Coronavirus - advice for businesses

Last Modified September 08, 2021

[Share this page](#)

It remains a legal requirement for all positive COVID-19 cases to self-isolate for 10 days. Contacts who are required to self-isolate must do so.

We encourage Hertsmere businesses, residents and the wider public to continue to implement and observe social distancing, use of face coverings, hand washing etc. to protect each other; provision of fresh air ventilation to all inside spaces is also important. Businesses should review their risk assessments and ensure that the risks from Covid-19 are controlled as far as possible.

Better Business for All have created a document entitled

 **[COVID Sense IS Common Sense: The Way Forward. A handy document filled with practical steps on how to maintain control and links to additional support for businesses at this time.](#)**

This page will be updated, as and when new information and guidance is announced.

Guidance for businesses during Covid-19

You must ensure your premises are 'covid secure' and you are aware of any changes which affect your business sector. You must conduct a risk assessment specific to your business and complete the 'Covid secure' checklist.

If you have any questions please contact [Environmental Health](#) team.

Report a Coronavirus outbreak in your business

The workplace is a key area where COVID-19 can spread.

If someone has tested positive for the virus in your workplace, please let us know. We can help you take the right actions to minimise the spread and keep others safe.
