We are always busy making improvements to our parks and open spaces.

Park developments

We have installed the exciting Tropical Island Splash Park at King George Recreation Ground in Bushey, created the Town Centre Garden in Borehamwood, the Aberford Community Bowling Green in Borehamwood, relandscaped Mary Forsdyke Garden and Warren Lake in Bushey and carried out major improvements at Meadow Park in Borehamwood.

Meadow Park developments

Meadow Park now contains two fantastic and easily accessible play areas for users of all ages and abilities, including the 8m high Planet Meadow slide and trampoline mounds. Also in the park you will find the unique and innovative interactive play features where you can test out your dance moves on the Sona archway, practice your football skills on the Sutu sports wall, or your memory and reactions on the fun Memo. The improvements don't just stop there though - keep an eye out for more changes over the coming years!
