390

22. Intangible Assets

31 March 2014 £'000		31 March 2015 £'000
Gross Carrying Amount		
838	At 1 April	1,069
231	Additions in year	29
1,069	At 31 March	1,098
Amortisation		
(188)	At 1 April	(329)
(141)	Charged in year	(154)
(329)	At 31 March	(483)
Net Carrying Amount		
740	At 31 March	615

All intangible assets have been acquired by purchase from third parties.

23. Assets held for sale

No assets were held for sale at 31 March 2015 (2014: nil)

24. Stock and Work in Progress

As at 31 March 2015 the Council held stock amounting to £79k (2014: £87k).

25. Debtors

31 March 2014		31 March 2015
£'000		£'000
Amounts Receivable Within One Year:		
<i>Financial assets</i>		
3,253	Sundry debtors & accrued income	2,582
2	Council house mortgages	2
30	Employee car loans	34
10	Loan to voluntary organisation	-
150	Loans to subsidiary undertakings	150
3,445	Total financial assets	2,768
<i>Non-financial assets and statutory debts</i>		
225	Council tax	205
410	Business rates	297
270	HM Revenue & Customs	169
1,185	Due from government departments and other authorities	-
102	Housing Benefit overpaid	167
278	Prepayments	285
5,915	Total amounts receivable within one year	3,891
Amounts Receivable After One Year:		
<i>Financial assets</i>		
2,016	Local Authority Mortgage Scheme	2,016
6	Council house mortgages	4
36	Employee car loans	58
506	Loans to subsidiary undertakings	506
497	Other loans	365
3,061	Total amounts receivable after one year	2,949

The amount receivable under the Local Authority Mortgage Scheme represents the sum deposited at Lloyds Bank plus accrued interest at 31 March 2015 and includes £1.08 million (2014: £1.08 million) deposited on behalf of Hertfordshire County Council (note 28).

Credit Risk

Included in the above debtors are the following balances which the Council considers impaired and for which an allowance for impairment has been made:

31 March 2014		31 March 2015	
Debtor	Allowance	Debtor	Allowance
£'000	£'000	£'000	£'000
Impaired Financial Assets:			
2,638	1,512	3,281	1,917
1,076	441	808	306
3,714	1,953	4,089	2,223
Total		Total	

The debtors included on the Balance Sheet are net of the above allowances for impairment.

Concentration of credit risk on these balances is limited due to the Council's large and unrelated customer base. On this basis the Council believes there is no further recognition of credit risk required in addition to the allowances for impairment already made.

The ageing of the impaired balances due in respect of Council fund balances may be analysed as follows:

31 March 2014 £'000		31 March 2015 £'000
898	Less than three months	1,286
119	Three months to six months	163
1,621	Greater than six months	1,832
2,638	Total	3,281

26. Investments

Investments were held as follows:

31 March 2014 £'000		31 March 2015 £'000
<i>Amortised Cost</i>		<i>Amortised Cost</i>
	Long Term Investments:	
2	Investments in subsidiaries	2
2	Total long term investments	2
	Short Term Investments:	
15,018	Banks and local authorities	20,019
15,018	Total short term investments	20,019

All investments are financial assets.

The average interest rate received on core investments during the year was 0.74% (2013/14: 0.76%).

Short-term investments are held for periods of one year or less.

Investments in subsidiaries represents the following:

31 March 2014 £		31 March 2015 £
	Bushey Country Club Limited (100%)	
2	2 ordinary shares of £1 each	2
	Elstree Film Studios Limited (100%)	
1	1 ordinary share of £1 each	1
	Elstree Film & Television Studios Limited (100%) (note 38)	
2,000	2,000 ordinary shares of £1 each	2,000
2	2 A and B shares of £1 each	2
2	2 special shares of £1 each	2
2,007	Total investments in subsidiaries and related parties	2,007

In addition, the council held 14 (14%) of the ordinary shares of £1 each issued by Hertfordshire CCTV Partnership Limited (note 38) at 31 March 2015. (2014: nil)

Credit Risk

Credit risk arises from deposits with banks and financial institutions. The risk is minimised through the Council's Treasury Management Strategy. The Council has adopted the CIPFA Code of Practice on Treasury Management in Public Services. In assessing credit risk, the Council uses the creditworthiness service provided by Sector Treasury Services which combines assessments of credit ratings, credit watches, credit outlooks and credit default swap spreads to provide a weighted scoring system.

As well as using the matrix produced by Sector Treasury Services, the Council limits its exposure to any one particular institution or group of banks and uses Fitch long-term ratings (or equivalent) to determine the amount of funds placed with each institution as follows (limits effective in 2014/15:

Long Term	Maximum Investment	Investments at 31 March 2015	Call deposits at 31 March 2015 (included in cash and cash equivalents)
AAA to AA-	£8m	-	2 deposits not exceeding £8 million
A+, A	£2m	5 deposits not exceeding £2 million	-
DMO, UK Government and Local Authorities	£10m	-	-
Part nationalised banks (50%+) and equivalents	£10m	4 deposits not exceeding £10 million	1 deposit not exceeding £10 million

The Council's Treasury Management Strategy reduces credit risk further by limiting the term of investments depending on the credit criteria of the financial institution and by limiting the amounts that may be invested in any one country (other than the UK) and in any one sector.

Debt Management Office and Local & Public Authorities

Although not rated by Fitch Rating Services, the Government's Debt Management Office and other local and public authorities meet the criteria for the highest counterparty credit limit which permits the council to invest with them up to £10 m.

The Council's only historic experience of default on its investments is in respect of Heritable Bank plc. The shortfall in the bank's recovery was approximately 5% which equates to 0.15% of the average investments held during the year, including amounts placed at call. Whilst it is likely that further payments to reduce the shortfall will be received, the Council considers 0.15% of its total portfolio to be a fair estimate of its maximum exposure to default which based on its investments, including amounts placed on call at 31 March 2015 equates to £55k (2014: £50k).

27. Cash and Cash Equivalents

The balance of cash and cash equivalents is made up of the following elements:

31 March 2014 £'000	31 March 2015 £'000
3 Cash held by the Council	3
614 Bank current accounts	1,037
9,984 Call deposit accounts and money market funds	16,504
10,601 Total	17,544

28. Creditors

31 March 2014 £'000	31 March 2015 £'000
Amounts payable within one year:	
<i>Financial Liabilities</i>	
4 Mortgage overpayments	3
- Local Enterprise Partnership (below)	207
2,845 Sundry creditors	2,361
2,849 Total financial liabilities	2,571
<i>Non-financial liabilities and statutory debts</i>	
108 Accrual for accumulated absences (note 34)	103
332 HM Revenue & Customs: payroll taxes	325
2,125 Due to government departments and other authorities	9,460
782 Receipts in advance	647
6,196 Total included in current liabilities	13,106
Included in non-current liabilities:	
<i>Financial liabilities</i>	
Local Authority Mortgage Scheme:	
1,008 Contribution made by Hertfordshire County Council	1,008
- Local Enterprise Partnership (below)	796
<i>Non-financial liabilities</i>	
15 Financial guarantee (below)	11
8 Deferred receipts	6
1,031 Total included in non-current liabilities	1,821

Local Enterprise Partnership

During the year, the Council borrowed £1 million, of which £204,000 plus accrued interest of £3,000 is repayable by 31 March 2016 and the remainder by February 2020, from the Hertfordshire Local Enterprise Partnership in order to assist with financing the enhancements to facilities at Elstree Film Studios.

Financial guarantee

The financial guarantee relates to the Local Authority Mortgage Scheme and has been calculated by reference to the Council's potential liability to reimburse Lloyd's Bank in the event of the bank incurring a shortfall on the sale of a property where the mortgagor has defaulted. A default rate of 2% throughout the initial period of the scheme (five years) has been assumed. The guarantee is being amortised over the period of the scheme. The following table summarises movements on the guarantee during the year.

31 March 2014 £'000	31 March 2015 £'000
Value	
20 At 1 April and 31 March	20
Amortisation	
(1) At 1 April	(5)
(4) Charged in year	(4)
(5) At 31 March	(9)
Net Book Value	
15 At 31 March	11

29. Provisions

31 March 2014 £'000	31 March 2015 £'000
Provision in respect of support for Bushey Country Club as a going concern prior to transfer to Hertsmere Leisure Trust (note 38)	
400 At 1 April	424
24 Contribution to provision	-
424 At 31 March	424
Provision in respect of the Council's liabilities under the Municipal Mutual Insurance Scheme of Arrangement	
297 At 1 April	138
(159) Released to Comprehensive Income and Expenditure Statement	-
138 At 31 March	138
Provision in respect of the Council's share of the cost of successful appeals against valuations for business rates (note 4 to the Collection Fund statement)	
- At 1 April	2,307
Released to the Collection Fund	(849)
2,307 Contribution to /(release from) provision	(46)
2,307 At 31 March	1,412
2,869 Total	1,974

30. Capital Grants Received in Advance

The Council has received a number of grants and contributions, known as Section 106 grants, that have yet to be recognised as income as they have conditions attached to them that would require the monies to be returned to the giver in the event of non-compliance with the conditions. Pending application to the relevant projects, these grants are held on the balance sheet as capital grants received in advance.

Section 106 receipts are amounts paid to the Council by developers as a result of the granting of planning permission where improvement or new facility works are required as part of the condition of granting the planning permission. The responsibility to carry out the works is with the Council, however the monies are restricted to being spent only in accordance with agreement concluded with the developer and are repayable in the event that there are surplus funds remaining following completion of the contract or that the project is ceased following the agreement of both parties.

A summary of the major Section 106 balances held as at 31 March 2015 is as follows:

31 March 2014 £'000	Receipts £'000	Utilised £'000	31 March 2015 £'000
177 Oakland College	1	(5)	173
123 Haydon Dell Farm	-	(118)	5
96 Studio Plaza	-	(22)	74
267 Franshams site	-	(207)	60
149 Allum Lane, Elstree	1	(41)	109
224 Loom Lane, Radlett	-	(222)	2
146 Blackwell House	1	(3)	144
401 Gemini House	2	(47)	356
134 Sparrow Herne	1	(20)	115
1,440 International University	7	-	1,447
- Elder Court	428	-	428
1,209 Other balances below £100k	304	(219)	1,294
4,366 Total	745	(904)	4,207

Receipts include interest of £19k (2013/14: £13k) allocated to the balances whilst they are held on deposit by the Council.

31. Financial Instruments

Financial Instruments by Category

The financial assets and liabilities included on the Balance Sheet comprise the following categories of financial instruments:

31 March 2014 £'000		31 March 2015 £'000
Financial Assets by Class:		
<i>Loans and Receivables</i>		
3,445	Debtors due within one year (note 25)	2,768
3,061	Debtors due after one year (note 25)	2,949
2	Long term investments (note 26)	2
15,018	Short term investments (note 26)	20,019
10,601	Cash and cash equivalents (note 27)	17,544
32,127	<i>Total loans and receivables</i>	43,282
32,127	Total financial assets	43,282
Financial Liabilities by Class:		
<i>Financial liabilities at amortised cost</i>		
2,849	Creditors payable within one year (note 28)	2,571
1,008	Creditors payable after one year (note 28)	1,804
3,857	<i>Total other liabilities at amortised cost</i>	4,375
3,857	Total financial liabilities	4,375

Fair Value of Financial Assets and Liabilities

Financial liabilities and financial assets are recorded on the Balance Sheet at their amortised cost. The fair value can be assessed by calculating the present value of their future cash flows.

The fair values of the Council's financial instruments, together with the carrying amounts included on the Balance Sheet are analysed as follows:

31 March 2014		31 March 2015	
Carrying Value	Fair Value	Carrying Value	Fair Value
£'000	£'000	£'000	£'000
Financial Assets:			
<i>Loans and receivables</i>			
6,506	6,506	5,717	5,717
15,020	15,033	20,021	20,039
10,601	10,601	17,544	17,544
32,127	32,140	43,282	43,300
Financial Liabilities:			
<i>Financial liabilities at amortised cost</i>			
3,857	3,857	4,375	4,352
3,857	3,857	4,375	4,352

Assumptions in Calculating Fair Values*Debtors / Creditors / Cash and Equivalents*

Due to their nature and short term maturity, fair values have been estimated to approximate their carrying value.

Investments / Loans

Fair values have been determined by discounting future cash flows using relevant market rates of interest comparable to the rate for the same instrument from comparable institutions. The relevant market rates used were obtained from the market as at 31 March 2015 using bid prices where applicable.

Financial Instruments Gains and Losses

During the year the total investment income receivable relating to financial assets amounted to £385k (2013/14: £271k).

During the year there were no impairment losses relating to financial assets (2013/14: £62k reversed).

During the year the total interest payable relating to financial liabilities amounted to £22k (2013/14: £13k).

Liquidity Risk

As the majority of its investments are short term deposits, which are available at relatively short notice, there is no significant risk that the Council will be unable to raise finance to meet its commitments under financial instruments.

Interest Rate Risk

The Council only invests in fixed rate investment products in order to minimise its exposure to interest rate risk.

32. Defined Benefit Pension Scheme

Participation in Pension Schemes

As part of the terms and conditions of employment of its staff, the council makes contributions towards the cost of post-employment benefits. Although these benefits will not be payable until the employees retire, the Council has a commitment to make the payments for the benefits and to disclose them at the time that the employees earn their future entitlement.

The Council participates in the Hertfordshire Local Government Pension Scheme which is administered by Hertfordshire County Council. This is a funded defined benefit scheme, meaning that the council and employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets.

Discretionary Post-retirement Benefits

Discretionary post-retirement benefits on early retirement may be awarded. This is an unfunded defined benefit arrangement under which liabilities are recognised when the award is made. No plan assets build up to meet these liabilities.

Transactions Relating to Post-employment Benefits

The Council has recognised the cost of retirement benefits in the reported cost of services when earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge that is required to be made against council tax is based on the cash payable in the year, so the real cost of post-employment/retirement benefits is reversed out of the Council Fund via the Movement in Reserves Statement.

The following transactions have been included within the Comprehensive Income and Expenditure Statement and the Council Fund via the Movement in Reserves Statement during the year:

2013/14 £'000	Comprehensive Income and Expenditure Statement	2014/15 £'000
	Cost of Services:	
	Service cost comprising:	
1,675	Current service cost	1,616
	Finance and investment income and expenditure:	
1,722	Net interest expense	1,387
3,397	Total post-employment benefits charged to the Surplus or Deficit on the Provision of Services	3,003
	Other post-employment benefits charged to the Comprehensive Income and Expenditure Statement	
	Remeasurement of the net defined liability comprising:	
	Return on plan assets (excluding the amount included in the net interest expense)	
(1,887)		(6,296)
	Actuarial gains and losses arising on changes in financial assumptions	
371		9,475
	Actuarial gains and losses arising on changes in demographic assumptions	
(2,980)		-
(1,024)	Other experienced (gains)/losses	(928)
(5,520)	Total post-employment benefits charged/(credited) to the Comprehensive Income and Expenditure Statement	2,251

2013/14 £'000	Movement in Reserves Statement	2014/15 £'000
(3,397)	Reversal of net charges made to the Surplus or Deficit on the Provision of Services for post-employment benefits in accordance with the Code	(3,003)
	<i>Actual amount charged against the Council Fund for pensions for the year:</i>	
2,505	Employer's contributions payable to the scheme	2,070

The employer's contributions payable to the scheme in the year ended 31 March 2014 included a single payment of £472k towards the elimination of the deficit in the scheme.

Pensions Assets and Liabilities Recognised in the Balance Sheet

The amount included in the Balance Sheet arising from the Council's obligation in respect of its defined benefit pension plan is as follows:

31 March 2014 £'000		31 March 2015 £'000
(97,619)	Present value of defined benefit obligations	(108,556)
63,550	Fair value of scheme assets	71,303
(34,069)	Net liability arising from defined benefit obligation	(37,253)

The following table reconciles the present value of the scheme's defined benefit obligations and the fair value of the scheme assets:

31 March 2014 £'000		31 March 2015 £'000
	Present Value of Defined Benefit Obligations:	
(98,349)	As at 1 April	(97,619)
(1,675)	Current cost of services	(1,616)
-	Past service gain	-
(4,390)	Interest cost	(3,968)
(437)	Contributions by scheme members	(477)
-	Gains / (losses) on curtailments	-
	Remeasurement gains and (losses):	
2,980	Actuarial gains and losses arising on changes in demographic assumptions	-
(371)	Actuarial gains and losses arising on changes in financial assumptions	(9,475)
1,024	Other experienced gains/losses	928
3,599	Benefits paid	3,671
(97,619)	As at 31 March	(108,556)
	Fair Value of Scheme Assets:	
59,652	As at 1 April	63,550
2,668	Expected return on assets	2,581
437	Contributions by scheme members	477
2,505	Contributions by employer	2,070
	Remeasurement gains and (losses):	
1,887	Return on plan assets (excluding the amount included in the net interest expense)	6,296
(3,599)	Benefits paid	(3,671)
63,550	As at 31 March	71,303

The fair values of scheme assets are made up of the following types of investments by proportion of total assets held:

31 March 2014			31 March 2015		
£'000	%		£'000	%	
2,068	3	Cash and cash equivalents	1,880	3	
		Equity instruments:			
		<i>By industry type:</i>			
6,399	10	Consumer	6,296	9	
7,322	13	Manufacturing	7,459	11	
2,823	4	Energy & Utilities	2,058	3	
6,902	11	Financial Institutions	6,408	9	
976	2	Health & Care	1,057	1	
4,469	7	Information Technology	4,428	6	
725	1	Other	526	1	
29,616	48	Sub-total equity instruments	28,232	40	
		Debt Securities:			
5,268	8	Corporate bonds (investment grade)	-	-	
3,915	6	UK Government	-	-	
1,345	2	Other	-	-	
10,528	16	Sub-total debt securities	-	-	
2,576	4	Private Equity	2,954	4	
		Property:			
2,460	4	UK Property	-	-	
1,395	2	Overseas Property	-	-	
3,855	6	Sub-total property	-	-	
		Investment Funds and Unit Trusts			
9,670	16	Equities	10,245	14	
1,550	2	Bonds	19,019	27	
270	0	Commodities	309	0	
-	-	Infrastructure	64	0	
3,362	5	Other	8,754	12	
14,852	23	Sub-total investment funds and unit trusts	38,391	53	
55	0	Derivatives: foreign exchange	(154)	0	
63,550	100	Total assets	71,303	100	

All scheme assets, other than private equity, property assets and foreign exchange derivatives, have quoted prices in active markets.

Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method which provides an estimate of the pensions that will be payable in future years dependent on assumptions about such factors as mortality rates and salary levels.

The estimated liabilities are based on a formal valuation as at 31 March 2013 and are updated to the current year by Hymans Robertson, the independent actuary to Hertfordshire Local Government Pension Scheme.

The principal assumptions used by the actuary are as follows:

31 March 2014		31 March 2015
Financial assumptions:		
2.6%	Rate of increase in inflation / pension cost	2.1%
3.9%	Rate of increase in salaries	3.5%
4.1%	Expected return on investments	3.1%
4.1%	Rate for discounting scheme obligations	3.1%
	Take up of option to receive lump sum on retirement	
50%	(service pre April 2008)	50%
	Take up of option to receive lump sum on retirement	
75%	(service post April 2008)	75%
Mortality assumptions:		
	Longevity at 65 for current pensioners	
22.3	Men	22.3
24.5	Women	24.5
	Longevity at 65 for future pensioners	
24.3	Men	24.3
26.7	Women	26.7

In accordance with the provisions of International Accounting Standard (IAS) 19 *Employee Benefits (June 2011 Amendments)*, the long term expected rate of return on assets in the scheme has been calculated as equivalent to the rate for discounting scheme obligations.

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions as set out in the table above. The sensitivity analyses below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes that for each change that the assumption analysed changes whilst all other assumptions remain constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be interrelated. The estimations in the sensitivity analysis have followed the accounting policies for the scheme, i.e., on an actuarial basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis did not change from those used in the previous period.

	Approximate Impact on the Defined Benefit Obligation in the Scheme	
	Percentage Increase to Employer Liability	Monetary Increase to Employer Liability £'000
Longevity (increase by 1 year)	3%	3,257
Rate of increase in salaries (increase by 0.5%)	2%	2,423
Rate of increase in pensions (increase by 0.5%)	7%	7,638
Rate for discounting scheme liabilities (decrease by 0.5%)	9%	10,193

Impact on the Council's Cash Flows

The objectives of the scheme include that of keeping the employers' contributions at as constant a rate as possible. The County Council has agreed a strategy with the scheme's actuary to achieve a funding level of 100% over the next 20 years. The Council is participating in this strategy and made a cash lump sum payment of £472k in 2013/14 in order to contribute to meeting the scheme deficit while maintaining contribution rates at their current levels at least until the next triennial valuation as at 31 March 2016. Meanwhile funding levels are monitored on an annual basis.

The scheme will take into account the national changes implemented by the Public Pensions Services Act 2013. Under the Act, existing public services schemes may not provide benefits in relation to service after 31 March 2015 comparable to those at present provided. The Act provides for scheme regulations to be made within a common framework, to establish new career average revalued earnings schemes to pay pensions and other benefits to public servants.

It is estimated that the Council will contribute approximately £2.095 million to the Local Government Pension Scheme during the year ended 31 March 2016.

The weighted average duration of the defined benefit obligation for all scheme members (i.e., active, deferred and pensioner) is 16.5 years (2013/14: 16.5 years).

Pension Scheme History

2011 £'000	2012 £'000	2013 £'000	2014 £'000	As at 31 March	2015 £'000
(78,028)	(85,845)	(98,349)	(97,619)	Present value of defined benefit obligations	(108,556)
52,105	52,475	59,652	63,550	Fair value of employer assets	71,303
(25,923)	(33,370)	(38,697)	(34,069)	Deficit in the scheme	(37,253)

The defined benefit obligations show the underlying commitments that the Council has in the long term to pay retirement benefits. The total liability has a substantial negative impact on the net worth of the Council as recorded in the Balance Sheet; however, the short term effect of this liability will be minimal as statutory arrangements permit the Council to reduce the deficit by making increased contributions over the remaining working life of employees, as assessed by the scheme's Actuary.

33. Usable Reserves

Council Fund

The Council Fund represents resources available to finance future running costs of the Council. Any surplus or deficit arising during the year from ordinary activities is transferred to the reserve, which subsequently may be used for future revenue or capital financing.

The movements in the reserve during the year are summarised below and on the Movement in Reserves Statement.

2013/14 £'000	2014/15 £'000
<i>(Restated)</i>	
7,275 As at 1 April	9,418
3,097 Surplus/(deficit) on provision of services	(138)
877 Adjustments between accounting basis and funding basis under regulation (<i>note 15</i>)	(830)
(1,831) Net transfer to Earmarked Reserves (<i>below</i>)	(3,136)
9,418 As at 31 March	5,314

Earmarked Reserves

Earmarked Reserves represents funds retained voluntarily for use on specific projects or causes.

A summary of the movement in the reserves during the year is as follows:

2013/14 £'000	2014/15 £'000
Earmarked Reserves (<i>including non-HRA tenants reserve</i>):	
13,606 As at 1 April	15,437
1,831 Net transfer from the Council Fund (<i>above</i>)	3,136
15,437 Total earmarked reserves carried forward (<i>see below</i>)	18,573

The major project / cause balances held at 31 March 2015 and the amounts set aside from the Council Fund in order to meet future expenditure or transferred to the Council Fund in order to meet current expenditure in the year then ended are as follows:

1 April 2014 £'000		Increase £'000	Decrease £'000	Net £'000	31 March 2015 £'000
Project / Cause > £100k:					
387	Council Contribution to Pension Fund	500	-	500	887

Capital Receipts Reserve

The Capital Receipts Reserve represents proceeds from the sale of property, plant and equipment, which are restricted in order to finance future capital investment.

A summary of the movement in the reserve during the year is as follows:

2013/14 £'000	2014/15 £'000
11,085 As at 1 April	6,425
Receipts during the year from sale of non-current assets:	
2 Property, plant and equipment	2
507 Investment property	-
80 Assets held for sale	-
248 Other capital receipts not related to the sale of assets	546
(5,496) Receipts applied during the year	(688)
Contribution to finance the payments to the Government capital	
(1) receipts pool	(1)
6,425 As at 31 March	6,284

Capital Grants Unapplied Account

The balance on the Capital Grants Unapplied Account represents grants and contributions received by the Council for the purpose of funding capital expenditure but not yet utilised. The grants in question have been recognised as income as they have no conditions attached to them that may require the monies to be returned to the giver.

A summary of the movement in the account during the year is as follows:

2013/14 £'000	2014/15 £'000
786 As at 1 April	615
Capital grants and contributions unapplied credited to the	
- Comprehensive income and Expenditure Statement	22
Application of grants to capital financing transferred to the Capital	
(171) Adjustment Account	(11)
615 As at 31 March	626

34. Unusable Reserves

Revaluation Reserve

The revaluation reserve records the gains made by the Council arising from increases in the value of its Property, Plant and Equipment. The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- used in the provision of services and the gains are consumed through depreciation
- disposed of and the gains are realised

The reserve contains only revaluation gains accumulated since 1 April 2007, the date that the reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

A summary of the movement in the reserve during the year is as follows:

2013/14 £'000	2014/15 £'000
28,639 As at 1 April	29,864
1,863 Upward revaluation of non-current assets	3,408
(80) Accumulated gains on non-current assets disposed of	-
Difference between fair value depreciation over historic cost	
(558) depreciation	(447)
29,864 As at 31 March	32,825

The balance on the reserve may be analysed as follows:

2013/14 £'000	2014/15 £'000
<i>(Restated) Property, plant and equipment:</i>	
99,568 Net book value (current value) <i>(note 17)</i>	100,874
(69,837) Net book value (historical cost)	(68,182)
29,731 Accumulated gains held in reserve	32,692
<i>Assets reclassified to investment property:</i>	
360 Net book value (current value) <i>(note 21)</i>	360
(227) Net book value (historical cost)	(227)
133 Accumulated gains held in reserve	133
29,864 As at 31 March	32,825

Capital Adjustment Account

The Capital Adjustment Account (CAA) absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Council has made no provision for set aside receipts or minimum revenue provision as assets which were the subject of external borrowings at 31 March 2015 had not come into use at that date.

The account contains accumulated gains and losses on investment property and gains recognised on donated assets that have yet to be consumed by the Council.

The account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains.

Note 15 provides details of the source of all transactions posted to the account, apart from those involving the Revaluation Reserve (above).

A summary of the movement in the account during the year is as follows:

2013/14 £'000	2014/15 £'000
<i>(Restated)</i>	
61,042 As at 1 April	68,256
<i>Reversal of items debited or credited to the comprehensive income and expenditure statement:</i>	
Charges for depreciation, impairment and amortisation of non-current assets:	
(4,426) Property, plant and equipment	(3,720)
(23) Heritage assets	(22)
(141) Intangible assets	(154)
Reversal of impairment charges recognised in the Surplus or Deficit on provision of Services: property, plant and equipment	
5,111	142
Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement that have been applied to capital financing	
1,223	1,338
Revenue expenditure funded from capital under statute:	
(1,753) incurred in year	(1,339)
Amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement:	
- Property, plant and equipment	(45)
(441) Investment property	-
(80) Asset held for sale	-
Movements in the market value of investment property credited/(charged) to the Comprehensive Income and Expenditure Statement	
1,117	(110)
<i>Insertion of items not debited or credited to the comprehensive income and expenditure statement</i>	
Capital expenditure charged against the Council Fund balance:	
322 Property, plant and equipment	852
<i>Adjustments involving the capital grants unapplied account:</i>	
Application of grants to capital financing from the Capital Grants Unapplied Account	
171	11
<i>Adjustments involving the capital receipts reserve:</i>	
Use of the capital receipts reserve to finance new capital expenditure	
5,496	688
<i>Adjustments involving the revaluation reserve:</i>	
80 Accumulated gains on non-current assets disposed of	-
Difference between fair value depreciation over historic cost depreciation: property, plant and equipment	
558	447
:	
68,256 As at 31 March	66,344

Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax and non-domestic rates income in the Comprehensive Income and Expenditure Statement as it falls due from council tax payers and business rates payers compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

2013/14 £'000	2014/15 £'000
<i>Council tax</i>	
101 As at 1 April	233
Amount by which council tax credited to the Comprehensive Income and Expenditure Statement is different from council tax income calculated for the year in accordance with statutory requirements	129
233 As at 31 March	362
<i>Non-domestic rates</i>	
- As at 1 April	(1,868)
Amount by which non-domestic rates credited to the Comprehensive Income and Expenditure Statement is different from business rate income calculated for the year in accordance with statutory requirements	4,118
(1,868) As at 31 March	2,250
(1,635) Total	2,612

Financial Instruments Adjustment Account

The Financial Instruments Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for income and expenses relating to certain financial instruments and for bearing losses or benefiting from gains per statutory provisions.

2013/14 £'000	2014/15 £'000
(4) As at 1 April	-
Amount by which finance costs charged to the Comprehensive Income and Expenditure Statement are different from finance costs chargeable in the year in accordance with statutory requirements	-
- As at 31 March	-

Pension Reserve

The Pension Reserve absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions. The council accounts for post employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions, and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to the Hertfordshire Local Government Pension Scheme. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

A summary of the movement in the reserve during the year is as follows:

2013/14 £'000	2014/15 £'000
(38,697) As at 1 April	(34,069)
5,520 Remeasurement of the net defined pension liability (note 32)	(2,251)
(3,397) Reversal of items relating to retirement benefits debited or credited to the Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement (note 15 & 32)	(3,003)
2,505 Employers contribution payable to scheme (note 32)	2,070
(34,069) As at 31 March	(37,253)

Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the Council Fund balance from accruing for compensated absences earned but not taken in the year, e.g., annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the Council Fund balance is neutralised by transfers to or from the account.

2013/14 £'000	2014/15 £'000
(110) Settlement of accrual made at the end of the preceding year	(108)
Amount by which remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in accordance with statutory requirements	5
(108) Amounts accrued at the end of the current year	(103)

35. Cash Flow Statement - Operating Activities

2013/14 £'000	2014/15 £'000
(Restated)	
Adjustments for Non-cash movements:	
Charges for depreciation, impairment and amortisation of non-current assets:	
4,426 Property, plant and equipment	3,720
23 Heritage assets	22
141 Intangible assets	154

- Property, plant and equipment	45
441 Investment property	-
80 Assets held for sale	-
892 Non cash pension costs	933
(4) Net movement in respect of financial guarantee	(4)
(20) (Increase)/decrease in stock	8
(1,581) (Increase)/decrease in revenue debtors	2,178
2,496 Increase in revenue creditors & provisions	311
728	7,335
Adjustments for items that are investing or financing activities:	
(1,223) Capital grants credited to deficit on the provision of services	(1,361)
Proceeds from the sale of non-current assets:	
(2) Property plant and equipment	(2)
(507) Investment property	-
(80) Assets held for sale	-
(248) Other receipts	(546)
(2,060)	(1,909)
The cash flows for operating activities include the following:	
302 Interest received	271

36. Contingent Assets

Proceeds of Right to Buy

In 1994, the Council sold its housing stock to two Housing Associations at below the market value as tenants were still occupying the homes. The agreement signed between the Council and the Housing Associations stipulates that any sale of these properties (right to buy) results in part of the proceeds reverting to the Council. However, the quantum of any future revenue cannot be reasonably determined as the Council is not aware of the number of properties that will be sold in the future.

Claim against HMRC

The Council has applied for the payment of compound interest on the repayments of output VAT made in prior years as a result of the 'Fleming Case'. This is contingent on a decision by the Supreme Court in the matter of HMRC's liability to make such payments.

37. Contingent Liabilities

Financial Guarantees

The Council has committed itself to providing lending to its wholly-owned subsidiary, Elstree Film Studios Limited, if required.

Other contingent liabilities

The Council is in receipt of a claim in respect of personal injury to a former employee of a body to which the Council is a successor. The fact of the Council's liability in this matter has not been established and accordingly any amount cannot be quantified nor any potential date of resolution determined.

The Council is liable for the costs relating to a small number of planning and housing issues. The precise amounts cannot be quantified nor the date of resolution determined but the sums involved are not considered material to the Council's accounts and have not been provided.

38. Related Party Transactions

The Council is required to disclose all material related party transactions included within this Statement of Accounts. Related parties of the Council include:

- Central Government
- Other Local Authorities and other bodies precepting or levying demands on the council tax
- The Council's Members and Chief Officers
- Subsidiary and associated companies
- Other entities with which the Council carries on any form of collaborative venture

Central Government

Central Government has the effective control over the general operations of the Council. It is responsible for providing the statutory framework within which the Council operates, provides the a major proportion of its funding in the form of grants, and prescribes the terms of many of the transactions that the Council has with other parties (e.g. housing benefits). Details of principal transactions with government departments are set out in note 8.

Other local authorities and other bodies precepting or levying demands on the council tax

Details of the amounts precepted and demanded are set out in note 2 to the council's Collection Fund.

Members

Members of the council have direct control over the Council's financial and operating policies. The total of members allowances paid in 2014/15 is shown in note 9.

Thirty-five members represent the Council on the governing bodies of voluntary and community organisations. Grants totalling £385k (2013/14: £386k) were made to such organisations by the council in the year.

Details of the interests of members in external organisations are maintained in the Register of Members' Interests.

Chief Officers

Chief Officers are entitled to receive car loans from the Council. During the year loans amounting to £10k (2013/14: £nil) were made to chief officers, repayments of £5k (2013/14: £5k) were received and £10k was receivable at 31 March 2015 (2013/14: £5k).

Pension Fund

Transactions and balances with Hertfordshire Local Government Pension Scheme have been disclosed in note 32.

Bushey Country Club Limited

The entity is a wholly (100%) owned subsidiary of the Council, and is termed a 'Controlled Company'.

Until 31 January 2012, the company managed the following activities on the site: Golf (inc. Driving Range), Health & Fitness Suite, Bars and Banqueting & General Catering. The company ceased to trade at that date and its trade and employees were transferred to Hertsmere Leisure Trust with effect from 1 February 2012.

A summary of the company's draft unaudited balance sheet at 31 March 2015 is as follows:

2013/14 £'000	2014/15 £'000
(426) Net assets/(liabilities) as at 31 March	(423)
(426) Accumulated profit/(loss) as at 31 March	(423)
(426) Total shareholders funds	(423)

Net liabilities include a loan from Hertsmere Borough Council of £150,000 (2014: £150,000).

Elstree Film Studios Limited

Elstree Film Studios Limited is a wholly owned subsidiary of the Council which began trading on 1 April 2007. The arrangement with the Studios consists of a license fee payable to the Council by the company for the use of the site. In addition to the license fee received, the Council also receives rental income from the tenants occupying the buildings on the site.

The following information has been extracted from the company's draft unaudited accounts for the year ended 31 March 2015.

2013/14 £'000		2014/15 £'000
	Profit and Loss Account:	
4,191	Turnover	3,745
1,756	Gross profit	1,657
103	Net profit after taxation	83
1,362	License fee payable to the Council	1,060
1,465	Net profit excluding license fees paid	1,143
139	Remeasurement of the net defined pension liability net of deferred taxation	(3)
(55)	Pension surplus not recognised	3
84	Net movement on reserves in respect of pensions	-
187	Total recognised gains and (losses) for the year	83
	Balance sheet:	
707	Tangible fixed assets	624
(80)	Net current assets/(liabilities)	90
(500)	Creditors falling due after more than one year	(500)
(32)	Provisions	(36)
95	Net assets	178
95	Accumulated balance on profit and loss account as at 31 March	178
95	Total shareholders funds	178
	Other Disclosures:	
290	Other rents received by Council from company tenants	290
(1,175)	Due to Hertsmere Borough Council	(862)

Tangible fixed assets represent plant and equipment used by the company in the course of its business. The company occupies premises owned by the Council and included in the Council's balance sheet at a net book value of £12.7 million (2014: £11.1 million). In addition, the Council has carried out further development of the site occupied by the company for commercial activity, which is included in the Council's balance sheet as an asset under construction at a cost of £3.6 million (2014: £3.3 million).

The amount due to Hertsmere Borough Council from Elstree Film Studios Limited includes a loan, together with accrued interest, of £506k (2014: £506k) repayable by 31 December 2015. The company had no other external borrowing at 31 March 2015. (2014: £nil).

The provision is in respect of deferred taxation. Management is of the view that the company has no further provisions or liabilities which might impact adversely on the Council.

Elstree Film and Television Studios Limited

The Council owns the entire issued share capital of Elstree Film and Television Studios Limited. The company transferred its trade and employees to Elstree Film Studios Limited on 31 March 2007 and ceased to trade. During the year, the Council received a dividend from the company in the sum of £109k (2014:£nil). The most recent draft accounts available show that the company's net assets at 31 March 2015 were £2k.

Hertsmere Leisure

Hertsmere Leisure Trust was the successful bidder when the contract to manage the Council's leisure services was re-awarded in 2011. The contract included management of leisure centres and community centres as before and in addition took over the activities previously managed by the Council's subsidiary Bushey Country Club Limited, together with the delivery of the play, 50 plus and parks events programmes previously provided by the Council itself. The contract is for an initial 10 years from 1 February 2012 with an option to extend by a further five years.

The contract stipulates that the Council should receive income of £257,000 per annum over the initial 10 years. Hertsmere Leisure Trust is also responsible for carrying out all repairs and maintenance during that period; this expenditure was previously budgeted at £254,000 per annum by the Council. The leisure contract has generated significant budget savings for the Council and is regarded as a contract which will deliver value for money for Hertsmere's residents.

At the end of the contract, the premises, plant and machinery will be returned to the Council in the same condition. This ensures that the service delivery capability of the facilities is maintained and enhanced throughout the 10 year period and possibly beyond.

West Herts Crematorium

The Council is represented on the Joint Committee, or governing body, of West Herts Crematorium. Each of the four Hertfordshire boroughs represented is required to contribute to any deficit incurred by the operations of the crematorium. The Council made no such contribution in the year (2014: £nil). The Joint Committee is required to return to the councils any surpluses arising after financing of capital expenditure, repayment of debt and transfers to reserves. During the year, the Council received a share of such surpluses in the sum of £50k (2014: £nil).

Hertfordshire CCTV Partnership

The Council participates in the Hertfordshire CCTV Partnership in conjunction with three other boroughs. The lead partner is Stevenage Borough Council, on whose premises the control and monitoring room is located. A limited company (Hertfordshire CCTV Partnership Limited, registration number 09295528) was formed in November 2014; the Council holds 14% of the share capital (£14) and is represented on the board. The company commenced trading on 1 April 2015. Its purpose is to enable the partnership to pursue commercial trading by providing services to third parties.

The Collection Fund

For the year ending 31 March 2015

Notes to the Collection Fund

1. General

This account reflects the statutory requirement for billing authorities to maintain a separate Collection Fund. It shows the transactions of the Council in relation to non-domestic rates and the council tax, which the council collects as agents for its preceptors (note 2 below). It illustrates the way in which these sums have been distributed to preceptors and the Council. The Collection Fund is consolidated with other accounts of the Council and is prepared on an accruals basis.

2. Precepts & Demands

During the year the following authorities made precepts or demands on the Collection Fund of the Council.

	Year ended 31 March 2015		
	Business Rates £'000	Council Tax £'000	Total £'000
Authority:

Ridge Parish Council	-	-	-
Total	42,485	54,702	97,187

3. Provision for Irrecoverable Debts

During the year the provision for irrecoverable council tax was reduced by £87k (2013/14: increase £235k) and £545k (2013/14: £509k) irrecoverable debts were written off. The provision for irrecoverable business rates was reduced by £306k (2013/14: increase £209k) and £396k (2013/14: £686k) irrecoverable debts were written off.

4. Income from Business Rates

The Council collects non-domestic rates for its area, which are based on local rateable values multiplied by a uniform rate. During the year the rate with Small Business Relief was 47.1p (2013/14: 46.2p) and 48.2p (2013/14: 47.1p) with no relief. The total rateable value of properties at the year end amounted to £114.8m (2014: £114.2m). The total amount, less certain reliefs and other deductions, is allocated amongst the Council, Hertfordshire County Council as a preceptor and DCLG (see notes 1 and 2 above). The Council's share is paid into the General Fund.

2013/14 £'000		2014/15 £'000
	Income from Business Rates:	
45,003	Gross rates payable	48,134
(380)	Transitional protection payments receivable	(70)
(895)	Provision for irrecoverable debts	(90)
(5,768)	Provision for appeals	113
(146)	Allowance for cost of collection	(148)
37,814	Total to be allocated	47,939

Transitional protection payments arise when ratepayers are protected from large increases in their rates bills following revaluation, which was last carried out on 1 April 2010. The regulations in question make provision for adjusting payments to billing authorities where their income is less as a result of the operation of the transitional arrangements; and for payments by authorities where their income is greater.

The provision for appeals represents the estimated future cost of making repayments of business rates to payers who successfully appeal against the rateable value of their property as determined by the local Valuation Office at 1 April 2010 or at a later date.

5. Council Tax

This tax is a property-based tax and assumes that two adults are resident in the property. Discounts are available for single residents. The discount for second properties is 10% and long-term empty properties are subject to up to 150% charge. Properties are placed into one of eight valuation bands. The base, upon which the council tax is calculated, is the total number of dwellings in each valuation band (after adjusting for discounted dwellings) converted to an equivalent number of Band D dwellings (excluding dwellings where the householder receives support under the Council's own support scheme). For 2014/15 the numbers as approved by full Council on 22 January 2014 (Ref: C/14/03) were as follows:

Band	Valuation £	Dwellings (net of discounts) No.	Equivalent Band D Dwellings (net of households in receipt of local support scheme) No.
A	Up to 40,000	456	229
B	40,001 to 52,000	2,320	1,138
C	52,001 to 68,000	5,544	3,816
D	68,001 to 88,000	12,510	10,816
E	88,001 to 120,000	7,863	9,159
F	120,001 to 160,000	3,715	5,241
G	160,001 to 320,000	4,110	6,801
H	Over 320,000	895	1,786
Total number of equivalent band D dwellings			38,986
Assumption of 97.4% collection			37,973
Number of equivalent band D of contribution in lieu			300
Total tax base			38,273

The Council's own tax charge was calculated as follows:

2013/14 No		2014/15 No
37,801	Number of equivalent band D properties	38,273
£'000		£'000
18,069	Gross requirement for the year:	17,765
	Less:	
(5,546)	Depreciation	(5,471)
(2,481)	Revenue support grant	(2,119)
229	Transferred to business rates equalisation account	-
(230)	Council tax freeze grant	(294)
(940)	New Homes Bonus	(1,148)
(2,468)	Business rates retained	(2,022)
6,633	Net requirement for the year	6,711
953	Add parish/town requirements	992
7,586	Total district expenditure	7,703
	Funded by:	
	<i>Demand on the collection fund:</i>	
5,944	Council demand from the collection fund	6,019
877	Parish precepts from the collection fund	916
6,821	Total demand on the collection fund	6,935
	<i>Allocation of central government grant:</i>	
689	Hertsmere Borough Council	692
76	Parishes	76
765	Total allocation of central government grant	768
7,586	Total funding	7,703
180.45	'Average' band D council tax levy	181.18

The rates disclosed above are 'average' council tax levies based on the total tax base. When the actual tax liabilities are calculated, the amount payable is adjusted for special expenses applicable to each area and then divided by the number of Band D equivalent properties in each parish/town district.

6. Contributions to Collection Fund Surpluses and Deficits

During the year the Council distributed accumulated (surpluses) and recovered deficits relating to previous years (to)/from the following authorities:

	Year ended 31 March 2015		
	Business Rates £'000	Council Tax £'000	Total £'000
Authority:			
Department for Communities and Local Government	2,323	-	2,323
Hertfordshire County Council	464	(382)	82
Hertfordshire Police & Crime Commissioner	-	(55)	(55)
Hertsmere Borough Council	1,858	(79)	1,779
Total	4,645	(516)	4,129

	Year ended 31 March 2014		
	Business Rates £'000	Council Tax £'000	Total £'000
Authority:			
Department for Communities and Local Government	-	-	-
Hertfordshire County Council	-	20	20
Hertfordshire Police & Crime Commissioner	-	8	8
Hertsmere Borough Council	-	-	-
Total	-	28	28

The Collection Fund surplus balance at the year-end will be distributed to authorities in subsequent years in proportion to the value of their respective precepts and demand on the Collection Fund.

Annual Governance Statement

This Annual Governance Statement covers the 2014/15 financial year and up to the date of the approval of the audited accounts.

SCOPE OF RESPONSIBILITY

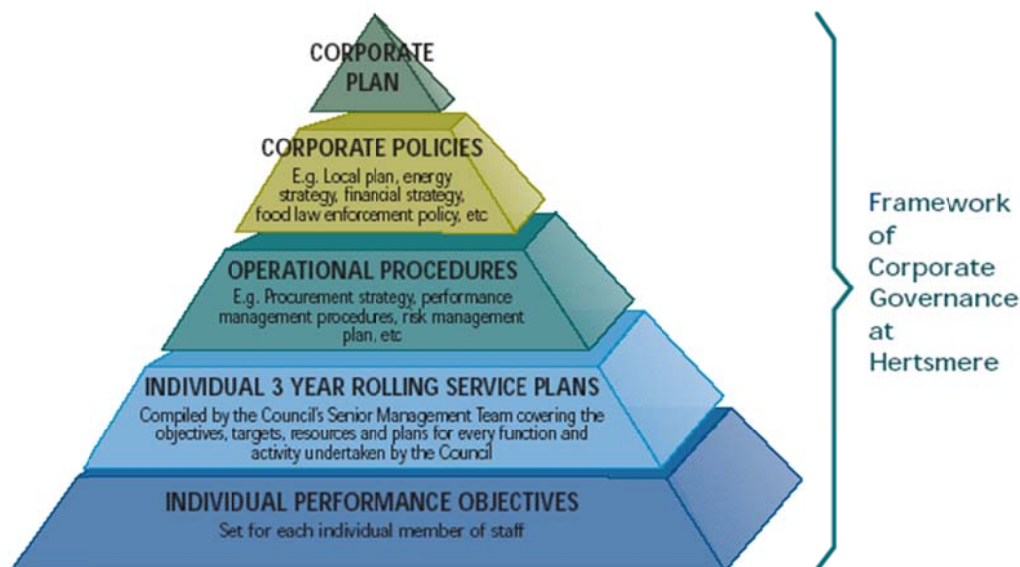

1. Hertsmere Borough Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards and that public money is safeguarded and properly accounted for and used economically, efficiently and effectively.
2. The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.
3. In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, which includes arrangements for the management of risk.
4. This Governance Statement explains how the Council has maintained sound governance during the financial year 2014/15 and also how the Council meets the requirements of regulation 4(2) of the Accounts and Audit Regulations 2011.

THE PURPOSE OF THE GOVERNANCE FRAMEWORK

5. The governance framework, which has been in place for the financial year 2014/15, comprises the systems and processes as well as the culture and values, by which the Council is directed and controlled and through which it accounts to, engages with and leads the community.
6. The governance framework enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate and cost-effective services.
7. The system of internal control is a significant part of this framework and is designed to manage risk to a reasonable level. However, it cannot eliminate all risk of failure to achieve policies, aims and objectives and, therefore, can only provide reasonable and not absolute assurance of effectiveness.
8. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and to manage them efficiently, effectively and economically.

THE GOVERNANCE FRAMEWORK

9. The diagram below shows how the Council's plans and strategies link together. The model recognises the external influence of the Community Strategy as well as internal business planning processes:-

10. The key elements of the systems and processes that comprise the Council's governance arrangements include:

General

11. The Council has adopted the Leader and Cabinet style of political management under the Local Government Act 2000 and has a comprehensive Constitution to govern its actions and decision-making.
12. The Constitution sets out how the Council operates, how decisions are made and the procedures that are followed to ensure that these are efficient, transparent and accountable to the local community. Some of these procedures are required by law, whilst others are adopted by the Council. The Constitution is reviewed annually and is available on the Council's website and intranet.
13. The Council has an approved Local Code of Governance, which sets out and describes its commitment to good governance and identifies the arrangements that have been and will continue to be made to ensure its ongoing effective implementation and application in all aspects of the Council's work. The Local Code of Governance is available on the Council's website and intranet.
14. The Council acknowledges its responsibility for internal control, and for ensuring that its systems maintain the integrity of accounting records and safeguard its assets. These systems provide reasonable assurance as to the reliability of financial information and to maintain proper control over the income, expenditure, assets and liabilities of the Council. However, no system of internal control can provide absolute assurance against material misstatement or loss.

15. The Chief Officers' Board and the Senior Management Team are aware of the financial and other procedures and controls outlined in the Constitution, and each Director and each Head of Service is required to sign a declaration of compliance, in the form of a Management Assurance Statement, at the end of each year – this evidences, amongst other things, that their staff are aware of and consistently apply the requirements of the Constitution.
16. Elected Members as decision-makers have to declare conflicts of interest as and when they occur, as well as on an annual basis.

Identifying and communicating the Council's vision of its purpose and intended outcomes for citizens and service users

17. The Council and its partner agencies in the Local Strategic Partnership (LSP) Hertsmere Together have prepared a refreshed Sustainable Community Strategy which is underpinned by the Council's Corporate Plan. The Community Strategy 2010-2021 was launched at the LSP in March 2010 and adopted by the Council in April 2010. The Community Strategy was reviewed during 2012 and the revised strategy 2013 – 2016 was launched at the LSP in March 2013 and adopted by the Council in 2013.
18. The Community Strategy and Corporate Plan ensure that the Council's strategic plans, priorities and targets are robustly developed in consultation with local communities and other key stakeholders.
19. The Corporate Plan 2009-2013 was approved in November 2009 and it sets out clear and robust objectives for the Council that show what the Council is doing, and how this relates to the local community's needs. It has been agreed that the priorities in the strategy remain relevant and to therefore rollover the current Corporate Plan until it is refreshed after the all-out elections in 2015. In the meantime the Council's emerging Enterprising Council approach is focusing on ways of working to prepare the organisation for further revenue cuts in future years.
20. The existing Corporate Plan goals are closely allied to the strategic objectives in the Community Strategy to ensure an integrated approach to delivering services that meet community needs:

Local Strategic Partnership "Community Strategy" Strategic Objectives	Hertsmere Borough Council Corporate Plan Goals
Safer Communities <ul style="list-style-type: none"> To create safer environments by tackling crime (particularly dwelling burglary and vehicle crime), antisocial behaviour and alcohol related disorder. To improve lives by reducing harm caused to communities by drugs, To reduce offending and manage offender behaviour. To build community confidence and increase feelings of safety. 	Safer Communities Contribute to reducing crime levels, combat anti-social behaviour and improve people's feelings of safety
Healthier Communities <ul style="list-style-type: none"> To promote healthy weight and increase physical activity. To improve mental health and emotional wellbeing. To create a healthy culture across all services, all communities and all workplaces. 	Healthy Thriving Communities Improve the health and wellbeing of our communities through the promotion of healthy living initiatives and leisure, sport and cultural opportunities for everyone

<p>Thriving Communities</p> <ul style="list-style-type: none"> To provide accessible opportunities to skills development and financial advice To increase community involvement and cohesion so people feel empowered and that they belong To enable people to take part in decision making processes, increasing pride in communities and assisting ideas to thrive. To support the development of volunteering, social enterprise and business opportunities. 	
	<p>Economic Wellbeing</p> <p>Encourage and support activities and opportunities that strengthen the local economy and deliver economic wellbeing to our communities</p>
	<p>Decent Homes</p> <p>Improve the quality of housing, promote a balanced housing market and tackle homelessness</p>
	<p>Quality Environments</p> <p>Protect and enhance both the natural and the built environments to ensure clean, green and sustainable places for our residents</p>

Reviewing the Council's vision and its implications for the Council's governance arrangements

20. The Council's Corporate Plan has been subject to ongoing review, particularly in the light of the results of two surveys (the Place Survey and the Residents' Survey), which have provided significant information from service users and residents to input to the re-assessment of priorities and targets. The fully revised Corporate Plan was presented to the Council in November 2009. In 2015, the process of reviewing the Corporate Plan will commence and the existing vision, values and corporate priorities will be subject to review and public consultation.
21. The Corporate Plan will always form part of the Council's governance arrangements as, together with the Community Strategy, they fully encompass Council and community priorities for the Borough and they are used to inform other key documents such as the Council's Medium Term Financial Strategy.
22. The Council's annual Statement of Accounts shows its activities, financial position and performance and includes an Explanatory Foreword by the Director of Finance and Resources which highlights the key issues to be considered.

Measuring the quality of services for users, for ensuring they are delivered in accordance with the Council's objectives and for ensuring that they represent the best use of resources

23. The Corporate Plan provides the benchmarks for performance within the Council, and the Annual Financial Report records the achievements against the Plan. The Council allocates resources based on its priorities, as set out in the Plan as well as in other documents, e.g. the Housing and Waste Strategies as well as the Communications Strategy and Residents' Survey.
24. The Council has made proper arrangements for monitoring and reporting performance through the Executive Performance Management Panel and Scrutiny Committees, and has sound systems to provide management and financial information. Where performance does not meet the planned levels, the Panel requests that a remedial action plan is produced and monitors progress with the improvement work.

25. The Council aims to provide high-quality services for everyone in the Hertsmere area and recognises the importance of customer feedback (i.e. Comments, Compliments or Complaints). The Council has approved a Customer Feedback Procedure, which is available both in leaflet form in the Civic Offices' Reception and in the Area Offices as well as on the website.
26. The Council aims to use its resources efficiently, effectively and economically – the Constitution provides specific guidance in this.
27. The Council has entered into a number of shared service initiatives, e.g. with Hertfordshire County Council, North Herts District Council, East Herts Council, Stevenage Borough Council, Broxbourne Borough Council, Watford Borough Council, Three Rivers District Council and Welwyn Hatfield Borough Council as well as the Hertfordshire Constabulary.

Defining and determining the roles and responsibilities of the Executive, non-Executive, scrutiny and officer functions, with clear delegation arrangements and protocols for effective communication

28. The Council's Constitution sets out the roles and responsibilities of both Members and officers. It also commits the Council to provide clear leadership to the community. It aims to enhance the involvement of citizens in decision-making and make the decision-making process efficient, effective and transparent and those involved in it accountable.
29. There are regular meetings of the Council, the Executive, the Management Board, the Chief Officers' Board and the Management Team.
30. In addition, there are regular meetings of the following Committees:

Planning, Audit, Environment Scrutiny, Licensing, Overview & Performance, Personnel, Resources Scrutiny and Standards

Each having clear terms of reference covering the business they respectively conduct.
31. There is a realistic level of delegation in place, which permits the Council's business to be conducted as effectively as possible.
32. The Council's Forward Programme Plan and publication of minutes provides the Overview and Scrutiny Committees with proposed and recently made executive decisions, which have been used to determine items for scrutiny. The Council's Forward Programme Plan provides the Overview and Scrutiny Committees with information on all decisions including proposed key decisions, which is used to determine items for scrutiny.
33. In addition the Council has created a list of policies and strategies, which identifies the responsible officer and when the policy is due for review. This document is used by councillors wishing to raise items on the scrutiny agenda.
34. The Constitution includes roles and responsibilities of the three statutory officers, and the Chief Officers, as well as Proper Officer Functions. In addition each Head of Service has an up to date Scheme of Delegation which is reviewed annually. Roles and responsibilities of officers are further defined in the job descriptions for each post.
35. The Constitution also provides a protocol for Member / Officer relations and Codes of Conduct, which define the standard of behaviour that the Council requires of both Members and officers. These also ensure that Members and officers are not influenced by prejudice, bias or conflict of interest in their work.

Developing, communicating and embedding Codes of Conduct, defining the standards of behaviour for Members and officers

36. The Council's Constitution sets out:
- Code of Conduct for Members – this includes General Provisions, Interests and the Register of Members' Interests. The Register entries are renewed annually and when Members are elected or re-elected. Members are regularly advised to keep their entries accurate and up to date. The Register is subject to review by both Management and SIAS. Members are also required to declare any interests prior to all meetings.
 - Local Code of Guidance for Members and Officers involved in Planning Matters – this includes conduct of Members and officers, Procedures for Committees considering Planning Matters, Site Visits by Members and by the Planning Control Committee
 - Officers' Code of Conduct – this includes Duties, Disclosure of Information, Political Neutrality, Outside Commitments, Personal Interests, Interests of Officers in Contracts, Gifts and Hospitality, Appointment and other employment matters, Use of Financial Resources and Disciplinary Rules. Officers are regularly reminded to record any offers of gifts and hospitality.
 - Protocol on Member Officer Relations – this includes the Principles underlying Member Officer Relations, the roles of Members and Officers, the relationships between the Mayor and officers, the Leader and Members of the Cabinet and officers, the Chairmen and Members of Committees and officers, Officer relationships with Party Groups, etc.
37. Copies of the Council's Constitution are available to all on the Council's website and at Council Offices (including the Members' Room), libraries and other appropriate locations.
38. In addition, Induction Training is provided to all newly elected Members and new employees and the Council has been awarded the Elected Members' Development Charter.

Reviewing and updating standing orders, standing financial instructions, a scheme of delegation and supporting procedure notes / manuals, which clearly define how decisions are taken and the processes and controls to manage risks

39. The Constitution and the decision-making structures (both Members and officers) are regularly reviewed to ensure that they up-to-date, relevant, in line with good practice and fit for purpose.
40. The Constitution sets out the Council's Policy Framework which includes at Article 4 the following plans and policies:
- Community Strategy
 - Corporate Plan
 - Community Safety Partnership Plan
 - Creative Hertsmere Economic Development Strategy
 - Financial Strategy
 - Gambling Policy
 - Housing Strategy
 - Local Development Documents which include the Local Development Framework; the Local Plan Core Strategy and Site Allocation and Development Management Development Plan Document
 - Risk Management Strategy
 - The Local Code of Governance

41. The Council has an approved Risk Management Strategy, which sets out:
- the key features of its risk management system
 - roles and responsibilities with regard to risk management
 - its overall approach to the management of risk
 - actions to embed the process in future periods
42. The Council's Risk Register is recorded on Covalent the Council's Performance and Risk management software. This includes both Strategic and Operational risks. The Risk Management Strategy provides an introduction to the risk management framework, definitions and how to identify assess and manage risks. The use of a risk matrix enables the assessment level of the risks to be readily identified.

Undertaking the core functions of an Audit Committee

43. The Audit Committee has Terms of Reference, which are included in the Council's Constitution and are regularly reviewed to ensure compliance with recognised best practice - the CIPFA publication "Audit Committees – Practical Guidance for Local Authorities and Police". Responsibilities arising from the Bribery Act were added.
44. It is recognised that, in order to discharge these responsibilities, the Audit Committee may require any officer to attend meetings of the Committee so it may receive explanations regarding any matter that it is considering.
45. At the beginning of each financial year, the Committee establishes a Work Programme, as well as a Training and Development Programme, and at each Committee, it receives a report from officers setting out its performance against both Programmes.
46. The Audit Committee Chairman presents a report on the work of the Committee to the Full Council.

Ensuring compliance with relevant laws and regulations, internal policies and procedures, and that expenditure is lawful

47. The Council has a full range of relevant policies and procedures and places emphasis on compliance with these, as well as with the law and other external regulations. Compliance is achieved through the following mechanisms:

Members - Code of Conduct, Role Descriptions, Training and Development and Declaration of Interests

Employees - Code of Conduct, Job / Person Specification, Appraisals, Team Meetings and Training & Development

Other -

- The Constitution and other policies and procedures are available on the Council's website, intranet and as hard copy
- Officers prepare timely reports to all of the Council's decision-making bodies (including the Cabinet, the Audit Committee and the Chief Officers' Board) on statutory requirements and proposals regarding their implementation
- Standard report formats require officers to consider the implications of Corporate Policy, Finance, Health and Safety, Legal, Personnel and Risk Management
- The work of the SIAS Team, which assists the statutory officers in discharging their duties effectively
- The work of the Council's external auditors, who report to members, officers and the Council's stakeholders if they have been required to issue a report in the public interest or exercise any other special powers of the auditor under the Local Audit and Accountability Act 2014, including applying to the court for a declaration that an item of account is contrary to law.

Whistle-blowing and receiving and investigating complaints from the public

48. The Council's Whistle-blowing Policy is available on the Council's Website and Intranet. The Policy covers any malpractice or wrongdoing by:
- Any Member of the Council
 - Any employee of the Council
 - Any contractor, supplier, consultant or partner of the Council in the course of their work for the Council
49. The Council aims to provide high-quality services for everyone in the Hertsmere area and recognises the importance of customer feedback (i.e. Comments, Compliments or Complaints). The Council has approved a Customer Feedback Procedure, which is available both in leaflet form in the Civic Offices' Reception and in the Area Offices as well as on the website.

Identifying the development needs of members and senior officers in relation to their strategic roles, supported by the appropriate training

50. On taking up office, all Members are required to attend a comprehensive Members' Induction Course. The Constitution states that the Council's Standards Committee is responsible for "advising, training or arranging to train Councillors and co-opted members on matters relating to the Members' Code of Conduct".
51. The Constitution also states that "All Members appointed to the Planning Committee (and all other Members who may from time to time consider a planning application) must receive training in planning procedures. Induction training in planning procedures shall be provided to all Members, either before serving on the Committee or within two months of appointment."
52. As stated in Para 38 above, the Council has been awarded the Elected Members' Development Charter.
53. Senior Officers' training needs are identified (and regularly monitored) as part of the Council's Continuous Performance Review Scheme (appraisals). In addition to the Corporate Training Programme and various professional development courses, seminars and conferences, a variety of Management Development Courses, Project Planning and mentoring facilities have been delivered to senior managers.

Establishing clear channels of communication with all sections of the community and other stakeholders, ensuring accountability and encouraging open consultation

54. Opinion Research Services was commissioned by the Council to undertake a survey in which the Council wished to examine residents' views on a range of services. Overall the result was very positive for the Council, showing improvements in key areas. The chart below shows the response to key questions from each year the survey was carried out since 1999. The most recent survey was conducted in 2014.

	1999	2002	2005	2008	2011	2014
% Satisfaction with the area as a place to live	82	82	82	84	91	90
% Satisfaction with the way the Council is run	62	64	66	65	74	89
% Agree the Council provides value for money	45	45	39	52	61	65
% Agree treats all areas of the borough fairly	29	31	28	35	65	70

-
55. The Council's official magazine "Hertsmere News" is published three times a year and delivered throughout the Borough.
56. Residents and property / business owners in the Borough are able to submit relevant questions in writing for consideration and response at Council meetings.
57. There is a facility for Council to receive petitions – should a group of residents feel strongly about an issue that relates to or affects the Council's functions or the Council has an interest in or involvement with.
58. Meetings of the Council and the Executive are web-cast.
59. Members of the public are also able to speak at a Planning Committee on any application being considered at that meeting – by prior arrangement only.
60. The last Participatory Budgeting process was carried out in July 2013 and resulted in savings of £348,000, which assisted the Council in balancing the 2014/15 budget and in addressing the continuing reduction in funding from Central Government. It was agreed that this exercise would be repeated in two years' time, i.e. in 2016/17.
61. The Council is subject to the requirements of the Freedom of Information Act 2003 and the Local Government Transparency Code 2014, the approaches of which are to provide demand-led, open, honest, timely and transparent information to all stakeholders without compromising confidentiality.
62. The Council has established clear channels of communication with its staff, e.g. regular briefings from the Chief Executive, regular Directorate meetings, weekly 'All Staff' e-mails and a staff magazine "Hertshire" is regularly published.

Compliance with the CIPFA Statement on the Role of the Chief Financial Officer in Local Government (2010)

63. The Council can confirm that its financial management arrangements conform to the governance requirements of the CIPFA Statement on the role of the Chief Financial Officer in Local Government.

Incorporating good governance arrangements in respect of partnerships and other group working and reflecting these in the Council's overall governance arrangements

64. The Council is committed to improving and supporting collaborative working of all kinds, although the wide range of partnership models do make it very difficult to prescribe a single set of arrangements. However, partnership working should not result in diminished accountability to the public.
65. Accordingly, there are individual Service Level Agreements in place and there are regular meetings with partners to monitor the performance of the work carried out by the partnership. All Service Level Agreements are subject to an annual review.
66. The Local Strategic Partnership is the forum for all of the Council's partners – meetings are chaired by the Leader and are supported by the Chief Executive and senior managers.

REVIEW OF EFFECTIVENESS

67. The Council has the responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control.
68. This review is informed by those Members and officers, who have the responsibility for the development and maintenance of the governance environment.
- the work of Members at Council, Cabinet, Overview and Scrutiny Committees, the Audit Committee, the Standards Committee and Financial Monitoring Panel
 - the work of the Governance Group
 - the annual Management Assurance Statements prepared by the Directors, Heads of Service and Senior Managers relating to internal controls, performance and risk management within their areas of activity
 - the Head of SIAS's Annual Assurance Statement and Annual Report as well as the individual audit reports
 - Reports made by the Council's External Auditors and any other review agencies and inspectorates.

69. The Council

The Council comprises 39 Members and, as a whole, takes decisions on budget and policy framework items as defined by the Constitution.

At the Annual Meeting (held in June 2014), the Council elected a Mayor, noted the Leader of the Council and other Members of the Cabinet, agreed Committee membership and representation from the Council on local organisations (known as Outside Bodies) for the forthcoming year.

Each Council meeting has been open to the public, who can submit a question or petition to these meetings.

The Council met eight times during the last financial year – Agendas, Supporting Papers and Minutes are available on the Council's website.

70. The Executive

The Executive comprises seven Members from the majority political group, is chaired by the Leader of the Council and provides leadership at a top level.

Each Member of the Executive has looked after an individual area of responsibility known as a portfolio of services; they have worked closely with Directors and Heads of Service and developed an in-depth knowledge of their portfolio area.

All Executive decisions have been taken in public apart from exceptions (such as personnel matters, commercially sensitive information or confidential legal advice). The public have been welcome to attend meetings of the Executive. Agendas, supporting papers and minutes are available on the Council's website.

Officers are not able to put key decisions into practice until the five day 'call-in' period has elapsed – except for those decisions taken under urgency procedures.

71. The Overview and Performance and Scrutiny Committees

The Overview and Performance Committee is one of the Council's three Overview and Scrutiny (O&S) Committees, whose role is to scrutinise the decisions and performance of the Executive and the Council as a whole and to undertake policy development and review work.

The Overview and Performance Committee has met nine times during the last municipal year and has had an overarching role over the O&S function. The Committee has set the work programme for O&S and has received updates from the Chairmen of the two Scrutiny Committees. In addition, the Overview and Performance Committee has undertaken financial and performance monitoring, and has had the following specific responsibilities within its remit: Community Strategy, Corporate Strategy, Financial Strategy, Risk Management and Efficiency.

The Environment Scrutiny Committee has met ten times during the last municipal year. The Committee's specific responsibilities have included the following areas of the Council's business: Housing; Planning; Waste and Recycling; Transport Policy; Environmental Health; and Parks and Open Spaces.

The Resources Scrutiny Committee has met nine times during the last municipal year. The Committee's specific responsibilities have included the following areas of the Council's business: Community Safety; Estates Management; Council-owned Property; Customer Services; Communications; Grants; Community Services; Cultural and Leisure Services; Human Resources; and Finance and Information Services.

During 2014/15, the Overview and Performance (O&P) Committee conducted a review of the Council's Scrutiny structure. This review was undertaken following a discussion, in November 2014, between the Scrutiny Committee Chairs and the Executive. The outcomes of the review were taken to Executive on 22 April 2015 and Full Council on 29 April 2015. At Full Council, it was agreed that a two-committee scrutiny structure be adopted for the Council, consisting of an Operations Review Committee to consider all operational matters and a Policy Review Committee focused on policy (existing and new), budget and overseeing the enterprise and regeneration agenda of the Council.

72. Member Panels

There has been a number of cross-party Member Panels to scrutinise the various areas of Council activity, e.g. Asset Management Panel, Financial Monitoring Panel, Housing Services Panel and Performance Management Panel.

73. The Audit Committee

The Audit Committee's Terms of Reference have been kept under regular review to ensure that its role complies with those prescribed by the CIPFA publication "Audit Committees – Practical Guidance for Local Authorities".

The Audit Committee has comprised five non-Executive Members (as required) and has met four times during the financial year – agendas, supporting papers and minutes are available on the Council's website.

It substantially completed its Planned Work Programme, regularly receiving reports from:

- The Council's External Auditors – Progress Reports, Annual Governance Report, Annual Audit Letter, Audit Plan and Certification Report on Claims and Returns
- The Anti-Fraud Unit – Progress Reports and Annual Report
- The SIAS Team – Progress Reports, Draft Annual Governance Statement, Annual Assurance Statement and Annual Report, and Annual Audit Plan
- The Risk Manager – Progress Reports
- The Head of Finance and Business Services – Statement of Accounts

74. The Standards Committee

The Standards Committee's Terms of Reference were amended to take account of the revised purpose of this Committee following the enactment of the Localism Act 2011. One of its functions remains the promotion and maintenance of high standards of conduct by Members and co-opted Members.

The Committee comprises five Borough Councillors and an Independent Person who regularly attends.

The Standards Committee held four meetings during the year. These are supplemented by further meetings to consider complaints about individual Councillors, if necessary. Agendas, supporting papers and minutes are available on the Council's website.

75. Senior Management

There are three Council officers who are statutory appointments – the Chief Executive's role as the Head of Paid Service, the Director of Resources' role as the Section 151 Officer and the Democratic Services Manager as the Monitoring Officer.

The Chief Executive and the Directors of Environment and Resources comprise the Chief Officers' Board, which meets on a weekly basis.

The Chief Officers' Board, together with the Heads of Partnerships and Community Engagement, Finance and Business Services, HR & Customer Services and Street Scene Services as well as the SIAS Audit Manager, Democratic Services Manager, Legal Services Manager, Housing Services Manager, Engineering & Asset Manager, Planning and Building Control Managers and the Chief Environmental Health Officer comprise the Senior Management Team, which meets on a monthly basis.

Each Director, Head of Service and Senior Manager has completed and signed off a Management Assurance Statement. These Management Assurance Statements have been designed to require each officer to certify the effective operation of the control environment in their service area – including arrangements for performance management and risk management. As a consequence, these Statements are key supporting documents in identifying any Significant Governance Issues.

76. Governance Group

The Governance Group has been chaired by the Chief Executive, in his capacity as the Council's Head of Corporate Governance.

The Group has met four times during the financial year and received reports and updates covering Ethics and Standards, New Legislation, Officer and Member Issues, Internal Control, Counter-fraud and Corruption, Partnerships and Performance Management and Risk Management and other current governance matters.

The Group has co-ordinated the preparation of this Annual Governance Statement – as part of this process. The Group has also monitored the progress of the Action Plan which was put in place to address the Significant Governance Issues identified in the Annual Governance Statement (see Appendix A).

77. Internal Audit

Internal Audit is an assurance function that provides an independent and objective opinion to the Council on its control environment – this comprises the systems of governance, internal control and risk management – by evaluating its effectiveness in achieving the organisation's objectives.

The Council joined six other districts (East Herts DC, North Herts DC, Stevenage BC, Welwyn Hatfield BC, Watford BC and Three Rivers DC) and Hertfordshire County Council in 2011/12 to deliver a shared internal audit service to provide efficiency and resilience.

The SIAS Team has undertaken a work programme during the financial year, which was approved by the Audit Committee, and has sought to operate in accordance with the national Public Sector Internal Audit Standards (PSIAS), which have replaced the CIPFA Code of Practice for Internal Audit in Local Government in the United Kingdom.

In line with the PSIAS, an Annual Assurance Statement and Internal Audit Annual Report has been compiled and presented to the Audit Committee (at its meeting in July 2015), which:

- includes an opinion on the overall adequacy and effectiveness of the Council's internal control environment
- discloses any qualifications to that opinion, together with any reasons for the qualification
- draws attention to any issues which are judged particularly relevant to the preparation of the Annual Governance Statement.

The Annual Assurance Statement and Internal Audit Annual Report is a key source document for the Council's Annual Governance Statement. The Head of SIAS's overall opinion on the internal control environment for 2014/15 is Substantial for both Key Financial Systems and Non-Financial Systems.

Individual SIAS Reports state whether or not there are any implications for the Annual Governance Statement. All reports issued have stated that there are no implications for the Annual Governance Statement.

All recommendations made by the SIAS Team to strengthen the internal control environment and agreed by management are kept under review by the Audit Committee and Governance Group to ensure that they are implemented in a timely manner.

The Council's External Auditors regularly review the work of the SIAS Team and, to date, have placed reliance on their work.

78. Anti-Fraud and Anti-Corruption

The Council's Anti-Fraud Unit provided an independent investigation service into suspected fraud across areas such as Housing and Council Tax Benefits and Council

Tax Support (the major part of the team's work), Housing and Homelessness, Parking Services, Council Tax and Planning. However, investigation into all aspects of fraud ceased as of 20 March 2015. The DWP Single Fraud Investigation Service (SFIS) took over the role of Benefit Fraud investigation from 1 May 2015.

During 2014/15, the Council joined three other districts / boroughs (East Herts DC, North Herts DC, Stevenage BC) and Hertfordshire County Council to form the Shared Anti-Fraud Service (SAFS), offering an exclusive strategic fraud prevention and investigation service to its partners across Hertfordshire.

The service will deliver a full range of fraud awareness training, the use of highly developed investigation skills, data-matching opportunities and partnership working with law enforcement agencies.

The aims of the Shared Anti-Fraud Service are as follows:

- Ensure ongoing effectiveness and resilience of anti-fraud arrangements when the impact of the Single Fraud Investigation Service (SFIS) takes effect in 2015
- Deliver financial benefits in terms of cost savings or increased revenue
- Create a data hub for Hertfordshire
- Improve the reach into the areas of non-benefit and corporate fraud within the county
- Create a recognised centre of excellence that is able to disseminate alerts and share best practice nationally.

The new SAFS officially commenced at the Council on 1 May 2015.

79. Performance Management

The Performance Strategy remains a key link between the Community Strategy, the Corporate Plan, Service Plans and individual Key Result Areas – “the golden thread”.

Local Performance Indicators have been regularly collected, analysed, risk managed and reported to Members and senior management – the process is facilitated by a software package, Covalent.

An Executive-led Performance Management Panel, which comprises key Members and Chief Officers, has met regularly to consider selected performance indicators and where the performance of any indicator was deteriorating or below target, the Panel called the relevant Head of Service and Portfolio Holder to account.

However, in early 2015, given the duplication of membership of the Performance Panel, Financial Monitoring Panel and membership of the Overview and Performance Committee it was agreed to not hold the Executive Performance Panel in favour of reporting directly to Scrutiny Committee with the Portfolio Holder in attendance. This has eliminated duplication of meetings and enabled timelier reporting to the Scrutiny committee and Executive. In 2015, the approach will be reviewed following appointments to key roles and committees.

The Financial Monitoring Panel, the members of which also sit on the Performance Management Panel, has met on a monthly basis to scrutinise the Council's financial performance. The financial performance is reported and scrutinised in detail on quarterly basis by the Panel and reported back to the Overview and Performance Committee.

80. Procurement

The Council aims to use its resources efficiently, effectively and economically.

The Council has a robust set of documentation to provide guidance and advice to Members and officers to ensure that Procurement is carried out in an effective and ethical manner. This documentation includes the Procurement Strategy, Contract Procedure Rules and the Procurement Handbook.

To ensure compliance with these rules, an expenditure report is run on a six monthly basis and mapped against the contract list. An exception list is then produced and, where possible, non-compliance is highlighted. Officers are then required to provide an explanation of this non-compliance and then put into place an action plan to address this. A report of this expenditure is also presented to the Overview and Performance Committee.

The Council has a full e-tendering package that provides a secure and auditable method of issuing and receiving tenders.

81. Risk Management

Responsibility and accountability for Risk Management is placed with the Heads of Service and on-going training and support was provided to assist them in this role. Risk Management support has continued to be provided by North Hertfordshire District Council throughout 2014/15.

The internal audit in March 2015 on the Council's risk management provided a substantial level of assurance to support this Annual Governance Statement.

Regular reporting to the Audit Committee on the Council's strategic risks is in place. The Council's risks are recorded on Covalent, the Council's performance and risk management software so there is one central record of the Council's risks.

82. Members' and Officers' Allowances and Expenses

Members' Allowances: During 2014/15, these were reviewed by an Independent Remuneration Panel, which is made up of three independent members who are assisted by the Democratic Services Manager. The report and recommendations of the Independent Remuneration Panel was approved by the Full Council for publication. These are also published on the Council's website.

Officers' Allowances & Expenses: Allowances are stipulated by individual employment contracts, whereby the Human Resources Team instructs the Payroll Team as to the payment to be made.

Officers' Expenses are authorised for payment by employees' line managers and reimbursed via payroll. Senior officer pay is disclosed in the Statement of Accounts and the Pay Policy Statement. These are also published on the Council's website.

Both Members' and Officers' Allowances and Expenses are subject to periodic review by the SIAS Team to ensure that the internal controls in operation are both adequate and effective.

83. The Council's External Auditors

The Annual Audit Letter 2013/14 was presented to the Audit Committee in January 2015 and the main audit conclusions for the year were:

The 2013/14 accounts give a true and fair view of the Council's financial affairs and of the income and expenditure recorded by the Council.

The Council made proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ending 31 March 2014.

The local government audit contract for the Council has been awarded to Ernst and Young following re-tendering by the Audit Commission ahead of its abolition in March 2015. The contract is effective from 1 April 2015 and will cover an initial two year period from 2015/16, but may be extended by a further three years to 2020. The Council's current external auditors (Grant Thornton) will continue with the Council until the completion of the audit and approval of the 2014/15 final accounts.

SIGNIFICANT GOVERNANCE ISSUES

84. The Table below provides information on the Significant Governance Issues that were identified by the Council during the year. Significant issues from the previous year are either no longer significant or have been carried forward into 2014/15.

2014/15 Annual Governance Statement Action Plan

No.	Links to Council's vision	Governance framework that identified issue	Commentary on significant AGS issue	Action plan	Responsibility
1	All	Management Assurance Statement	<p><u>Elstree Studios</u></p> <p>The Council has already made a significant investment in the Elstree Studios and derives a healthy rate of return on this investment.</p> <p>An Investment Strategy is being prepared for further development of the Studios site, however as with any investment, there are risks attached to the level of future returns and repayment of loans.</p>	1) The EFS Governance Review and EFS: Future Strategy Options are due to be considered and approved by the Executive by 31 December 2015.	Chief Executive
2	All	Internal Audit and Management Assurance Statement	<p>Council Policies</p> <p>A number of Council policies and procedures had not been updated for some time and there was no evidence of recent, formal review to establish if updates were required. Some examples of the relevant policies and their last review dates were as follows:</p> <ul style="list-style-type: none"> a) Whistleblowing policy – 2010 b) Financial Regulations – 2004 c) Local Code of Governance – 2008 d) Management Structure – 2007 <p>This carried the risk that policies and procedures may be out-of-date and no longer fit for purpose or in compliance with good practice.</p> <p>As a result, actions may be taken that do not accord with recent legislation, guidance or financial probity or value for money principles.</p>	<p>1) Policy owners have been instructed to review relevant policies and to update these as necessary.</p> <p>2) Senior Management Team will monitor the policy updates.</p> <p>3) Governance Group and Audit Committee will monitor implementation of the related audit recommendations.</p>	Senior Management Team members in their capacity as policy owners

No.	Links to Council's vision	Governance framework that identified issue	Commentary on significant AGS issue	Action plan	Responsibility
			This has been carried forward from the 2013/14 Annual Governance Statement Action Plan, and two policies listed in the prior year have now been updated.		
3	All	Management Assurance Statement	<p><u>Business Continuity</u> Services have not participated in a business continuity exercise within the past four years as the last exercise was held in 2010/11.</p> <p>This has been carried forward from the 2013/14 Annual Governance Statement Action Plan and has been dependent on implementation of new disaster recovery solutions.</p>	<p>1) Business Continuity Plans will be reviewed ahead of participation in a business continuity exercise.</p> <p>2) Conduct of a business continuity exercise can now be planned as off-site disaster recovery and back-up arrangements with the Borough of Broxbourne have been established.</p>	Director of Environment with Chief Environmental Health Officer to co-ordinate with Heads of Service and Senior Managers

CERTIFICATION

85. We have been advised on the implications of the result of the review of the effectiveness of the governance framework by the Executive, the Audit Committee and the Governance Group, and that the arrangements continue to be regarded as fit for purpose in accordance with the governance framework. The areas already addressed and those to be specifically addressed with new actions planned are outlined above, and the plan to address the identified weaknesses and to ensure continuous improvement of the system is in place.
86. We propose to take steps over the coming financial year to address the above matters to further enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that have been identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.

Signed:

Donald Graham
Chief Executive

Councillor Morris Bright
Leader of the Council

Date: 21 September 2015

Accounting Policies

Those principles, bases, conventions, rules and practices applied by an entity that specify how the effects of transactions and other events are to be reflected in its financial statements through:

- Recognising.
- Selecting measuring bases for.
- Presenting.

Accruals

The concept that Income & Expenditure are recognised as they are earned or incurred, not as money is received or paid.

Actuarial Gains and Losses

For a defined benefit pension scheme the changes in actuarial deficits or surpluses that arise because:

- Events have not coincided with the actuarial assumptions made for the last valuation (experience gains and losses).
- The actuarial assumptions have changed.

Asset

Anything which somebody owns which can be given a monetary value, for example buildings, land, vehicles, machinery, cash, investments etc. It is always considered in comparison with liabilities in an organisation's accounts.

Agency Arrangements

Services which are performed by, or for, another Council or public body, where the agent is reimbursed for the cost of the work done.

Balances

The capital or revenue reserves of the Council made up of the accumulated surplus of income over expenditure on the General Fund, Housing Revenue Account etc.

Business Rates

These are rates charged on properties other than domestic property. The business rate poundage is set annually by Central Government and is a flat rate throughout the country.

Capital Expenditure

Expenditure on the acquisition of a fixed asset, or expenditure, that adds to the life, or value, of an existing fixed asset.

Capital Receipts

Monies received from the sale of assets, which may be used to finance capital expenditure or to repay outstanding loan debt as laid down within rules set by Central Government but they cannot be used to finance day-to-day spending. Additionally, they can be used to repay debt.

Collection Fund

A fund administered by charging authorities into which Council Tax income and Business Rates collected locally are paid. Precepts are paid from the fund as is a charge in respect of the Council's own requirements

Community Assets

Assets that a local Council intends to hold in perpetuity, that have no determinable useful life, and that may have restrictions on their disposal. Examples of community assets are parks and historic buildings.

Consistency

The concept that the accounting treatment of like items within an accounting period and from one period to the next is the same.

Contingency

A condition that exists at the Balance Sheet date where the outcome will be confirmed only on the occurrence or non-occurrence of one or more uncertain future events.

Corporate & Democratic Core

The corporate and non-corporate democratic core comprises all activities which local authorities engage in specifically because they are elected, multi-purpose authorities. The cost of these activities are thus over and above those which would be incurred by a series of independent, single purpose, nominated bodies managing the same services. There is therefore no logical basis for apportioning these costs to services.

Activities include:

- Corporate policy making.
- Representing local interests.
- Support to elected bodies.
- Duties arising from public accountability.

Council Fund

The main revenue account of the Council. Day to day spending on services is met from the fund.

Council Tax

This is a local tax set by local councils to help pay for local services.

Council Tax Support

A reduction in the liability to pay Council Tax granted in accordance with a locally determined support scheme.

Credit Arrangements

These are forms of credit entered into by the Council relating to leasing and contracts, which provide for extended credit.

Credit Liabilities

These relate to liabilities of the Council in respect of money borrowed (principal only), or in respect of credit arrangements.

Creditor

An amount owed by the Council for work done, goods received, or services rendered to the Council within the accounting period and for which payment has not been made at the Balance Sheet date.

Current Service Cost (Pensions)

The increase in the present value of a defined benefit scheme's liabilities expected to arise from employee service in the current period.

Curtailment

For a defined benefit scheme, an event that reduces the expected years of future service of present employees or reduces for a number of employees the accrual of defined benefits for some or all of their future service. Curtailments include:

- Termination of employees' services earlier than expected, for example as a result of closing a factory or discontinuing a segment of a business.
- Termination of, or amendment to the terms of, a defined benefit scheme so that some or all future service by current employees will no longer qualify for benefits or will qualify only for reduced benefits.

Debtor

Sums of money due to the Council but not received at the Balance Sheet date.

Defined Benefits Scheme

A pension or other retirement benefit scheme other than a defined contribution scheme. Usually, the scheme rules define the benefits independently of the contributions payable, and the benefits are not directly related to the investments of the scheme. The scheme may be funded or unfunded (including notionally funded).

Defined Contribution Scheme

A pension or other retirement benefit scheme into which an employer pays regular contributions fixed as an amount or as a percentage of pay and will have no legal or constructive obligation to pay further contributions if the scheme does not have sufficient assets to pay all employee benefits relating to employee service in the current and prior periods.

Depreciation

The measure of the cost or revalued amount of the benefit of the non current assets that have been consumed during the period. Consumption includes the wearing out, using up or other reduction in the useful life of a fixed asset whether arising from use, effluxion of time obsolescence through either changes in technology or demand for the goods and services produced by the asset.

DCLG

Department for Communities & Local Government

Discretionary Benefits

Retirement benefits which the employer has no legal, contractual or constructive obligation to award and which are awarded under the Council's discretionary powers, such as The Local Government (Discretionary Payments) Regulations 1996.

Exceptional Items

Material items which derive from events or transactions that fall within the ordinary activities of the Council and which need to be disclosed separately by virtue of their size or incidence to give fair presentation of the accounts.

Expected Rate of Return on Pension Assets

For a funded defined benefit scheme, the average rate of return, including both income and changes in fair value but net of scheme expenses, expected over the remaining life of the related obligation on the actual assets held by the scheme.

Extraordinary Items

Material items, possessing a high degree of abnormality, which derive from events or transactions that fall outside the ordinary activities of the Council and which are not expected to recur. They do not include exceptional items nor do they include prior period items merely because they relate to a prior period.

Finance and Operating Lease

A finance lease transfers all of the risks and rewards of ownership of a fixed asset to the lessee and such assets have been valued and included within Non current assets in the Balance Sheet. With an operating lease the ownership of the asset remains with the Leasing Company and the annual rent is charged to the relevant service account.

Government Grants

Assistance by Central Government and inter-government agencies and similar bodies, whether local, national or international, towards either revenue or capital expenditure incurred in providing local Council services.

Housing Advances

Loans made by the Council to individuals towards the cost of acquiring or improving their homes.

Housing Benefits

A system of financial assistance to individuals towards certain housing costs, which is administered by Local Authorities. Assistance takes the form of rent rebates, rent allowances, and council tax rebates toward which central government pays a subsidy.

Housing Revenue Account

Local authorities are required to maintain a separate account – the Housing Revenue Account – which sets aside the expenditure and income arising from the provision of housing.

Infrastructure Assets

Expenditure on works of drainage, construction or improvement to highways, cycle ways, footpaths or other land owned by the Council.

Interest Cost (Pensions)

For a defined benefit scheme, the expected increase during the period in the present value of the scheme liabilities because the benefits are one period closer to settlement.

Investments (Non-Pensions Fund)

A long-term investment is an investment that is intended to be held for use on a continuing basis in the activities of the Council. Investments should be so classified only where an intention to hold the investment for the long term can clearly be demonstrated or where there are restrictions as to the investor's ability to dispose of the investment.

Investments, other than those in relation to the pension fund, that do not meet the above criteria should be classified as current assets.

Investments (Pension Fund)

The investments of the Pensions Fund will be accounted for in the statements of that fund. However, authorities (other than town parish and community councils) are required to disclose, as part of the transitional disclosures relating to retirement benefits, the attributable share of pension scheme assets associated with their underlying obligations.

Levy (see also 'Safety Net')

The Council's Comprehensive Income and Expenditure Statement includes a share of any surplus or deficit arising for the year on the collection of business rates. Where, after taking into account any surpluses on collection, the Council's income exceed a threshold set by central government, a levy is payable to central government but the Council may retain a proportion of the surplus.

Liabilities

Money owed to somebody else.

Liquid resources

Liquid resources are current asset investments held as readily disposable stores of value.

Minimum Revenue Provision

This is the minimum amount that must be charged to the Council's revenue account each year, should certain criteria be met. It is set aside as provision to repay debt.

Net Book Value

The amount at which non current assets are included in the Balance Sheet, i.e. their historical or current value less the cumulative amounts provided for depreciation.

Net Current Replacement Cost

The cost of replacing or recreating the particular asset in its existing condition and in its existing use, i.e. the cost of its replacement or the nearest equivalent, adjusted to reflect the current condition of the existing asset.

Net Realisable Value

The open market value of the asset in its existing use (or open market value in the case of non-operational assets), less the expenses to be incurred in realising the asset.

Non Current Assets

Tangible assets that yield benefits to the Council for a period of more than one year.

Non-Operational Assets

Non current assets held by a local Council but not directly occupied, used or consumed in the delivery of services. Examples of non-operational assets are commercial and industrial properties.

Operational Assets

Non current assets held and occupied, used or consumed by the Council in the direct delivery of those services for which it has either a statutory or discretionary responsibility.

Past Service Cost

For a defined benefit scheme, the increase in the present value of the scheme liabilities related to employee service in prior periods arising in the current period as a result of the introduction of, or improvement to, retirement benefits.

Post Balance Sheet Events

Those events, both favourable and unfavourable, which occur between Balance Sheet date and the date on which the Statement of Accounts is signed by the responsible officer.

Precepts

The levy made by one Council on another. Hertfordshire County Council and Hertfordshire Police Constabulary who do not administer the council tax system, each levy an amount on the Borough of Hertsmere, which collects the required income from local taxpayers on their behalf.

Prior Year Adjustments

Those material adjustments applicable to prior years arising from changes in accounting policies or from the correction of fundamental errors. They do not include normal recurring corrections or adjustments of accounting estimates made in prior years.

Projected Unit Method

An accrued benefits valuation method in which the scheme liabilities make allowance for projected earnings.

Provisions

An amount set aside to provide for a liability that is likely to be incurred but the exact amount and the date on which it will arise is uncertain.

Prudence

The concept that revenue is not anticipated but is recognised only when realised in the form either of cash or of other assets, the ultimate cash realisation of which can be assessed with reasonable certainty. The overall objective of this principle is not to overstate the net worth shown of the Statement of Accounts.

Related Parties

Two or more parties are related parties when at any time during the financial period:

- One party has direct or indirect control of the other party.
- The parties are subject to common control from the same source.
- One party has influence over the financial and operational policies of the other party to an extent that the other party might be inhibited from pursuing at all times its own separate interests.
- The parties, in entering a transaction, are subject to influence from the same source to such an extent that one of the parties to the transaction has subordinated its own separate interests.

Related Party Transaction

A related party transaction is the transfer of assets or liabilities or the performance of services by, to, or for a related party irrespective of whether a charge is made. Examples of related party transactions include:

- The purchase, sale lease, rental or hire of assets or loans, irrespective of any direct economic benefit to the pension fund.
- The provision of a guarantee to a third party in relation to a liability or obligation of a related party.
- The provision of services to a related party, including the provision of pension fund administration services.
- Transactions with individuals who are related parties of the Council or a pension fund, except those applicable to other members of the community or pension fund, such as council tax, rents and payments of benefits.

The materiality of related party transactions are judged not only in terms of their significance to the Council, but also in relation to its related party.

Rent Allowances

Subsidies payable by local authorities to tenants in private rented accommodation (either furnished or unfurnished) whose incomes fall below prescribed amounts.

Rent Rebates

Subsidies payable by local authorities to their own housing tenants whose incomes fall below prescribed amounts.

Reserves

A reserve is an amount set aside for a specific purpose in one financial year and carried forward to meet expenditure in future years.

Retirement Benefits

All forms of consideration given by an employer in exchange for services rendered by employees that are payable after completion of employment. Retirement benefits do not include termination benefits payable as a result of either (i) an employer's decision to terminate an employee's employment before the normal retirement date or (ii) an employee's decision to accept voluntary redundancy in exchange for those benefits, because these are not given in exchange for services rendered by employees.

Revenue Expenditure

Day to day expenses, mainly salaries and wages, general running costs and debt charges.

Revenue Support Grant

Central Government Grant towards the cost of Local Council Services.

Right to Buy

"Right to Buy" is an agreement whereby eligible Housing Association tenants may purchase the property at a reduced rate.

The Council's housing stock was sold to two Housing Associations in 1994 at a discounted rate. As part of the agreement, it was stipulated that any eventual sale of these properties under the "right to buy" scheme would result in part of the proceeds being paid to the Council.

Safety Net (see also 'Levy')

The Council's Comprehensive Income and Expenditure Statement includes a share of any surplus or deficit arising for the year on the collection of business rates. Where, after taking into account any losses on collection, the Council's income falls below a threshold set by central government, a safety net grant is paid by central government.

Scheme Liabilities

The liabilities of a defined benefit scheme for outgoings due after the valuation date. Scheme liabilities measured using the projected unit method reflect the benefits that the employer is committed to provide for service up to the valuation date.

Settlement

An irrevocable action that relieves the employer (or the defined benefit scheme) of the primary responsibility for a pension obligation and eliminates significant risks relating to the obligation and the assets used to effect the settlement. Settlements include:

- A lump-sum cash payment to scheme members in exchange for their rights to receive specified pension benefits.
- The purchase of an irrevocable annuity contract sufficient to cover vested benefits.
- The transfer of scheme assets and liabilities relating to a group of employees leaving the scheme.

Stocks

The amounts of unused or unconsumed stocks held in expectation of future use. When use will not arise until a later period, it is appropriate to carry forward the amount to be matched to the use or consumption when it arises.

Subsidiary Company

A company is a subsidiary of a local Council if any of the following apply:

- The local Council holds a majority of the voting rights in the company.
- The local Council is a member of the company and has the right to appoint or remove directors holding a majority of the voting rights at meetings of the board on most matters.
- The local Council has the right to exercise a dominant influence over the company.
- The local Council is a member of the company and controls alone a majority of the voting rights in the company.
- The local Council has a participating interest in the company and it actually exercises a dominant influence of the company or it and the company are managed on a unified basis.

Standard Spending Assessment

An assessment by Central Government of how much a Local Council should spend in providing a common level of service, having regard to its individual circumstances and responsibilities.

Usable Part of Capital Receipts

This is generally the balance of any capital receipt after deducting the reserved part and any repayment to the Central Government of grants made to the Council on disposal of the asset.

Vested Rights

In relation to a defined benefit scheme, these are:

- For active members, benefits to which they would unconditionally be entitled on leaving the scheme.
- For deferred pensioners, their preserved benefits.
- For pensioners, pensions to which they are entitled.

Vested rights include where appropriate the related benefits for spouses or other dependants.
