HERITAGE - STATEMENT OF MATTERS AGREED/NOT AGREED

1. The table on the following page summarises the assessments of heritage impact provided by the four main parties to this appeal. It is an up to date record of the positions following exchange of proofs, to allow the Inspector to quickly identify where the parties agree and do not agree.
2. For ease of reference, the thick black line indicates the five heritage assets cited in the Decision Notice which have been assessed by all parties.
3. There are three designated heritage assets at Hilfield Castle. The APC R6 party has indicated the degree of harm that would be caused to the group of three assets collectively, whereas other parties have indicated the degree of harm that would be caused to each of the three assets separately.
