

# Tree advice

Last Modified June 21, 2021

[Share this page](#)

Our tree team deals with enquiries relating to [Tree Preservation Orders](#), [Trees in Conservation Areas](#) and [High Hedges](#).

Trees on the roadside, pavements and public footpaths are generally the responsibility of [Hertfordshire County Council Highways section](#).

Trees in parks and in other public spaces that are owned or managed by us are maintained by our [Parks and Leisure Department](#).

Please see the [tree contacts page](#) for contact details for the relevant departments.

## General tree advice

We do not provide general advice on tree management so you should consult an approved tree work contractor for professional advice. You might like to read the [Arboricultural Association's online tree care advice](#) as an introduction to tree management.
