

## About Parking enforcement

Last Modified May 03, 2022

[Share this page](#)

Wherever possible please use cashless provider [Paybyphone](#).

We are responsible for all parking restrictions across the borough and employ Civil Enforcement Officers to enforce the rules.

Our approach is to give **priority to the local parking needs of residents, shoppers and local business**, while recognising that parking must also be available for people working in our borough.

Our restrictions aim to:

- Reduce the amount of illegal and inconsiderate parking, to the benefit of other pedestrians and road users
- Improve road safety
- Improve the street environment
- Reduce congestion
- Ensures better availability and increase turnover of disabled and short-term parking spaces in town centres, allowing more people to park.

Where can you park? 

Penalty charge notices 

Motorcycles 

Video Badges 

10-Minute Grace Period
