

## Green bin

Last Modified April 21, 2022

[Share this page](#)

### Food and garden waste

Your green bin is collected every fortnight on the same day as your brown bin.

#### What to put in

#### Items to keep out

### Kitchen caddies, compostable liners and garden waste sacks

Kitchen caddies are available free so you can collect food waste in your kitchen before putting it in your green bin.

You can line your caddy with newspaper or compostable liners(see below for where to purchase).

Garden waste sacks are for additional garden waste and you can put up to three sacks out alongside your green bin on collection day.

### Compostable caddy liners

We are now accepting supermarket bought compostable caddy liners. Please make sure they have the EN13432 certified seedling logo on them - see the dropdown box 'where can I buy compostable liners' for more information.

#### Where can I get a free kitchen caddy?

#### Where can I buy compostable liners and garden waste sacks?

#### Composting at home
