Private Sector Leasing Scheme

Last Modified May 14, 2019

[Share this page](#)

A scheme to assist home owners to maximise the use of their property without the need to deal with tenants or any of the legal issues.

The scheme operates in partnership with Genesis Housing Association where they deal with the day to day management and we place our tenants in the property. We complete regular inspections to make sure the property is being looked after. The usual time period is for five years, at the end of the five years you will be handed back the property in good condition.
