

Democratic Services

Last Modified May 14, 2019

[Share this page](#)

Our Democratic Services Unit looks after all the procedures around ensuring the democratic process is administered correctly and within the law.

What we do:

- Give advice to councillors and officers about the formal decision-making process and the Overview and Scrutiny function.
- Service council meetings, producing agendas, minutes and archive records.
- Maintain and update our Constitution, supporting the interface between the various parts of the political structure.
- Support the Mayor and councillors, providing a PA service for Executive Members.
- Handle formal complaints.
- Provide information for members of the public about councillors and our meeting.

What does the law say?

The key laws governing the work are:

- The Local Government Act 1972, as amended by Access to Information Legislation 1985.
- The Local Government and Housing Act 1989.
- The Local Government Act 2000 and ensuing regulations.
